

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

INTERFRATERNITY CONFERENCE

DISCUSSES AND ACTS ON VITAL FRATERNITY PROBLEMS

AT NEW YORK CITY, DECEMBER 1-2

THE FOURTEENTH ANNUAL INTERFRATERNITY CONFERENCE convened at the Hotel Pennsylvania, New York City, Friday, December 1, at 12 noon. Because of the hour selected for the opening, the conference was not called to order until 1:30 p. m. The afternoon was devoted chiefly to reading of reports and their discussion.

THE OPENING ADDRESS

Chairman Frederick H. Nymeyer, in his opening address, said he believed that hitherto the sessions of the Interfraternity Conference had been too much devoted to the collection and recording of statistics, and that the Interfraternity Conference should confer only in an advisory capacity. In accordance with this suggestion, no statistical reports were presented, and no material action was taken on any report beyond that of receiving and filing. None were adopted. Thus the first day of the conference became a conference, nothing more.

We agree heartily with Chairman Nymeyer's recommendation that Interfraternity councils in the several colleges should devote more attention to raising the standards of fraternity men, and that they should not be organized for, or address themselves merely to, the adjusting of differences between local chapters.

We can not agree with his recommendation that rushing rules be formulated and enforced by the colleges, not by fraternities. On the other hand, we feel that no rushing rules will be successfully enforced unless they emanate primarily from fraternities with the approval, if not the stimulating interest, of the colleges. The college

may establish rules, but if they fail of approval, the college students usually make it their first business to see whether or not they can be circumvented. Rushing rules which emanate from the fraternities and which have the approval of the college authorities will be enforced by the fraternities who sponsor them.

Chairman Nymeyer announced that, in his opinion, the two great problems confronting fraternities at the present time were poor scholarship and intemperance. He pointed out that these problems are not peculiar to fraternities. Scholarship quite as much concerns the college as the fraternity, and perhaps quite as much the nonfraternity men as the fraternity men. It behooves fraternity men, however, to maintain their scholarship at or above the average of the college, certainly above the present average of fraternities. The problem, therefore, is one of prime importance. Fraternities are necessarily a part of the educational system and must realize and assume their responsibilities.

Fraternities are not, of course, in any sense responsible for intemperance. Fraternities can not permit infractions against orderly conduct. Respect for college fraternity men and alumni must be maintained. Mr. Nymeyer called attention to the fact that it was often the returning young alumnus who by personal example made this problem difficult. Practically all the fraternities have house rules against the introduction of drink or gambling in fraternity houses and most fraternities live up to these rules. It does occasionally happen, however, that younger alumni bring liquor to the house, or come to the house in a state which is certainly not exemplary to the undergraduates. Feeling themselves neither under the control of the college nor of the active chapter, they take liberties which as undergraduates they would not dream of assuming. Fraternity authorities, both within the chapter and of the national fraternity, should take steps without any hesitation to properly discipline such offenders.

We feel sure that the sentiments expressed by Mr. Nymeyer will find hearty approval in the hearts of all fraternity men, undergraduate and alumnus.

FRATERNITY INSIGNIA PROTECTED

Wayne C. Musgrave, in reporting for the committee on extension, pointed out that his committee had drafted a bill designed to secure federal protection against the wrongful use of fraternity insignia, by legislation in both houses of Congress. This is certainly a much-needed piece of legislation, as the badges of many fraterni-

ties, including Kappa Sigma's, can not be copyrighted. It has been stated that the star and the crescent are not peculiar to Kappa Sigma, that they were used by organizations and groups of men ages before Kappa Sigma was thought of. Therefore Kappa Sigma has no right to take them and make them solely its own by copyright.

That, of course, is true. Nevertheless, we appreciate that a man of ordinary discretion should be able to tell the difference between a star, the new moon and the Kappa Sigma badge, and that when a Kappa Sigma badge is used as such it certainly should be the property of Kappa Sigmas only. If it takes new legislation to make it such, then let us have new legislation.

EXPANSION

The report of the committee on expansion was printed but not read. We rather regret this, because the following paragraph, taken from the printed report of the committee, seems of extreme importance:

"In this connection, the assistance and approval of a new national fraternity along sectarian lines was solicited. This matter was referred to the executive committee, however, and the following ruling was given: 'The Executive Committee believes that the committee on expansion should not favor fraternities founded upon denominational or racial lines. It believes that the ideals of American democracy call for a broader, more liberal, more manly and more permanent basis of association. The only exception the committee considers justifiable is the case where, because of long-standing alienation, the members of a particular class are in fact excluded from the general fraternities, and would, as a practical matter, be denied the advantages of fraternity life if not permitted to organize within their own group. But even here the number involved ought to be considered to justify the exception. Many such cases are taken care of through 'cosmopolitan clubs' and similar organizations. The question is one of degree and proper emphasis. Small distinctions and unimportant differences should be minimized and discouraged. The committee believes that the religious difference between a Catholic and a Protestant is neither in theory nor in practice such a difference as to take the case out of the general rule.'"

We are glad indeed to express our approval of such broad-minded interpretation of the relations between fraternities and the exclusion of racial and religious distinctions from among them. Fraternities, though frequently accused of being snobbish, are, as a matter of fact, extremely democratic organizations, and such they must remain.

HEALTH AND HYGIENE

Dr. Thomas W. Galloway, of the American Society of Hygiene Associations, presented a lengthy report of the committee on social hygiene, which had been printed in advance and distributed to the delegates. The committee announced that it had prepared a syllabus for the use of fraternity and college officers who expected to address undergraduates on these questions. It is presumed that the syllabus will be widely distributed among the officials likely to use it. Frequent reference was made to the excellent report of this same committee presented to the 1921 conference, and which was printed in *The Star and Crescent* of January, 1922.

ALUMNI RELATIONS

James A. Hawes, Delta Kappa Epsilon, presented a report on alumni relations, outlining in true Deke fashion the relationships existing from the beginning between the colleges and their alumni on one hand and between the fraternities and their alumni on the other. The latter was principally connected with a presentation of the method of D. K. E. for the collection of an alumni tax of \$5 per man for the benefit of the local chapters and of the general fraternity. For this purpose each chapter organizes its alumni chapter with its own alumni secretary. The fraternity assesses the per capita amount against each alumni chapter and bills its secretary. The secretary collects the funds and turns over the amounts to the various funds involved. These are three, for the maintenance of the alumni secretary's office, for the general fraternity and for the local chapter. The speaker announced that his fraternity was now attempting the collection of an endowment fund for the D. K. E. club. The club provides a large D. K. E. office in New York City. This serves as a club house for the fraternity men of that locality and as a national headquarters for the general fraternity.

At the two preceding Interfraternity Conferences there had been much comment on the methods used by Delta Upsilon to secure alumni taxation for the benefit of their magazine. By these methods each member of the fraternity is billed for an alumni tax amounting to \$3 per capita, half of which goes to the magazine sent to each paying member of the fraternity. Each such alumnus becomes an active member of his chapter during the period for which he is paid, just as if he was still in college. Each has the opportunity of commuting by a life membership of \$25. Mr. John Patterson, of Delta Upsilon, made the interesting statement that in the first year of this

system the number of alumni subscribers was more than trebled. This was a great surprise to the fraternity men. He added that each succeeding year had brought a list of members greater than in the preceding year. The method, therefore, continues to be considered a pronounced success by the officers of Delta Upsilon.

EXTENSION

The committee on extension dealt with fundamentals regarding anti-fraternity legislation. It reported for the three States, South Carolina, Mississippi and Arkansas. The chairman, Don R. Almy, in presenting the report, stated that the recent national election had produced marked changes in many things, amongst others, in the anti-fraternity situation of several localities. It was pointed out that while South Carolina had hitherto been governed by a man strongly anti-fraternity in tendency, there would now preside over that State a college fraternity man. Likewise, in the State of Mississippi it was said that the anti-fraternity Governor and his political machine had been found lacking in the confidence of the people. It is therefore to be hoped that the fraternity men of these States will take up the matter and attempt to have removed from the statutes any obnoxious legislation against fraternities. *J. S. Ferguson.*

SECRETARIES

DINE, TALK, LISTEN AND TAKE NOTES

On Friday evening, December 1, fraternity secretaries, traveling, executive, stationary and otherwise, dined at the Hotel Pennsylvania. Originally this organization had been composed of secretaries only, but it has gradually grown by the inclusion of fraternity officers and now, by invitation, the deans and administrative officers of many colleges. We surmise, therefore, that the secretaries' dinner is no longer merely a secretaries' dinner. It afforded an opportunity to the deans present to address a considerable group of active fraternity workers. That they intended to avail themselves fully of the opportunity was obvious.

THE ILLINOIS PLAN

Dean Thomas Arkle Clark told of the interesting experiment at the University of Illinois in the organization of the non-fraternity men into groups, each being known by the name of an Indian tribe. These groups participated in intramural athletics and college poli-

tics. Last spring there were 120 baseball teams on the university campus. The last basketball championship had been won by the "Apaches," one of the nonfraternity groups. Knowing, as we do, that it has always been the fraternity man who returns to college at homecomings, who contributes to the support of his college and who furnishes the alumni members of the boards of trustees and other officers of the college, we suspect that it will be a happy day for the University of Illinois which marks the successful organization of the nonfraternity men along similar social lines. THE CADUCEUS commends the practice to other colleges.

HOW THE DEANS CAN HELP

Dean A. K. Heckel, of Lafayette College, pointed out to the traveling secretaries that the college deans possess a great deal of information valuable to fraternities which they would gladly turn over to the secretary or D. G. M. if requested. It is a serious omission for a visiting officer of any fraternity, whether he be traveling secretary, District Grand Master, or other official, to fail to call on the dean in the larger universities and on the president in the smaller colleges. It is almost a necessity that the fraternity administration get in touch with the college administration if coöperation is to be had for the benefit of the local chapter and of the college and the fraternity. Dean Heckel told of a custom promoted by his college for its own benefit. A committee of alumni from each course is invited back on Founders' Day to visit the laboratories in which they are interested—the chemists going to the chemical department, the engineers to the engineering department and so on. Then a general forum is conducted by the college, at which the observations of these visitors are discussed and recommendations made. The dean proposed that it might be an excellent plan for deans of colleges who wish to promote those objects in which fraternities are interested, to stage similar visiting days. He suggested that there might be a committee from each fraternity and from each nonfraternity group who should visit their several fraternities and examine into those campus activities in which undergraduates should be interested, and then present their problems at a forum, to the end that fraternities might be improved and college spirit and loyalty advanced. We believe the plan of Dean Heckel might well be fostered, not only by deans of universities, but particularly by interfraternity councils wherever they exist. Such a plan, if successfully promoted, would secure the interest and coöperation of fraternity alumni, the advantage of ma-

ture advice on undergraduates' problems, and the improvement of relationships between the fraternities and the colleges.

VISITING THE OTHER FRATERNITY

Dean E. E. Nicholson, of the University of Minnesota, spoke of the good that had been accomplished in his institution by visits paid by traveling secretaries to the chapters of other fraternities on the campus. He recommended that traveling secretaries make it a point always to visit chapters other than their own.

Dean Nicholson also told of a custom newly inaugurated at Minnesota whereby the fraternities turn over their houses, at some time during the first week of college, for the general entertainment of the freshmen. In order that these affairs might not become mere rushing parties, it has been arranged that there should be present in the house only one senior of the fraternity owning the house, the entertainment of the freshmen being planned by a committee of prominent seniors and a group designated to serve as entertainers or hosts at each house that night. By combining these several groups the entire freshman class was entertained for one evening in subdivided sections in the various fraternities houses. The freshmen were thus made to feel themselves a part of the university and became acquainted with university men and customs. We recommend the idea to our chapters. Anything which will bring the general college community into the chapter house to participate in such of its benefits as can be extended to them, is to be commended. "Consider the poor, benighted freshman!" His situation is difficult at best. If the fraternities can do aught to render his path smoother, they should certainly embrace the opportunity with zeal and pleasure.

AN ARMY IN ITSELF

Professor Francis W. Shepardson emphasized the magnitude to which the fraternity system had grown in the United States. He pointed out that the property now owned by fraternities represented in the Interfraternity Conference must amount to no less a figure than \$20,000,000, that there are 400,000 fraternity men in the United States; and that such imposing strength should be so arrayed as to effectively advance fraternity ideals and prove to the world that fraternities stand for three important things, a finer college spirit, a stronger body of alumni loyal to Alma Mater, and a firmer, truer American manhood. Professor Shepardson pointed out that every college fraternity is doing something toward each of these ends; that college spirit on the campus of the American college is much better

for the ideals fostered by college fraternities; that fraternity alumni are the ones who answer when the college calls. He pointed out that at a recent homecoming at his own college 99 per cent of the alumni in attendance were fraternity men, gotten back largely through the efforts of the secretaries of the several fraternities represented on the campus, and that this method was now fostered by the college authorities. As a demonstration that college fraternities do represent the highest and best in American manhood, he pointed to the magnificent list of men who responded to the country's call in the world war—men who were the leaders of the army overseas.

J. S. Ferguson.

EXTRAVAGANCE

TALK OPENED LONG FINAL SESSION OF CONFERENCE

The topic "the movement for economy in education" proved to be a discussion of extravagance in fraternities, on Saturday morning, December 2. The discussion was started by Dean Heckel, of Lafayette, with the usual remarks on expensive house parties, etc.

A speaker introduced as Mr. Dyer, President of Acacia, whom we suspect may possibly have been Dean Dyer, of Kansas University, had recently visited the campus at Penn State. He related how a fraternity in that college had at one time paid as much as \$1,500 to secure an orchestra for a house party, when a small fraction of that amount would have furnished equally satisfactory music from near by. We can not but agree with the speaker that such an illustration is extravagance supreme.

Fraternity chapters often wish to curtail the expenses of house parties and other similar occasions, but, as pointed out by Dean T. A. Clark, their difficulty is the attitude of "the girls." It is always "what will the girl say" if she receives a more expensive favor or more expensive entertainment from some other fraternity?

It would seem that young men ought to have sufficient backbone to appreciate that the girl of their choice on whom they would wish to make a favorable impression should be impressed by economy quite as much, if not more than, by extravagance. There is no reason why a young man in a college fraternity should expend money out of proportion to that which he would spend in his own family or household, or that which his "girl" would expect him to spend anywhere else than at a college house party. Of course such a statement carries with it the opposite as an equal truth. No young man,

in or out of a college fraternity, should be expected to entertain his young lady friends on any more penurious basis than that which he would be expected to do in his own home. Let the home rule be the guide in the college fraternity and we feel that accusations of extravagance on the college campus, in or out of fraternities, will soon disappear.

Professor Francis W. Shepardson, Beta Theta Pi, echoed our own sentiments when he said that he was tired of hearing fraternities on the defense in these and similar matters. He pointed out that colleges in the vicinity of his residence were building stadiums at costs of one to two million dollars, that fraternity men were being urged by the college to subscribe to these and other expensive propositions, and that one college pointed with pride to subscriptions of \$600,000 by its undergraduates to its proposed stadium. Evidently extravagance is not confined to fraternities. The colleges often encourage it, according to Mr. Shepardson.

Colleges should hold their own atmosphere responsible for much of the extravagance which descends upon the college man today, both in and out of the fraternity. The atmosphere of economy which pertained in colleges in Mr. Shepardson's student days is no longer to be found. Colleges must therefore expect that fraternities will follow the same increasing trend of expenditures as do the colleges. We have no objection whatever to undergraduates or others supporting their Alma Mater to their utmost by providing money for stadiums, buildings, endowments or other financial undertakings of their university. We do believe, however, that everybody should sit up and take notice that this is the day of the automobile; the day of "shanks mare" is long past. In saying this we are not arguing for extravagance, but we are merely pointing out that economy in these days is on a different basis from economy fifty years ago.

Fraternity chapters should be economical in their expenditures today. There is no reason for excessive expenditures for music, entertainment and other frivolities of life. At the same time there is no reason why men should not live decently in their chapter houses, according to the custom of the age, with a shower-bath and a lounging room instead of a 7 x 8 and a hand bowl on Saturday night.

Dean Hammond, of Cornell University, pointed out that statistics covering the entire history of Cornell show that the average scholarship of fraternity men has been 73 per cent, and declared that this

average is higher than the average of all men in the university. He denied, therefore, that the scholarship of fraternity men in Cornell University could be considered lower than that of non-fraternity men.

Dean Hammond pointed out that the function of college was the training of young men in learning, in æsthetics and in health, and that the university undertakes all of these functions. There is at Cornell no inclination to shift the responsibility for any of these, scholarship or otherwise, on to the fraternities. The Dean pointed to the problem of the alumni and stated that all fraternity men, alumni as well as active, should feel responsible for the good scholarship of their chapter in college. All should be active workers for their fraternity and for their college. The distinction between members who are active and members who are inactive is, in his opinion, a much more important distinction than that between graduate and the undergraduate.

SCHOLARSHIP

The subject of scholarship was introduced by Jess T. Caldwell, Scholarship Commissioner of Kappa Sigma. Brother Caldwell presented an admirable paper in an attractive manner, pointing out the necessity for fraternities to pay careful attention to the scholarship of their chapters, and to study the same with a view to ascertaining where the fault lies and subsequently applying the remedy. He presented the form of report used in Kappa Sigma, which is now under consideration by the American Association of College Registrars with a view to its adoption as a standard form. Brother Caldwell's address is printed on another page. It was received most favorably.

COLLEGE AND FRATERNITY COÖPERATION

President Kenneth B. M. Sills, of Bowdoin College, pointed out the extremely amicable relations which exist between the college authorities and the fraternities in his institution. He asks the coöperation of alumni who return to college to assist their chapters in creating an atmosphere of interest in studies, in literary matters and in general educational work, by asking a few questions of their active members about these things, as well as the questions which alumni always do ask concerning athletics and other student activities. We sympathize heartily with the attitude of President Sills. There is nothing which makes for improvement in anything so much as the creation of an atmosphere of interest in it. If the alumni are always asking about the progress of the football team and its success, undergraduates are bound to talk about and think about football. The

result reacts favorably on the team. In the same way, if alumni will not fail to display an interest in the literary and educational activities of the students whom they visit in college, the interest stimulated in the minds of those students can not help but react favorably on the scholarship of the individual, of the chapter and of the college. Let us display an equal interest in John Jones, who has won his Phi Beta Kappa key; in James Smith, who has passed all of his subjects with a grade well above the average, and in Bill Jenks, who has about finished his fourth year in college without a failure, that we display in Tom Higgins, who is captain of the football team, or Bill Sykes, who has just made an intercollegiate record on the track. There is food for thought in this matter for traveling secretaries, District Grand Masters, and others who visit chapters. We believe there was no more important utterance in the whole conference than this matter presented by President Sills. It makes for the good of all concerned—the college, the undergraduate and the fraternity.

CONSIDER THE PROFESSOR!

Along the same line, Herbert W. Congdon, of Delta Upsilon, suggested that college professors should discuss more frequently with student groups the subjects which they are teaching. There was no reason why a professor visiting his college fraternity should interest himself in the football or the latest success of the glee club any more than in class-room work of his own subject. Mr. Congdon particularly stressed these remarks because he had noted the frequency with which students failed to appreciate the reason for so many men being “flunked out” in calculus and other mathematical courses. He thought that if the professors would devote a little time to discussing with student groups such as are found in fraternity chapter houses what they, the professors, are trying to “put over” in classes, the response of the students would be much encouraged. Students are too apt to get the opinion that any professor who “flunks” a lot of men is merely a bear to be fought and avoided, rather than a friend whose counsel is to be sought and followed.

PREPARATION FOR COLLEGE

Mr. Thompson, a New York high-school teacher, spoke of the deficiency in preparation for college which had been emphasized by Brother Caldwell in his paper on scholarship, and related that at a recent gathering of high-school principals it was announced that such a small proportion of their students were going to college that the

colleges were now glad to accept any preparation which the high schools might supply. We believe that there is a distinct attitude on the part of the lower schools to invade the province of the higher. Grammar schools are constantly endeavoring to include in their curricula subjects which properly belong in the high schools, and the high schools are introducing into their courses the work of the academies, the commercial schools, and even the early part of the college course. We are not ready to discuss the pros and cons of this problem, but we do believe that whatever the general curriculum of the high school, there should be adequate preparation of its students before they are admitted to college. The large proportion of failures in college in the first few weeks of the course is notorious. Colleges have endeavored by various forms of examination to eliminate the difficulty, without obvious success. The reports of scholarship in college show that the failures go on just the same. It is the pledges which bring down the average of fraternities.

THE LADIES, GOD BLESS THEM!

Dean J. A. Bursley, of the University of Michigan, pointed out that in his university the fraternity men have averaged above all men of the university in scholarship, but below the girls. We shall, of course, not attempt to explain, any more than Dean Bursley did, the reason why men students should be graded inferior to women, but recognize it as an almost universal fact. We suspect, however, that the grading methods have something to do with it. It is difficult to analyze in grades the devious processes of the human mind. To memorize, receive and attain a perfect grade, therefore, is quite a different proposition from the putting together of knowledge previously acquired to apply to a new idea or to a successful undertaking. The former can be readily graded, the latter can not. We suspect that the university professor, like other people, is apt to seek the path of least resistance.

ALUMNI SUCCESS

Dean T. A. Clark stated a very noteworthy fact—that his recent investigation of graduates fifteen to twenty years out of college showed these men are making good in their chosen professions to just about the same extent that they made good in the class room during college. The men who were doing well in college were doing well subsequently and vice versa. There can be no doubt but that the habits of industry, study and desire for education which the student acquires in college will remain with him in his future career

and determine to a great extent his ability to apply himself to the problems of life which come after commencement. *"The grade and breadth of your college work measures your success in after life."*

Dean Heckel, of Lafayette, related that in his college a minimum grade had been fixed which a fraternity must attain to be allowed to hold a dance or house party. We suggest that the chapters of Kappa Sigma and other fraternities might well adopt a similar scheme, establish a minimum standard, which their members must attain, to participate in such social occasions, and perhaps also a minimum standard which the chapter must attain before it can give time to social affairs. We believe this is now frequently applied to the individual; why not to the chapter? We are not inclined to curtail the social activities and the good times of college men, but we are inclined to let them feel that the serious things of life come first, that duty should not be interfered with for the sake of pleasure. Rather will they appreciate their pleasures more keenly when their duties have been well performed.

STANDARD SCHOLARSHIP BLANKS

The recommendation of Brother Caldwell that a uniform scholarship blank be adopted was referred to the executive committee of the Interfraternity Conference, with power. We look forward to the adoption of a form of report which will satisfy the registrars as well as the fraternities, and which will stimulate the accumulation of scholarship statistics by all of the fraternities in the manner used for some years past in Kappa Sigma.

THE FRATERNITY AND THE PARENT

Mr. Howard Bement, principal of the Hill School and author of "Old Man Dare's Talks to College Men," addressed the conference for nigh an hour on the relationship between the fraternity and the parent, pointing out questions which a fraternity might well ask the parent regarding the preparation of his son for college and for "mixing" with his fellow men; also the things which the parents might rightfully ask the fraternity, such as its reason for secrecy, its influence on the ideals and attainments of its members, its morality, its scholarship and the aims of its members in college and in after life. This was an extremely interesting address. Much of it was in the form of excerpts from the book recently published by Mr. Bement. Judging by the samples, the book should prove good reading for any college man.

FOUNDER'S ADDRESS

President Faunce, of Brown University, who was responsible for calling the first Interfraternity Conference in 1908, addressed the meeting, congratulating the conference on the results attained during its fourteen years of existence. The Providence president pointed out that two-fifths of the freshmen entering colleges are pledged to fraternities, and that a recent investigation showed that at Brown the men pledged by fraternities, after a six-week period of deferred pledging, had included 56 per cent taken from the lowest two-fifths of the class—as determined by psychological tests given on admission to college. Following their initiation, however, it was found that the freshmen initiated into fraternities showed scholarship superior to the non-fraternity men. President Faunce said that one might, therefore, argue that the fraternities take an unusually poor type of intellect and develop good scholars therefrom! We suggest that it is rather a condemnation of deferred pledging, in that after giving the freshmen six weeks to look over the fraternities and the fraternities six weeks to look over the men, as is done at Brown, the resultant selection should contain 56 per cent from the lowest two-fifths of the class and only 44 per cent from the upper three-fifths. We predicate that promiscuous pledging in the first week of college would have produced far better selections. The chances would then be at least 50-50 for the upper and lower halves of the class. •

T. N. E.

The “committee on organizations antagonistic to fraternity ideals” presented a report which considered only Theta Nu Epsilon. It was shown that the present council of Theta Nu Epsilon, its executive secretary and other officers are determined to reorganize that institution into a real college fraternity. While practically everybody present sympathized with the announced intentions of these officers, their experience with Theta Nu Epsilon in the past led them to hesitate to give any approval to the proposed change. It was distinctly pointed out that it was up to Theta Nu Epsilon to come to the conference with improvement accomplished, not mere promises, if it wishes recognition. Official encouragement of T. N. E. was therefore withheld.

THE WHITE BOOK

The matters of fraternity jewelry and the publication of the so-called “White Book” seemed to have produced antagonism in some corners of the executive committee. The fraternity jewelry ques-

tion, therefore, was referred back to the executive committee, with power, as was the publication of the "White Book," manuscript for which had been completed by Wayne N. Musgrave, treasurer of the conference. The book was referred to the executive committee, with power to publish after approval of the manuscript. Mr. Musgrave was thanked for his painstaking work.

A proposition to establish a central office for the Interfraternity Conference and to appropriate the sum of \$4,000 for the expenses thereof was rejected. One of the principal reasons for the suggested establishment was the disposal of the standard accounting system provided by the conference. The manner of its distribution was referred to the executive committee, with power. It was thought the establishment of a central office was an unnecessary expense.

ELECTION OF OFFICERS

The constitution having been amended by the conference to provide for the election of a vice-chairman yearly hereafter, the election occurred and the following officers were chosen: Chairman, John J. Kuhn, Delta Chi, who had served the conference as secretary for the preceding year; vice-chairman, Willis O. Robb, Beta Theta Pi; secretary, A. Bruce Bielaski, Delta Tau Delta; treasurer, Dr. Walter H. Conley, Phi Sigma Kappa. Executive committee, for the vacancy arising through the election of Dr. Conley as treasurer, class of 1923, Harold Riehlman, of Zeta Beta Tau. For the group whose term of office expires in 1924: Fred H. Nymeyer, Zeta Psi, the retiring chairman of the conference; Henry R. Johnston, of Delta Kappa Epsilon, and L. L. Moore, of Sigma Pi. *J. S. Ferguson.*

IMPRESSIONS

OF OUR WESTERN DELEGATE

BY THOMAS L. FEKETE, JR., D. G. M.

Prior to my attending the Interfraternity Conference I had no conception of its magnitude, its aims, its wonderful power to do good, or its steadfastness of purpose to reach its objective.

There were fifty-two general fraternities represented by properly accredited delegates. They represented 2,000 chapters, with a membership of 400,000 and a financial investment of more than \$20,000,000 in chapter house property and endowment funds, and, greatest of all, they represented the idea of making the college fraternity a power

for good not only in the institutions of learning, but, by the proper selection and training of its active members, to turn out alumni whose impress upon the world would reflect credit upon the fraternity and benefit humanity generally.

No longer prevails the old idea that the chapter is just an organization to provide a cheap and comfortable boarding and rooming house, where convivial spirits, whose taste and thirst ran in the same direction, might assemble. Now the general fraternity is assisting the teaching staff to develop a higher, better and more useful citizenship.

Notorious and deplorable is the fact that, of all the professions, the teachers receive less sympathy and coöperation than any other, although I believe their responsibilities are the greatest. Through the coöperation of the fraternities they will be able to develop a better manhood and leadership in the world than ever before.

I am more than proud of old Kappa Sig because she long ago sensed the importance of this idea and made it part of her general policy.

EAT

IS WHAT EDITORS DO NOTHING ELSE BUT

It was matter of sincere regret to everybody at the 1922 Interfraternity Conference that Frank Rogers, dean of fraternity editors, pilot of Delta Tau Delta, and boss of the editors' dinner from the beginning, was sick abed and could not get out for a single session, by day or by night. At the editors' feed it was Thomas A. Davis, also a veteran, editor of the Phi Delta Theta *Scroll*, who took the chair. At least forty genuine editors-in-chief were present, with half as many assistants and has-beens. Although the editors recognize no title of honor and bow to no authority save that of the postal laws and regulations, it was a graceful act of Davis to call first upon the newly-elected chairman of the Interfraternity Conference, Mr. John J. Kuhn, of Delta Chi. Kuhn put us all in a good humor. Then Peter Visscher, the Phi Gam newspaper man who has made the conference's publicity bulletin worth something, put us out again. "Your magazines are mostly pretty punk," said Visscher. "You need to pay more attention to good type and decent printing, and you need to print some real news." Brother Visscher didn't state what is to be regarded as the dead-line in news items for a quarterly publication which is dated September and gets to its sub-

scribers in November; but be it remembered to his credit that he did not even seem to suggest that his publicity committee knew everything and could do everything. His point of view was only that of an old maid in a nursery. It was not his fault that he did not realize how dear to its own family every periodical bantling may be.

Frederick W. Crossett, an old-time editor of the *Delta Upsilon Quarterly*, and one of the than-whomest among the old guard in his fraternity, was called upon by Chairman Davis, and began to erect a structure of sound suggestions on the ground which Visscher's frank remarks had cleared. "Remember that names are an essential part of a news story," said Crossett, "and tell what happened, if it is 'news' that you conceive yourself to be writing." Quite naturally Brer Crossett went on to argue that alumni personals ought to be arranged by chapters, as has been the practice in the *Delta U Quarterly* for a good while. The alumnus wants the news from his own chapter, you see; therefore arrange the material accordingly. Another suggestion was that if alumni personals do not come flocking in of their own accord, a blank with a few questions may be sent out and the returns turned into personal notes. The difficulty would be that such material would lack human interest.

Human interest was furnished by the man who was next called to his feet: the oldest grad at the conference, a member of the class of '64, General Thomas, of Zeta Psi, welcome for his personality and his wit at any and every session or in any group. He told us some things about New York which delighted New Yorkers and men from the back counties alike—very palpable hits. Wayne M. Musgrave, worker both in his own fraternity of Alpha Sigma Phi and in interfraternity conference tasks, spoke of some editorial troubles and problems. Then Chairman Davis started something again by calling Dr. Francis W. Shepardson, secretary and editor of Beta Theta Pi, scholar and historian of national reputation, by his nickname and asking him why he does not print in his magazine any news about the other fraternities. Dr. Shepardson's answer was adroit and complete. It amounted to this: "(1) I do; (2) if I do not, it is because, being myself a historian, I am concerned more with the historic and permanent aspect of events; (3) in a few years we shall have every living Beta on the roll of life subscribers, and then my successor, whom I shall have trained aright, can print what he pleases and they will have to read it or go without." Every editor

present agreed in thought with Dr. Shepardson to this extent at least, that the editor's own ideal of a fraternity magazine must be his model.

Then Editor Cheney, of Phi Kappa Psi, answered the question, Why write editorials? His answer was, "Don't—unless you are sure you have something to say on some subject of importance." Believing that Brother Cheney would have something to say if the subject came along, readers of his magazine must conclude that he doesn't often recognize anything worth writing about in the affairs of Phi Psi: the *Shield* being another magazine which saves space and a deal of trouble by omitting mention of other fraternities than its own. Cheney would say that an editor who believes himself under the necessity of spinning out a definite or indefinite number of pages of editorial for each issue, who tries to make the leader turn over to the second or to the third page, is wasting time and exerting himself in a needless, perhaps a futile, way.

Scott, of Alpha Tau Omega; Steffan, of Delta Chi, and some others, then matched stories for a while; the editor of THE CADUCEUS modestly offering an unpublished gem from a recent communication. A representative of unchartered freedom then got the floor, through some combination of circumstances, and announced the doctrine that editorials ought to be written and printed in order that the editor might have the pleasure of seeing his own stuff in print; and that the appearance and even the nature of the contents of a particular fraternity magazine matter less than some would suggest, since no one except an editor is interested at all in the magazines of fraternities other than his own, while into the pages of his own every one will read—no matter what he finds printed there—whatever his fraternity has meant to himself. Other speakers brought forward the revolutionary notion that the old-time chapter letter has seen its days of usefulness and ought to be scrapped. Then Frank Prentice Rand, editor of the *Signet* of Phi Sigma Kappa, added heresy to our wildest heresies by declaring that as for himself and his, he had done away with the chapter letter, dropped the alumni personal, and was going to dispense with a subscription list and send the magazine free to every brother who cared enough about it to ask for it. We are still wondering whose leg was pulled, and beginning to suspect that it was not Rand's. Is it possible that all we really need in a fraternity magazine is copious extracts from Elbert Hubbard's famous Essay on Silence?

So when the party broke up, it was only to resolve itself into smaller groups and carry on for another hour the discussion of the fraternity editor's job—one which, whether performed with abundant leisure or in haste and under pressure, rewards the doer with many a pleasant association, and, not least, with the privilege of attending the editors' dinner.

F. K. Farr.

THE SCHOLARSHIP OF FRATERNITY MEN

ADDRESS BY JESS T. CALDWELL

SCHOLARSHIP COMMISSIONER OF KAPPA SIGMA

AT THE INTERFRATERNITY CONFERENCE

The Traveling Secretaries of the Interfraternity Conference, at their meeting on November 25, 1921, urged all fraternities to devote greater attention and care to the improvement of fraternity scholarship.

It was clearly indicated in Dr. J. S. Ferguson's report in 1920 on "Collection of Scholarship Data" that very few fraternities were collecting other than general data. While fraternity scholarship data has been collected for the last ten or twelve years, it has only been within the last few years that real, tangible data has been collected. This, when properly analyzed, is useful toward improving fraternity scholarship.

Although we are not so much interested in how many men attain a super-excellent grade in every subject, the fraternity that fails to retain its members in college or to graduate its men fails in its purpose.

Good scholarship should be the result of fraternity effort rather than the basis for the existence of the fraternity. The use of fraternity endowment funds for deserving students by some fraternities is evidence of the attitude of fraternities toward scholarship.

Fraternities are being charged with encouraging their members to pick easy courses, according to a recent article in *School and Society*. While this may be true in a few cases, it can not be generally true when one considers the thousands of fraternity men who must follow a prescribed curriculum to receive their degree in the various branches of engineering, law, medicine and other professional courses.

"The election of 'easy courses' may be caused by the selection of courses from unsound principles of choice due to *detailed* reporting

of grades, which has an injurious effect upon the attitude of the student," as pointed out by Professor Ernest H. Wilkins.* He further points out that official insistence on grades tends to make the student think more of the measurements than of the thing measured.

While the college is primarily responsible for scholarship, we are led to believe that this responsibility has been shifted by some colleges to the fraternities.

No definite results can be accomplished until we obtain sufficient information of the proper kind to direct our efforts most efficiently by striking at the cause of poor scholarship.

The interfraternity councils, alumnus advisers and district or province officers of fraternities can only be used to good advantage in directing our work after the data is received and carefully analyzed. Conditions differ at each institution, thus requiring an individual analysis of the records for each chapter.

The withholding of initiation privileges from unsatisfactory pledges will

(A) Offer an incentive to pledges to improve their scholarship in order to secure initiation. While this method now prevails in certain institutions, its use should be widely extended.

(B) It will also place the blame directly on the shoulders of the colleges themselves, where it rightfully belongs. In some cases colleges admit poorly prepared students, special students, and students with entrance conditions. The certificate form of admission is responsible for the admission of many poor students. Placing the blame where it rightfully belongs will tend to make the colleges "jack" up the preparatory schools, particularly in the matter of issuing unsatisfactory certificates for admission to college.

To overcome the objections raised by college officials and to reduce their work in submitting data, a standardized form should be adopted or approved by the Interfraternity Conference.

The simplification of the form will lead more fraternities to study the scholarship of their men. Thus colleges now paying little

* Chairman committee on "Methods of increasing the intellectual interest and raising the intellectual standards of undergraduates," American Association of University Professors.

attention to the matter will be stimulated to give the scholarship of their students further study and attention.

By the use of a standard form it should be possible for an officer of each fraternity to have scholastic data on every member in each of his chapters not later than two months after the close of the semester or year. This will enable him not only to summarize and analyze the data, but place the summary with comments in the hands of the chapter officer before college opens in the fall.

During my three years as Scholarship Commissioner for the Kappa Sigma Fraternity, I have had occasion to correspond with some eight or ten fraternities which have adopted a form identical with, or closely resembling, the form submitted to this conference by Dr. J. S. Ferguson in 1920. This form is now before the committee on forms of the American Association of Collegiate Registrars for approval.

I strongly urge the Interfraternity Conference at this time to endorse a uniform scholarship blank, notifying the Association of Collegiate Registrars of such endorsement and submitting a copy of the form to the association and to each member of this conference.

I wish to submit for your consideration the form which is up for consideration by the Registrars' Association. This calls for the names listed alphabetically by class, considering pledges and special students as separate classes and a report for each student of:

1. Total number of *subjects* registered.
2. Number of *subjects* passed.
3. Number of men (by class) dropped because of poor scholarship.

The report also includes space for the name of the fraternity, name of the school, the term or semester covered by the report, and the name and title of the reporting officer. On the reverse side are printed letters of instruction for filling in the data, addressed to the chapter officer who fills in the names of the men and to the college officer to whom the blank is submitted for scholarship data before being returned to the authorized officer in the fraternity.

The use of such a form has not only reduced my work as Scholarship Commissioner for my own fraternity, but has given me sufficient information to direct my efforts in the channels where improvement should be and can be made. It has also "speeded up" the receipt of reports from the colleges. Within twelve weeks after the close of the last school year (1921-22) I had received complete

reports for the year from forty-eight of our ninety-two chapters. Of the 211 reports required for the year, 162 had been received. Only three chapters had failed to make even a partial report.

These reports clearly show that, in general, the pledges, freshmen and sophomores are responsible for poor fraternity scholarship. The record improves the longer the men remain in school. This is due primarily to the "weeding out" process.

Since the scholarship of pledges and freshmen is low, an educational campaign is necessary to instill in the minds of fraternity men the fact that they should give more consideration to the scholastic attainment of their prospective pledges. However, this is a problem for the individual fraternity rather than for the Interfraternity Conference.

Another report generally used by college officials in discussing fraternity scholarship is the report showing the comparative standing of each fraternity, the average of all fraternities, the average of non-fraternity men, all men, etc. At the present time, in many schools, the professional fraternities, sororities, locals, etc., are all on the same basis in these reports. A reclassification into their proper groups should be made by the colleges.

I strongly urge the co-operation of the Interfraternity Conference in conjunction with the American Association of Collegiate Registrars in standardizing a comparative chart or table. I believe there are many fraternity representatives who would gladly co-operate to further the standardization of these forms. The report gotten out by Iowa State College and the charts of the University of Michigan and University of Illinois are worthy of consideration.

I am of the opinion that if a man, when he is pledged, be advised that he must pass 100 per cent. of his work or have a passing grade in all subjects for a definite length of time before he can be initiated, a considerable part of the scholarship trouble will be solved. The proper use of the "big brother" system should also be of material assistance.

The attitude of the registrar who is satisfied if only one-third of the men pass 100 per cent. of their work is not conducive to good scholarship.

The lack of uniformity in methods of grading by the various colleges is not conducive to a comparison of fraternity records at different colleges or universities. Thus individual marks are of no real value to scholarship officers of the fraternity.

Let us not forget that in a number of schools today the fraternity men lead in scholarship, as they do in campus activities. While the fraternities, through interfraternity council action, should determine the proper time to initiate pledges, in some schools today it is necessary to initiate the pledges within a few weeks after matriculation. Thus the fraternity must initiate men before they have demonstrated their ability to remain in college.

In other universities an active chapter of the fraternity is required to maintain a specified grade of scholarship before it is permitted to initiate its pledges. If such a rule is necessary, which is questionable, the chapter averages should not necessarily be higher than the average for all men. The principal reason of college officials who advocate this is that a man's scholarship tends to fall off after his initiation into the fraternity. Out of thirty-nine chapters in my fraternity thus far reporting both pledge and freshmen records for 1921-22, twenty-one chapters show the record of freshmen after initiation to be higher than previous to initiation, and eighteen chapters lower after initiation. Only twelve chapters show a considerable falling off, and in the case of these twelve the falling off is due to one or two men and not to the majority.

While there are many other phases of scholarship of fraternity men, I wish at this time to call your attention primarily to the necessity of:

1. A standardized form for reporting scholarship by each individual fraternity chapter.
2. A standardized report or chart comparing the college averages of each fraternity, all general or social fraternities, professional fraternities, sororities, house clubs, locals, honor fraternities, all men and non-fraternity men, properly grouped and rated with the university average of all students.
3. A further investigation into the subject by a committee during the coming year.

Dean Clark, of the University of Illinois, was a pioneer in the field of comparative charts, and he was followed soon after by Dean Hall, of the University of Michigan. Registrar Sage, of Iowa State, is also conversant with this subject. These men, as well as others, should be of value in preparing forms or charts.

COLORADO

CHAPTER NOW IN NEW HOME ALL ITS OWN

Gamma-Tau Chapter at the University of Colorado, Boulder, Colo., moved into a new house at the beginning of the present college term, a house which the chapter has bought and can therefore call its own. This house was especially constructed as a fraternity home. The building of it cost the chapter \$21,500.

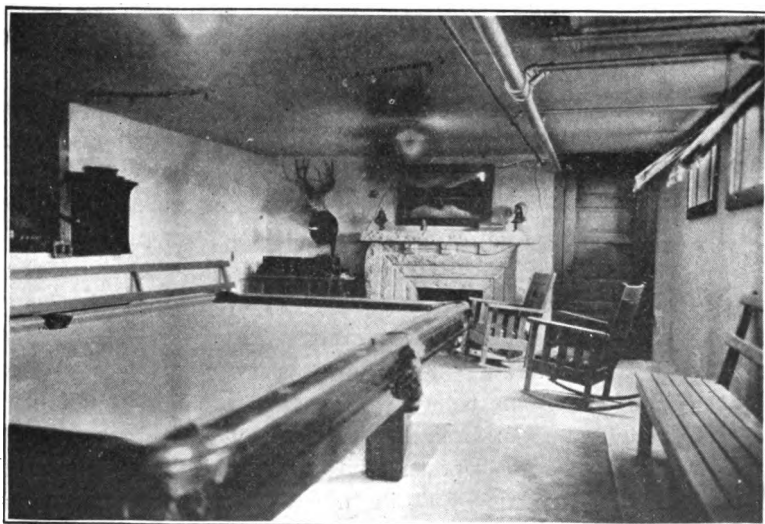

The Boulder Kappa Sigma Building Association holds title to the property. Brother W. C. Sterne handled the financial end of

VIEW FROM ELEVENTH AND EUCLID
ROCKY MOUNTAINS IN BACKGROUND

the transaction and Brother W. R. Eaton the legal end. The active chapter and the alumni subscribed \$3,500. A first mortgage by the American Life Insurance Company amounts to \$12,000. The remaining \$6,000 was raised on second mortgage by six Denver men, some of whom are Kappa Sigmas, the others being interested in this particular chapter on account of their sons being members there. The chapter acknowledges the help afforded by the alumni of other chapters in the district, especially those of Beta-Omicron.

A good view of the new house is furnished in the frontispiece of this issue of THE CADUCEUS, and other views are presented herewith.

BULL

DURHAM AND MASTODONS HOBBIES OF NEW D. G. M.

BY J. N. WARE.

A little boy once asked his mother the leading question, "Mother, just what is a naughty biography?" "Why, that is the life of Oscar Wilde," she answered.

This, then, is the naughty biography of W. D. Funkhouser, the new District Grand Master of District VIII., who has been appointed to succeed J. N. Ware, who had to resign owing to pressure of business. Brother Funkhouser, as the following sketch will show, has so little to do that he feels he can safely undertake this new dignity.

Brother Funkhouser, to get the purely biographical items out of the way, is 41 years old, slightly—so he says—bald on top (where else would it count, anyhow?), rapidly getting skinny, smokes anything that will burn, but has leanings toward Bull Durham; is married, but can't say it with children; has an old-fashioned Kentucky home with hollyhocks in the back yard, knows nothing about golf and is presumably the happier for it.

He is the head of the Department of Bugology at the University of Kentucky, where he is also chairman of the Athletic Council and of the university extension committee. At any time, in season or out, he is ready—nay willing—to drop everything to hunt a snake, easy to find in moonshine Kentucky, or to dig into Indian mounds.

He graduated from Indianapolis High in 1898, took his A.B. at Wabash, where he became a Kappa Sigma off the bat, his M.A. at Cornell in '05 and his Ph.D. in '12. He studied in Europe and hunted bugs and snakes in Africa in the infrequent intervals between the sampling of native drinks. He tutored in Kappa Sigma under Davy Hoy at Cornell and (so he says) under J. N. Ware in District VIII. After which, he feels able to endure the slings and arrows of any outrageous fortune that threatens.

As alibis to Friend Wife for staying out late o' nights he offers

the following imposing list: Rotarian; vice-president, Kentucky chapter of Sigma Xi; president, Kentucky Research Club; member, American Association for Advancement of Science; the Entomological Association (whatever they are) of New York, Brooklyn and (to cover sufficient territory) of America; Kentucky Academy of Science; Kentucky Educational Association, and God knows what else, all words of "four or more" syllables.

He has published, in the course of a stormy and somewhat nefarious life, more than one hundred, count them, articles in the general field of Bugology, mostly on what seems to be the Member Cider family, having ample clinical facilities in the state of apple and corn products, of beautiful horses and fast women.

He boasts, and has the right to, of having in his personal library bound volumes of every CADUCEUS and *Star and Crescent* that has appeared since his year one, annales Cossæ. He has some peculiar ambitions. Among them is an overweening desire to find a mastodon rib with an arrow head sticking in it. Any Kappa Sigma who has one that has been resting in innocuous desuetude in the backyard can get a big reward by satisfying this ambition. Another ambition is to be able to be big enough to fill Ware's shoes. The writer, who has been engaged more than forty years in this task and so ought to know whereof he speaks, has only this to say by way of comment: If Funk can get his big toe into foresaid shoes he won't be a minute in acquiring one of the most conspicuous bunions in the history of shoes and bunions.

Such is the man who will lead District VIII. If too much has been said, his address is Lexington, Ky., and bills for extra space should be sent to him.

The writer may be permitted just a word on his own hook. He knows Brother Funkhouser and held his breath till he got the welcome news that he had consented to accept the duties he has had to lay down. If there is a better man to fill the office of District Grand Master, in the whole world of Bologna, than this same Bill Funkhouser, he would be pleased to make his acquaintance. Vale.

TOM LODGE

ALREADY A FIGURE IN WASHINGTON OFFICIALDOM

The administration at Washington made a decided hit with Kappa Sigmas when Thomas Ellis Lodge, of Dover, Del., was appointed special assistant United States district attorney by United States District Attorney Major Peyton Gordon. Lodge is now one of the many Kappa Sigma brothers holding high public office.

Tom Lodge became Brother Lodge, of Alpha-Beta (George Washington University) some three years ago, and his rapid rise along life's difficult path-way since that time has not in the least dimmed his Kappa Sigma ardor. Even now he lives with his chapter mates at 1758 N street, N. W. His new job is in the office of the man who has charge of the prosecution of liquor cases in the police court at Washington.

Brother Lodge is a graduate of the High School of Dover, Del., was president of the athletic association, the literary society and the debating team—besides acting as assistant business manager, business manager and editor-in-chief of *The Lotus*, the high school annual. His activities in George Washington University may be measured by the following from the George Washington University *Cherry Tree* for 1922: "Mr. Lodge is a member of the Pyramid Honor Society, Columbian Debating Society, advertising manager the *University Hatchet*, member of freshman prom committee, business manager the *Cherry Tree*, student council, junior reception committee, chairman finance committee of May Carnival."

For the past year Brother Lodge has been Kappa Sigma's delegate at the Interfraternity Association meetings at the college, and it was due almost wholly to his efforts that the present rules governing interfraternity athletics were adopted. Brother Lodge has been in Washington for the past three years. During that time he has been connected with the office of Senator Ball. He is a vice-president of the Delaware State Society, graduate from the law school of George Washington in the class of 1922, and was recently admitted to practice in the Supreme Court of the District of Columbia.

TEACHER ALUMNI AND THE FRATERNITY'S ALUMNI IN GENERAL

BY MELLINGER E. HENRY.

The alumni of a fraternity should be its most valuable asset. The Kappa Sigma teachers are proving themselves an asset beyond estimation. I am glad for this opportunity to attest to the help and service of the many teachers who have lent their aid to the Rushing Commissioner. Few can realize the interest of teachers in the youth who have come under their tutelage. Far greater and more genuine response has come from teachers in secondary schools than any one could possibly have dared to hope for. The co-operation of alumni in the matter of rushing has been a great satisfaction, and leads to the following thoughts on the possibilities in all Kappa Sigma alumni.

The alumni of any chapter should be its most valuable asset. Many chapters are now making an effort to keep in closer touch not only with those who have passed out as graduates, but with all who at any time have been connected with their chapters. They are stressing the loyalty that belongs from themselves to the alumni. Accurate records of all are sought. Data on the careers of the older alumni are kept on file. Memorabilia of all are requested.

All this becomes reciprocal with the alumni. Greater loyalty is developed among them for the mother chapter. Co-operation is shown in furnishing records and in various other relations with the chapter. There is an awakening on the part of the alumni to the various activities of the chapter. They come to realize in time that the chapter needs them and that they need the chapter. They feel anew that the chapter is still theirs, and always will be theirs.

Such renewal of interest in a fraternity chapter has often led to a man's renewed interest and enthusiasm for his college, which had lagged with the passage of years. A new outlook may thus come to a man and result in greater activity for his Alma Mater in his latter years.

One of the most effective sources of aid in fostering this mutual

interest is the annual letter sent to the alumni by some chapters. I have seen a number of excellent alumni letters. Although sometimes unacquainted with the brothers about whom I was reading, the human touch nevertheless was there and quickened the Kappa Sigma spirit. Certainly no better means can be used to rejuvenate alumni than a peppy, newsy letter from the chapter to the alumni, filled with *bon mots* from the old boys.

These letters usually contain a brief statement of the chapter events of the year, the college activities, facts about scholarship and college honors and athletic interests that concern chapter members. There are sometimes short biographical notes with photographs of the graduating brothers. Sometimes also there are letters by alumni on vital subjects; but, best of all, usually, are the brief messages from a number of the alumni. Nothing quickens the old boy like the intimate word from the other old boy. It makes Kappa Sigma hearts beat faster. Some of the best letters I have seen are those sent out by the Brown chapter during the last few years. They just hit the spot. Doubtless they have had more to do in the matter of re-awakening a new interest in the chapter than anything else, for these letters are exceptionally well prepared and must have required a lot of painstaking effort. They are a credit to the chapter and should be encouraged. Certainly they have warmed all alumni to a new feeling of loyalty and enthusiasm. Probably no chapter has a more complete and up-to-date address file than the Brown chapter. It does not purpose to allow its alumni to sink into oblivion. I have received and read also especially good letters from chapters at the University of the South (Omega), Rutgers College (Gamma-Upsilon), Ohio State University (Alpha-Sigma), and Washington and Jefferson (Beta-Delta). I am sure that there are others of equal merit.

As I said before, the alumni of any chapter should be its most valuable asset. The alumni should be kept informed of things of vital interest to the chapter. This attitude should inspire devoted loyalty from the old boys. They, on the other hand, can be of inestimable service in the progress and general welfare of the chapter. They can raise the dignity of the chapter and foster its traditions, which inspire reverence and pass into a kind of sacred history. This history in time becomes the cherishing spirit of the chapter.

SYNCHRONOUS SYMPOSIUM ORDERED BY ALUMNI BOSS

Alumni Secretary Fred J. Perry sent out a gem of an appeal for the proper observance of Founders' Day by the alumni chapter. For the sake of those who are not members in such groups, and have not therefore read it, we reprint part herewith:

"Are you making preparations for the customary annual celebration on Founders' Day? This year it falls on Sunday, but many chapters will celebrate Saturday night, December 9. It therefore behooves all alumni chapter G. S.'s, G. M.'s and all others in authority to get out their notices calling upon the faithful to suitably solemnize Founders' Day with a bang-up banquet at the best eating emporium in the town. None of your six-bit meals that cost the diner a dollar fifty, but the real thing that will pull the shut-ins out of their shells. Get the best speaker in your bailiwick. Work up a program that will keep the alumni talking about it long after the moderate assessment has been forgotten.

"The following program will probably be followed by many chapters in a nation-wide synchronous symposium of Kappa Sigma songs, speeches, sagacity and Eats:

P. M.

- 7:01. Gong sounds. All shake hands.
- 7:03. G. M. leads way to banquet room.
- 7:04. All seated at tables.
- 7:04½. Trick waiters in soup and fish promptly serve soup and fish.
- 7:05. Toast: To the Founders of Kappa Sigma.
- 7:17. Hymn: 'Hail, Hail, the Gang's All Here.'
- 7:18. Business of absorbing olives, almonds.
- 7:40. Trick waiters serve the pièce de resistance.
- 7:42. A diner: 'Whazzit we're eating? I don't get it.'
- 7:42¾. His neighbor, tasting: 'Da Phino!'
- 7:45. Chapter story-teller called upon for favorite story.
- 7:50. Releases new one. (Banqueters and head waiters laugh.)
- 7:55. Diner to neighbor, 'I got it now. It's capon.'
- 7:57. His neighbor, 'Thasso? I thought it was chicken!'
- 8:00. Chapter business. Annual elections.
- 8:05. Vote to defray expenses of alumni chapter delegate to Atlanta Conclave.
- 8:06. Chapter as a whole votes to subscribe to CADUCEUS at \$1.00 per capita for all dues-paying members.
- 8:06¼. Chapter G. T. collects the dues which includes THE CADUCEUS subscription.
- 8:10. Address by speaker of evening.
- 8:55. Anthem: 'How dryeye yam.'
- 9:00. Postlude: 'Kappa Sigma, Hail to Thee.'

"Brothers: The Atlanta Conclave is less than a year off and plans should now be made for you to be represented with an accredited delegate. Elect

your man, assess yourselves for his expenses there, pay your annual Grand dues to the W. G. T., subscribe as a unit to THE CADUCEUS, and function as a real, live alumni chapter of Kappa Sigma. Your Grand dues may be any sum you can afford to pay the general fraternity from \$1 to \$25. Every real alumni chapter is interested in the Endowment Fund. Is yours?"

DETROIT

STARTS RUSHING INFO. SERVICE AND WEEKLY LUNCHES

Entering upon the second year of its existence, the Detroit alumni chapter of Kappa Sigma finds itself grown into a unified group of thirty-five enthusiastic brothers. The determination, devotion and labor of Bob Diserens was almost alone responsible for our birth and development. We were fortunate in being able to secure as our G. M. for 1923 a man just as determined to develop our alumni chapter, just as devoted to Kappa Sigma, and just as willing and anxious to work for our success.

The new officers: G. L. Earle, G. M.; T. B. Moore, G. P.; A. B. Chapman, G. T.; F. E. Walker, G. S.; P. B. Schnur and Harold Votey, guards. A membership committee, J. R. Decker, Arch McM. Creed and Harold Votey, and a program committee, B. S. Page, L. T. Turner and E. H. Clark, will assist our G. M. in maintaining our growth and progress and in planning social events for the coming year.

We have decided to inaugurate an information service for the use of all active chapters of Kappa Sigma. It is our desire to be able to offer each chapter information concerning any Detroit boy that they may be rushing, and also to recommend to the active chapters some of the excellent fraternity material that leaves Detroit every fall to enter the various schools with no chance of receiving an early invitation to a Kappa Sigma house. Arch Creed has been appointed a committee of one to organize such a bureau.

We celebrated Founders' Day with a banquet, which was a great success, due to the efforts of Tom Moore and the membership committee. In the absence of Bob Diserens, Blinn Page was toastmaster. We were favored with a speech by our brother who is pastor of the Central Christian Church of Detroit, Rev. Edgar DeWitt Jones. Harold Votey told us of Bologna, the trials of seeing Europe by bicycle and the thrills of a second-class plate washer and stowaway. Jack Linehan suggested an organization to finance some boy in some school every year. Following the ban-

quet, we all adjourned to the home of Rocky Decker, where we were delightfully entertained.

The Detroit alumni chapter will have luncheon every Friday at the Board of Commerce. Evening meetings will be held through the winter at various homes and clubs. *F. E. Walker.*

DENVER

FOUNDERS' DAY CELEBRATION A GREAT FEST

Our November meeting at the Adams was well attended, and Brother Edwin H. Hoover (Colorado Springs) furnished the feature of the evening by reading us one of his Western stories which recently appeared in *Adventure*. The Founders' Day committee reported on the plans for celebrating the first meeting of the Five Friends and Brothers. The parties being held at the various brothers' houses, immediately after the dinners, are proving more popular each month. We are inclined to believe that they will soon bring Charlie Morris, Rollie Bradford and a few more of the older boys out when the men learn that "tickets" are being played.

The largest gathering of Kappa Sigmas ever held in the Rocky Mountain region, with the exception of a National Conclave, was the Founders' Day banquet held December 9 at the Metropole Hotel, where 102 loyal brothers were assembled to pay tribute to our noble founders. The committee in charge had spared no effort to make the affair a success, and to these men we pass the credit, Hoover, E. Scott, Phillips, Webster, Casey, Fetzer and our Grand Master, Heffner. From the time they tapped you for your money (it being a pay-as-you-enter dinner) to the singing of "Hail, Kappa Sigma," nothing less than good food, superb entertainment and excellent speeches made up the snappiest program ever. Wide publicity had been given the affair, and there were actives present in large numbers from Mines, Colorado University and Denver University.

The old steadfast Kappa Sig, Charles Morris, presided as toastmaster, and he introduced the speakers in proper style. Professor William D. Copeland (Beta-Omega) told us about the "Loyalty of Fraternity Men To Their Colleges." Franklin Gibbs (Beta-Omicron) gave us a short reading, which was followed by a concise discourse by William Haldane on "The Relation of the College Authorities To Fraternities." Brother Haldane, through his connection with the School of Mines as president, was in a position to handle this topic with the utmost ease. Rudy Gagg (Gamma-Tau)

eulogized the alumni more or less for establishing Kappa Sigma at the University of Colorado and in helping establish that chapter in its new home. His talk showed considerable preparation and much ability as a speaker. District Grand Master Bradford talked on the "Endowment Fund of Kappa Sigma," and proved to the alumni that much had to be done by us. William McGill (Gamma-Gamma) read a very able paper on "Duties of a Kappa Sigma." Frank Fetzner helped to keep the meeting at the proper pitch, although we had to have the entertainers sing in order to stop his speech.

We hope to have a treat in store for the brothers in Denver during January, when we hope to set our regular meeting ahead in order to have several members of the Supreme Executive Committee meet with us one night. We are insisting that Beverly W. Howe, of Chicago, stop off on his return trip from the coast to give us a talk, and we hope to have Brothers Hedge and Ferguson with us also.

Gerald L. Schlessman.

PEORIA

NEWS NOTES OF ILLINOIS ALUMNI BRETHERN

Congratulations are now in order for our old friend Chet Fischer. He decided that he didn't have enough to do with his other activities, so he has announced that he will take unto himself a wife, Miss Grace Nelson, of this city.

H. E. Todd has just returned from Springfield, where he has been serving on the committee that has drafted the proposed new constitution for the State. He is again practicing law in Peoria.

Fred Miller is still selling lumber, Harry Coffman is with the Hart Grain Weigher Company of this city, and Irv. Fuller is assistant State's attorney and is practicing law on the side.

Glen Hildebrandt is selling bonds for Walter G. Causey Company. Herb. Brannon took unto himself a wife and has decided that he must still practice law to keep the home fires burning.

About the brothers of the chapter: Paul Smith, now a proud papa, is farming near town, while his brother, Dud., who has recently gotten caught in the matrimonial net, is going to dental school in Chicago. Lyle Gift is trying to solve the mysteries of the air in the radio business, while his brother, Myrven, is taking in the small change for Kresge's 5 and 10 cent store here.

George Whitmore is keeping the cars of the Illinois Traction system going, while R. D. Hart is helping the Light Company supply the city with gas.

Charles Sherman is helping keep the price of coal in the sky, and "Tail" Butler, sales manager of the Diamond Electric Supply Company, promises a great increase in the use of electrical appliances. Leslie Jamison is helping the younger generation to a better education at Manual Training High School.

SYRACUSE

INTENDS TO "STEP OUT" THIS WINTER

On November 25 the Syracuse alumni chapter "came to" with a start, and indications are that within the next few months it will be hard to find any alumni chapter with as much pep, enthusiasm and smoothness of operation as we will possess. (We'll break our arms patting ourselves on the back.) But it's the truth. Out of a known alumni list of fifty-three men, we had sixteen at the first luncheon and it looks like twenty-five for the second.

At the first luncheon the W. K. "Doc" Gillette was elected grand master; "Charlie" De Long, the demon insurance agent, G. M. C.; Stuart Smith, De Long's biggest competitor, G. T.; "Myke" Baxter, the handsome New Yorker, G. S.

The fellows are on their toes and coöperation of all kinds will be available whenever needed.

Our first step was to appoint three men to attend Gamma-Iota Chapter meetings during the month of December. These three will be replaced by three others in January, and so on. Of course other alumni are expected to attend meetings whenever possible, so the active chapter men will soon realize that the alumni are behind them.

After the next meeting we will be better organized and more news will be forthcoming. Fact is, we're going to "hog" all the space possible in *THE CADUCEUS*. Any brother who visits Syracuse should immediately call Baxter or De Long and announce his arrival. If the visiting brother is old, "Charlie" De Long will help him shoot billiards, and if he's young, Baxter and Smith will loan him their telephone lists. What more can we offer?

Alden B. Baxter.

MILWAUKEE

CLAN GATHERS FOR BUSINESS OF BOWLING

We inaugurated our bowling tournament on November 3. The brothers met for bowling only, there being no dinner arranged for at the club. Those who started the balls a-rolling were Bates, J. H. Doggett, Ford, McBride, McCoy, Nicolai, Pearce, H. G. Schmidt, A. C. Schmidt, Slocum, Steinman, Weschler, Wheeler, Yewdale and Louis Best.

LITTLE ROCK

HOPES TO REORGANIZE WITH YOUNG ALUMNI

Before the war our chapter was quite active, but since then we have not done much. Some time in 1919 we were reorganized and Clifton Chisum, Jr., was elected secretary, John Sherill being reelected as G. M.

Although we have a large number of Kappa Sigs in and around this city, the chapter has done but little work. It seems the older members are too busy to keep up the work and the younger ones have not taken it up. Since taking up my official duties as city attorney, to which office I was elected last year, I

have been unable to give the time to the work that I have been accustomed to, and the rest of the brothers have been as busy. However, we hope to get some of the younger members lined up in the near future, reorganize our chapter and make it active once more. Inasmuch as we have not been together since our State reunion in 1921 there are no activities to write about.

A. B. Cyfert.

MORGANTOWN

KAPPA SIGMA BADGES FOR PREP AND PLEDGE

The alumni chapter at Morgantown has been rather inactive during the past year, but promises to be more active in the future.

At a recent meeting dates were set for future gatherings, and plans are under way which will link the active and alumni chapters more closely together.

An award of a Kappa Sigma badge has been made by the alumni chapter to the best prep for the school year 1921-22, and a badge is being given to the pledge doing the best all-around work during the present year.

The alumni chapter will take part in the Founders' Day exercises at the chapter house December 12, and hopes to bring up matters at that time for the benefit of both the present chapter and the alumni. *West Hardy.*

ALUMNI NOTES

PERSONALS FROM MORGANTOWN, W. VA.—Cokeley, Boyd, Thompson and Glen Hall are county agricultural agents in Monongalia, Wood, Wetzel and Harrison counties, respectively. . . . Hays, Dadisman, Kessel and Miller are members of the faculty at West Virginia University. . . . Jarvis, Roby and Wilson are practicing law at Morgantown. . . . George Tavenner has opened public accounting offices at Morgantown. . . . Preston Burton and Pat Garrett are in their senior year at Jefferson Medical College, Philadelphia. . . . Joe Carder is completing his medical course at Richmond, Va. . . . Vernon Compton is principal of the high school at Berkeley Springs, W. Va. . . . Bill Price is located at Morgantown as consulting engineer for the Riverseam Coal Company. . . . Charles Minor is state manager for one of the large insurance companies, with headquarters at Fairmont. . . . John Price is a boy scout executive in New York City. . . . Don Conaway is on the engineering staff of one of the Pittsburgh gas companies. . . . Brooks Cottle continues his position as city editor of the *Morgantown Post*. . . . Bill Snedeker is enrolled as a business student at Harvard. . . . Pap Mauzy has taken a position as assistant to the president of Potomac State College, at Keyser. . . . Christopher and Hardy are in the coal business at Morgantown. . . . Brad Noyes is completing his work for a master's degree at Cornell. . . . Bill Gray is in the coal business at Mount Hope. . . . John Orth continues to render service to the active chapter as manager of the Swiss Cleaners and Dyers.

Rollo C. Walker (Sewanee '11) has had to interrupt his course at the medical school of the University of Cincinnati and is spending some time at Saranac, N. Y.

Weddings.—Henry Myers Hale (California) and Miss Ethel Cecelia Lee in Piedmont, Cal.; at home, Los Angeles, Cal. . . . Arthur Bergin Dunne (California) and Miss Elizabeth McArthur, of Stanford, Cal., in Stanford chapel; at Harvard Law School. . . . John R. Moore (Colorado) and Miss Tekla Bender, of Denver, Col.; at home, Glendale, Cal., after November 1. . . . Carl Katzenbach (Wyoming) and Miss Avis Caughlin at Powell, Wyo., on September 6. . . . T. J. Wallace (Arizona) and Miss Angie Phillips. . . . F. P. White (Missouri Mines '20) and Miss Mary Mable Barnes on September 12. . . . Doc Price (Wisconsin) and Miss Helen Haberman, of Madison, Wis., on September 17, 1921. . . . William Hoppe Hulton (Lehigh '20) and Miss Marguerite Elizabeth Speck at Bethlehem, Pa., on October 11; at home, Indianapolis, after November 15. . . . Frederick Dittmar Lehn (N. Y. U.) and Miss Dorothy A. Wilson, at 47 South Burnett street, East Orange, N. J., on October 14. . . . L. Rosendale Marsh (Denison) and Miss Gertrude Gibbons, of Cleveland Heights, at Church of the Covenant, Cleveland, O., on October 7; attended by Donald McK. Ladd (Denison); W. J. Hemer, O. C. Keenan, William H. Morarity and Bruce M. Richardson (all Case Tech), ushers. . . . Armand Leigh Murdock (New Hampshire '15) and Miss Carolyn Lamb Neal, of Syracuse, at Syracuse; at home, Syracuse, N. Y.

William A. Brewer (California '20) was recently called to Cincinnati to figure in a conference of the business managers of the thirty-one newspapers of the Scripps League. Brother Brewer runs the *Sacramento Star*. The former editor of THE CADUCEUS got back from New York in time to meet Brother Brewer and offer him the freedom of the city. "I am dissatisfied with the fogs of the Ohio valley," the visitor said. "They lack the rich quality and firm consistency of those that mitigate the glories of sun and sky around the Bay." "Bill" went on to New York for three especial purposes, all pious and worthy: (1) to meet Katahdin Hank, otherwise known as Mellinger E. Henry; (2) to interview Christopher Morley, and (3) to pay a visit to the house and home built nearly 300 years ago in a Connecticut town by the first of the Brewer line in this country—a house which has been occupied by members of the Brewer family continuously from that day to this. Brother Farr writes: "Bill read me some of his poetry, but not enough; he shakes a mean quill either in lyric or in narrative verse."

A Worthy Promotion.—The General Electric Company announces that J. T. Caldwell (Michigan '13), District Grand Master of District IX and Scholarship Commissioner for Kappa Sigma, has been promoted to the position of manager of the miniature lamp department, Buckeye electric division of the National Lamp Works, located at Cleveland, O. Brother Caldwell assumed his new position on October 15. We congratulate him on a deserved promotion, and the General Electric Company on the acquirement of his services in a position of increased responsibility. The experience of Kappa Sigma is that Brother Caldwell is eminently reliable and we have no doubt as to his future performances with the General Electric Company. Incidentally, Brother Caldwell now lives at 2076 East Eighty-eighth street, Cleveland.

A NEW KAPPA SIG SENATOR.—From the *New York Herald*: Earle B. Mayfield (Southwestern '00), who succeeds Charles A. Culberson as one of the Democratic Senators from Texas, has been in politics for sixteen years. He is now forty-one years old. When twenty-five years old he was elected to the State Senate. He served two terms in that body and then was elected a member of the State Railroad Commission, which office he has held for ten years.

Mr. Mayfield is of pleasing personality, both in appearance and in social attributes. He is a native of Overland, Tex., his father being a wealthy merchant of that place. The Senator-elect attended Southwestern University, a Methodist institution at Georgetown, Tex., for four years, completing the law course there. He was admitted to the bar when twenty-one and began the practice of law at Meridian, Tex. It was while attending college that Mr. Mayfield met and was married to Miss Ora Lumpkin, daughter of Judge and Mrs. H. S. Lumpkin, of Meridian. Of this union three children, all boys and two of them twins, were born.

Mrs. Mayfield is very popular in club and social circles of Austin. She is also active in church circles. Both she and Mr. Mayfield have been members of the Methodist Church for thirty years. Mr. Mayfield is one of the stewards in the Austin church, to which he belongs.

Mr. Mayfield has never given indications of radicalisms of any kind. He is friendly to union labor. He has been aligned with the prohibitionists ever since that issue has been involved in party politics. He is one of the authors of the bill that prohibited race-track gambling in Texas; also of the bill that prohibited the operation of bucket shops in that State. He has no hobby.

Items from the Beta-Epsilon (Wisconsin) Monthly Bulletin.—Fritz Breidster, captain of the West Point football team, writes us that he can not be with us home-coming, because Army is playing Notre Dame on that date. Fritz wants us to hold them. We will, Fritz, and we are all hoping your team will beat Navy this year. . . . Otto Ritzenthaler has been promoted to a more responsible position in the Wells-Dickey Company. He is now working in their St. Paul office. . . . Brother R. D. Wolcott has just returned from a business trip to China. . . . Bill Hawley is teaching and coaching at River Falls, Wis., High School again this year. . . . Brother Ralph Scott, former all-American tackle, is playing pro football with the Chicago Bears, who won the national professional championship last year under the name of the Chicago Staleys

From the Glory Bee of Beta-Xi Chapter.—Charley Detoys has left the National City Company for Pasadena (258 North Los Robles avenue), covering also Monrovia, Alhambra and "a city territory" for the bond department of the California Bank. . . . Dr. Jawn Loutzenheiser is house physician at St. Luke's Hospital, San Francisco. . . . Newt Van Why is an attorney-at-law in the Auditorium Building, Los Angeles. . . . Bill Brewer has joined a number of erstwhile brewers at Sacramento. He uses the letter-head of the Sacramento *Star*, showing that he also works at night. . . . Perc. McCormack, in a rosy and shining state of well-rounded good fortune, made a meteoric trip south as far as Guadalupe with Mrs. McCormack. By the

way, he indulged in a few carloads of dry-goods orders at a "Buyers' Week." . . . Can Neusbaum sends his \$100 in a Standard Oil envelope, with a promise that he and Tom Chamberlain will come west together during the year. The only condition is that one of them make a cold million in the meantime. With that 400 per cent. dividend, what's to prevent? . . . Paul McCoy is now insurance man for the Sperry Flour Company at San Francisco. . . . Phil. Conley has left the Fresno District Attorney's office (since his chief was not reelected), and has entered the private practice of law in the partnership in which his father is a member. We look to see Phil. the Peter F. Dunne of the San Joaquin in another ten years. . . . Unk Shaw is a newspaper proprietor at Hollister and was recently an unsuccessful candidate for sheriff. If we were asked, we should declare that Unk would better be sheriff than editor. . . . Raglan Tuttle is a candidate for the Superior bench in Placer County.

S. H. Goodnight (Wisconsin), Dean of the University of Wisconsin, did good work, as secretary, in making up the report on the fourth annual conference of deans and advisers of men, held at the University of Kentucky April 20-23. Brother Goodnight, in his report, had a few kind words to say for fraternity publications in general, as follows: "*Banta's Greek Exchange, School and Society*, and the monthlies published by the various national fraternity organizations were mentioned. Several of the fraternities send their publications to all deans and advisers of men of whom they have knowledge at institutions where these fraternities have chapters. This courtesy is greatly appreciated, and it was moved and carried that the secretary be instructed to forward to the various fraternity magazines a list of the deans and advisers of men in this conference, with the suggestion that the latter would be glad to be kept in touch with all the national fraternities represented at their several schools by receiving their publications regularly."

SPENT NO MONEY, PROMISED NOTHING.—Representative William J. Graham (Alpha-Gamma '93), Republican, of Illinois, did not spend any money in his campaign for reelection, and he so stated in a report filed with the clerk of the House. But he added this, said to be different from anything ever put in an expense report heretofore:

"Owing to the fact that the Senators from my State have absorbed all the Federal patronage, and owing to the further lamentable fact that the durn fool asserted civil service order of the President has prevented me from naming postmasters while it makes me responsible for these appointments, I have thought it the better part of discretion to promise nobody anything, and hence I am as virtuous as a new-born babe as far as promises are concerned. I have made none.—*Los Angeles Times*.

Seth B. Thompson (Stanford), Alumnus Adviser and G. M. of the San Francisco Alumni Chapter, has been elected president of the Northern California Life Underwriters' Association. "Seth B." is a graduate of the Carnegie Institute of Technology course of life insurance salesmanship, given in San Francisco last year by members of the faculty of Carnegie Tech. Since that time Brother Thompson has been in demand as a speaker before insurance conventions.

Samuel Bell Thomas (Southwestern) ran on the Single Tax Party's ticket for Justice of the Supreme Court for the first judicial district of New York in the November election. Ran—that's all. But that unexpected bloc of votes was from the New York Alumni Chapter members, Republicans, Democrats, Socialists and even Prohibitionists.

Arthur Fromel (N. Y. U. '21) is located at the National Carbon Company's Jersey City plant as chemist in the "works control laboratory." His business address is 580 Henderson street, Jersey City, N. J.; and his home, 293 Jefferson street, Paterson, N. J.

George E. Allen (Theta) is assistant to the proprietor of the West Baden Springs Hotel, West Baden, Ind. Beta Theta Pi held its annual convention at West Baden in September and their magazine pays this compliment to Brother Allen: "The management was alert and attentive. The entente between Kappa Sigma and Beta Theta Pi was made more cordial by the many courtesies of Mr. Allen, assistant to Mr. Rexford, proprietor. Mr. Allen is a Cumberland alumnus."

About Dartmouth Brothers.—H. A. Dkyeman '11 is living at 9528 South Hamilton avenue, Beverly Hills, Chicago. His business address is 234 South Franklin street. . . . H. H. Brooks '12 is with the Ransome Concrete Machinery Company, 150 Nassau street, New York City. . . . J. S. Newton '12 lives at 134 West Thirteenth street, New York. His place of business is at 156 Flfth avenue.

"*Believe Me, Xantippe's*" author, Fred Ballard (Nebraska), and his family spent the summer at Sandwich Center, Squalm Lake, N. H. Brother Ballard also wrote "Young America," a play that had a good run. His latest product has been sold and will appear on the boards ere long. Brother Ballard is secretary of the MacDowell colony at Peterboro, N. H.

Emmet W. White (Maryland '07), who was formerly stationed in China as director of the insular and foreign division of the American Red Cross, may now be addressed at 207 Calle Mendoza, Manila, P. I. Brother White is engaged on his own account in the export of various Philippine products, especially hemp hats. There are a number of Kappa Sigs in Manila.

A portrait of the late Justice William R. Allen (Trinity '77-'78) was presented by members of his family to the Supreme Court in Raleigh, N. C., this fall. William R. Allen (North Carolina '17), his son, and Major Matt H. Allen (Randolph-Macon ex-'04), a nephew, attended the presentation ceremonies.

General Le Roy V. Patch (Nebraska) has the largest pack of Russian wolfhounds in the Northwest. A full biography and page portrait of General Patch appears in a Lewis Publishing Company history of Idaho.

The Rev. Walter Shoemaker Pond (Chicago), former Dean of the Cathedral of Sts. Peter and Paul, Chicago, is now superintendent of Episcopal city missions in Chicago.

James F. Bogardus (Swarthmore) is assistant in the department of economics this year at Swarthmore. He came from the same department at the University of Cincinnati.

HANK THE HIKER'S PACEMAKER.—A former Atlantan, Mrs. Mellinger E. Henry, of Jersey City, who was Miss Florence Stokes, of Atlanta, figures interestingly in the records of mountain climbing during the vacation months in New England.

Mrs. Henry was of a prominent family in Atlanta, a sister of Major Charles A. Stokes, United States Army, now of the Philippine Islands, who was for a number of years prominently identified with the national guard troops in Georgia. Her husband is a prominent educator in New York, vice-president of the Association of Teachers of English, and a noted book collector. She has taken up Mr. Henry's hobby of mountain climbing, in which he is famous as far as California [N. B.—Bad Bill.—Ed.], and has become an expert hiker. Rutland, Vt., papers carry eventful stories of a recent trip they made into the heart of the Green Mountains.

JUST CAN'T KEEP HIS FEET STILL.—Sergeant Lex Kluttz (Davidson, '15) has been on the move again. This summer he made a tour of the Mediterranean, saw the Passion Play, visited Bologna and then went back to his work of teaching in the American University of Beirut, Syria. Brother Kluttz was with the Army of Occupation in Coblenz. Two years ago he took a furlough and saw France, Switzerland, and Italy, visiting Bologna for the first time. He was home in the summer of 1920 for the tryouts of the Army of Occupation Olympic Team. Shortly afterward he started his three-year term as teacher.

John Junior Howe is quoted at length in the *Louisville Post* of November 1 on the evils of the pardon system in force in the State of Kentucky. Brother Howe, commonwealth's attorney of the fifteenth judicial district of Kentucky, is decidedly in favor of restricting the Governor's powers in granting pardons to prisoners and wants to have the commonwealth's attorneys consulted before any pardon is granted.

Mellinger E. Henry, our Rushing Commissioner, gave two addresses at the meeting of the English teachers at the New Jersey State High School Conference at Rutgers College, New Brunswick, on October 27-28. The subjects were, "The English Classic and the Modern Book" and "Hobbies." Hank is writing a publicity story a day for the fiftieth anniversary celebration of the William L. Dickinson High School at Jersey City.

Gerald L. Schlessman (Colorado College) who for the past four years has been connected with Armour & Company in the livestock buying end, and more recently as head hog buyer, resigned November 11 to enter the bond-buying department of Benwell, Phillips & Company, investment bankers, 212 Colorado National Bank Building. Claire Phillips (Colorado College) is one of the partners in the above concern.

Harry R. Carson (Sewanee '93) has just been elected missionary Bishop of Haiti. Brother Carson is one of two Omega brothers in the House of Bishops, the other being Bill Green of Mississippi. Brother Green, who visited Omega Chapter recently, is disgruntled because he has been deprived of the distinction of being the only Kappa Sig in the House of Bishops.

Capt. Ed. T. Bowden, U. S. A. (Sewanee '12) has accepted the position of commandant at the Georgia Military Academy.

James Miller Coleman (North Carolina '17) was married to Miss Florine Rowland on September 7, at Central Methodist Church, Asheville, N. C. Brother Rowland was once football captain and star pitcher for North Carolina and is now connected with the real estate firm of William A. Coleman at Asheville and is director of athletics at Bingham School.

Sherman D. Archbold (Harvard) was married on June 6 to Miss Isabel Hearst, of Toronto, Canada. They are now living at 77 Twenty-eighth street, Jackson Heights, Elmhurst, L. I., N. Y. We congratulate Brother Archbold and welcome him and Mrs. Archbold to the New York alumni chapter and to the circle of wives attached thereto.

Henry Knox Elder (Minnesota '13) and Miss Margaret M. Gould, of Los Angeles, were wed at the home of the bride's mother, 226 South Wilton place, Los Angeles, on November 17. Brother Elder used to star on the diamond and gridiron at Minnesota and later practiced law in Minneapolis.

David Hoy (Cornell '22) has been granted a four-months' leave by The Dunbar-Sullivan Dredging Company of Detroit, Mich. He will be engaged in inspecting certain features of the manufacture of chilled steel car wheels, and at present is at the Griffen Works in Chicago.

Sigma, Phi, Zeta and other Kappa Sigma chapters, as well as many alumni, will be interested to hear of the arrival on July 14, at Boston, Mass., of Robert E. Craig, Jr.; weight 9 pounds, hale, hearty and loud. R. E. Craig (Southwestern Presbyterian University) is the proud father.

Mr. and Mrs. S. W. Fisher (Ohio State) of New Martinsville, W. Va., are the parents of a baby girl, born November 15. Brother Fisher is sales manager of the Paden City Glass Manufacturing Company, Paden City, West Virginia.

Otis E. Taylor (Nebraska '15) expects to leave this month for a year's tour through Ceylon, India, Burma, Straits Settlements, Siam, French Indo-China, Philippine Islands, China, Manchuria, Korea, Japan and Hawaii.

Joseph M. Eldridge (Iowa State '15) died December 4, 1918, at Madison, Wis., where he was in training in the chemical warfare division. His name should appear upon the service roll of the Fraternity.

Donald Latham Pettis (Nebraska) has announced his engagement to Miss Eleanor Carpenter, of Omaha, Neb. His brother, Edward Pettis, is of Johns Hopkins Chapter.

Wallace R. Pierson (Mass. Agri.) of Cromwell, Connecticut, has been elected to the State Senate. Connecticut expects some real legislation this year.

Mr. and Mrs. Harold T. Murray (George Washington) announce the birth, on October 2, of a son, Harold Taggart, Jr.

Hamilton Wilkins, Jr. (Georgia Tech. '99-'00), representing C. R. Allen, now makes his home in Charleston, N. C.

J. Milton Copeland, Jr. (Colorado College) has a young pledge at his home named Donald Kidder.

Leon Palmer (Sewanee '07) announces the arrival of a daughter at his home.

THE ATLANTA CONCLAVE, WHEN SHALL IT BE?

AT a recent meeting of the New York Alumni Chapter a vote was taken on the time when the Conclave of 1923 should be held at Atlanta. It was found that those present were strongly in favor of the last week in June or first week in July. There was little or no sentiment for the last of July nor for a later date.

It has been argued against the early summer conclave that the enthusiasm acquired fades in the hearts of the active members before they return to their chapters. To some extent that is probably true. There are, however, other arguments. For example, many active members work during the summer and are disinclined to break into the middle of their summer jobs in order to attend a conclave.

We have heard alumni declare that late June or early July is too early for them to get a vacation sufficient to permit them to attend a conclave. We suppose there are always two sides to the question, and we leave the argument here.

The Supreme Executive Committee, at its meeting in January, must fix the date for the Conclave of 1923. No doubt the members would be assisted in reaching a decision satisfactory to the greatest number if all those alumni and active chapters interested in the selection of the date would communicate with the committee at Los Angeles, informing the members of their desire and the reason for it.

Whatever the exact date finally selected, it certainly should be the one which will procure the largest attendance, both of active and alumni representatives. At the present time, when the fraternity is stressing the activity of its alumni chapters, it is more than ever desirable that the alumni chapters should be well represented by delegates. Inasmuch as the expenses of the delegates from the active chapters are already provided for, their attendance should be insured. Such is not the case with the alumni chapters. Possibly the fraternity should take some action to provide for the expenses of a delegate from each alumni chapter to its Biennial Grand Conclave, as has been done in the case of the active chapters.

STRADA SAN DONATO

MORE RHODES SCHOLARS

As we go to press we learn of John A. Wilson ('Brown '23), Robert Emmet Burk (Cornell '22) and Raymond Harvey Jack (Pennsylvania '22) having been chosen as Rhodes Scholars. Ray Jack makes the third brother from Alpha-Epsilon chapter to receive the honor in the last four years.

MEMORIAL TABLET TO BE UNVEILED AT DISTRICT IV CONCLAVE IN FEBRUARY

The District Conclave of District IV. will take place at Charlottesville, Va., in February. The leading event of the conclave will be the unveiling of the memorial tablet to the Kappa Sigmas who died and served in the world war. This tablet will be placed in the Zeta chapter house at the University of Virginia.

A MESSAGE FROM THE SCHOLARSHIP COMMISSIONER

TO EVERY D. G. M. AND A. A.

You have already received the 1921-22 scholarship summary of the chapter or chapters under your supervision, where complete reports for the year have been received. Two chapters, Virginia and Mercer, have failed to make any report.

Almost without exception, further effort should be and must now be excited on the part of you who are in direct touch with the chapters, if our 1922-23 record is to show further improvement. Now is the time to act—before it is too late.

Poor scholarship usually is a barometer of poor finances and poor everything else.

The 1922-23 reports will show the results of our endeavor.

Jess T. Caldwell.

NEW BOOKS BY KAPPA SIGMAS

We are chuckling to hear that one of the most eminent London publishers has remarked that John Crowe Ransom (Vanderbilt) interests him more than any American poet. We cry banzai to this sentiment, for John's work

has always tickled us for a certain honest and grotesque simplicity and terse subtlety. His little book, "Poems About God" (published by Holt in 1919), was an excellent thing not very keenly understood by the cheerful critickers. One well-known critic described it as "crabbed doggerel, monstrously uninspired." Very likely you would think so, too; but it isn't. It is one of the American First Editions that we prize.—Kenelm Digby in *New York Evening Post*, Literary Review.

AN UNAUTHORIZED FRATERNITY HANDBOOK.—"An Interfraternity Publishing Company of Minneapolis, Minn., has sent out circulars to the effect that it is preparing a book containing detailed statistics of the comparative activities and statistics of the comparative activities and standings of each chapter of every national fraternity and sorority. The work is to be a manual of statistics and many chapters have been asked to fill out and return a lengthy questionnaire. The executive committee is investigating this proposed manual and advises chapters to withhold information concerning their activities until a full report on the worthiness of the project can be published."—*Interfraternity Conference Bulletin*.

SILENCE, BROTHER DOLLIVER WILL RISE TO EXPLAIN.—(From the *New York Times*, via *Chicago Tribune*.)—"PINS—Fraternity, two chained together, set with opals, Delta-Gamma, anchor, Kappa Sigma, crescent and star, probably Cunard Docks. Dolliver, 915 Second avenue south, Fort Dodge, Iowa; reward." How sweet! But which one threw it off the dock?

SENIORS WHIP SOPHS WHO LICKED FRESHIES.—(From the *New York World*.)—Mercer University sophomores found guilty of hazing by the university president were soundly thrashed by seniors last night, and today the university authorities said they believed that hazing was a closed incident at Mercer. The sophomores, among other things, spanked their new schoolmates, and the president of the university gave them the alternative of similar treatment or expulsion. The sophomores said they would take a whipping. Seniors were provided with straps and the punishment was given under school supervision. [Oh, mamma!]

George Halsay Hunt (Beta-Alpha '24) was one of the two scholastic leaders of the junior class at Brown University on the basis of the first two years of work. He and one other were the only men in a class of 256 to receive preliminary highest honors.

Frank Woy has been pledged by the Wisconsin Chapter. It is the first instance in which the Wisconsin Chapter has pledged the son of one of its alumni, the father of Pledge Woy being Brother Frank C. Woy, Beta-Epsilon

'99, lecturer in the college of engineering at the University of Wisconsin. Congratulations to Beta-Epsilon on the receipt of its first legacy are in order.

MIGHT HAVE WON THE PENNANT WITH HIM.—Johnny Stuart, Ohio State pitcher and star of other sports in the Big Ten, reported to the St. Louis Cardinals before the baseball season ended. He is a right-hander, and over six feet tall.

EVEN A TYPEWRITER can produce a funny one once in a while. Here's a line that appeared in a recent chapter letter: "Since examinations will interfere with the annual Founder's Day celebration we have decided not to have them this year."

H. H. Bryan, Grand Scribe of Alpha-Sigma, Ohio State, writes that he has located all the minutes of his chapter from the date of its installation on March 22, 1895.

GLADDENS THE HEART OF HERBERT MARTIN.—Kappa Sigma is first in the scholarship standing at Randolph-Macon College for the first half of the fall quarter.

GEORGIA CO-EDS CONTROL POLITICS AT UNIVERSITY.—So says the Women's Federation News. We wonder what the men have to say about it.

The Supreme Governing Council of Achoth announces the change of name "Achoth" to "Phi Omega Pi" fraternity.

Kappa Alpha Theta Fraternity has established Beta-Mu Chapter at the University of Nevada, Reno, Nevada.

James A. Dale, Alpha-Pi '25, has left college and is located at 88 Brooksville avenue, Indianapolis, Ind.

DISTRICT I

Psi — University of Maine.

Pledged: Paul Atwood '25, Wallace Elliott '25, Richard Nelson '25.

Left the active chapter: George Booker, 20 Benton avenue, Waterville, Maine.

With the college year well started, Psi is again one of the leaders in student activities. Gruhn and Jordan played on the 'varsity football squad all season. Gruhn made his letter and a reputation for himself as a fullback, helping the University of Maine win the State football series.

Randelette, manager of basketball, has arranged a basketball trip during the Christmas vacation, which will take the team out into Pennsylvania and Ohio, thus broadening the field of our athletic contests more than ever before. Leighton and Fayle, who played on the 'varsity squad last season, stand a good chance of making their letters this year. The pledges have been doing things as well. Pledge Sylvester has been running with the 'varsity cross-country squad all season and made the freshman team, which was sent to the national freshmen cross-country run in New York. Pledges Knowles and Johnson have been working out for assistant managers, in football and basketball respectively. Pledge Frye is trying for the basketball squad.

The freshmen won the annual sophomore-freshman football game, 13-0. Pledge Carroll, ineligible for the 'varsity, played a whale of a game at end for the freshmen, while Fitzhenry played a good game for the sophomores. A report of the scholastic standing of the fraternities here at Maine, for the spring semester, 1922, shows Psi in fourth place among fourteen fraternities. This is an improvement over the previous term. Psi had her first informal house party on November 11. An order of fourteen dances helped make it a good time.

Stanley B. Hyde.

ALPHA-LAMBDA — University of Vermont.

Pledged: William Adamson, Henry H. Gray, Chester B. Russell, Arthur S. Taylor, John K. Ryan, Robert E. Barbour, George A. Mason, all '26; James E. Kendrick, William B. Gannon, Edward Owen, all '25.

We have Kendrick, substitute quarterback on the 'varsity eleven, and Cota, Robbins and Buttles on the football squad. Janes and Taylor played on their respective class teams. Vermont has had a successful season, having won six of nine games played.

We have adopted the idea of a house-mother at Alpha-Lambda, and the plan has proven satisfactory. Many improvements have been made under her direction.

The annual formal dance was held at the house on Friday, November 24, and the usual good time was enjoyed.

W. J. Butler.

ALPHA-RHO — Bowdoin College.

Initiated: Frank Ebby MacDonald '23 A.B., South Windham, Me.; Gilbert Charles Greenberg '25 A.B., Gary, Ind.; Alfred Carleton Andrews, A.B., Auburn, Me.; Burton Woodman Blackwell, A.B., Auburn, Me.; Charles Arthur Bradley, A.B., Newark, N. J.; Edmund Joseph Fanning, B.S., Gloucester, Mass.; Paul Porter Harriman, A.B., Union, Me.; Lester Davies Hayes, A.B., Auburn, Me.; Charles Hazelwood Keegan, A.B., Lewiston, Me.; Elliott Harmon Pennell, B.S., Brunswick, Me.; Everett Seymour Pennell, B.S., Brunswick, Me.; Earl Merrill Plummer, A.B., South Portland, Me.; George Stanley

Robinson, A.B., Lewiston, Me.; Jasper Ellis Starrett, A.B., Bangor, Me.; Joseph Harold Stubbs, A.B., Falmouth Foreside, Me.; Leroy Howard True, A.B., Freeport, Me.; Richard Gordon Wignot, A.B., Dover, N. H., all '26.

Left the active chapter: Richard Betts Phillips, 6 Roanoke avenue, Jamaica Plain, Mass.

Latest alumni address: Henry Herbert Merry, Jr., 222 Cumberland street, Brooklyn.

Thanksgiving recess finds Alpha-Rho strong in most fields of student endeavor. Although several freshmen have found the scholastic grind a little over their heads at first, the big-brother system of compulsory study seems to be bringing the standing of the house to its proper level. In campus activities the chapter is well represented. Bob Phillips was the sensation of our close football victory over Tufts on Armistice Day, and his part in bringing about that result was all the more praiseworthy for the fact that he was finishing a season in which his work had been severely criticised. Bob showed the spirit that we like to believe actuates the deeds of all true Kappa Sigs. Walter Stanley had rather bad breaks in this his last season at college. He was sent to the infirmary with a broken leg after he had played in only two games as 'varsity guard. It is mighty pleasant to see him back at the house again, with his ability and efforts recognized by the award of the 'varsity "B." The third football letter man in the chapter is MacDonald. Mac had just got well into his fourth year of practice, and was in line for the 'varsity backfield, when an injury to his eye put him out of the game for the rest of the season. Robinson was the only freshman on the campus who played on the 'varsity to any extent and his work at tackle was of exceptional worth.

On the managerial staffs we have Odiorne, a leading candidate for football manager, Blackwell in the race for track manager, Jewett and Stubbs candidating respectively for the managerships of the publishing company and the college humorous magazine, the *Bear Skin*.

Whitney has been chosen one of the five seniors to compete for the class of 1868 prize in original declamation. Bradley and Harriman are leading cub reporters on the college weekly, of which Rowe is managing editor, and Bob Phillips and Ridlon were recently taken into a departmental club.

On November 4 the chapter took great pleasure in entertaining the largest group of alumni ever back at one time at our annual initiation banquet. Fifty alumni and guests accepted our hospitality at different times during the day, and when we sat down to the banquet, after the initiation ceremonies, the long tables were crowded nearly to capacity. The one shadow on the day's proceedings was the fact that the brothers from Psi were able to go home with a victory over our eleven in one of the most thrilling and hotly-contested games ever staged at the college.

W. Rowe.

BETA-ALPHA — *Brown University.*

Initiated: Newell Atwood Norton '25 Ph.B., Guildford, Conn.

The end of the first half of the semester finds all the brothers working hard, and, with few exceptions, getting along well. We have instituted a system of weekly scholarship reports from the pledges, and have appointed a man to help each pledge in whatever courses he finds himself slipping. We are confident that this will produce results.

Our pledge dance, held at the Wannamoisett Country Club on October 28, was highly successful. Brother Freeman has been elected president of the engineering society.

Brown has had a good football season this fall, having lost but two games, to Yale and Dartmouth. Practically the whole student body saw Brown defeat Harvard, 3-0. To quote the Dean, "there were hardly enough men left on the campus to ring the bell." The order, "Freshmen, get wood," resulted in a huge bonfire on Lincoln field as part of the celebration after the Harvard game. That celebration will never be forgotten by those who saw it.

The chapter was recently visited by Brother Tibbets, of Psi.

Myron N. Lamb.

BETA-KAPPA — *New Hampshire State College.*

Pledged: Kenneth Annis, Sturt Avery, William Dane, Harold Calderwood, G. Bradley Fuller, Henry George, Paul Lewis, Stephen Litchfield, George Melville, Floyd McDonald, B. Shapleigh Symonds, John Nicora, all '26.

The main topic of conversation here this fall has been football. New Hampshire has had an unusually hard schedule, but the team has displayed a good brand of football. The season ended November 18, when we played Boston University to a 13-13 tie.

Gustafson, Litchfield, Stearns and M. Campbell received the 'varsity letter. Fifteen were awarded. Sayward was on the squad and got into several games.

Pledges Nicora, Dane and Lewis won their numerals on the freshman team. For the first time in several years the sophomore class won the annual freshman-sophomore football contest, the sophs kicking a field goal in the last fifteen seconds of play.

The New Hampshire Club, composed of all letter men in the college, recently elected Litchfield president. Interfraternity basketball is already under way and we made a good start by winning our first game from the Lambda Chis. Lufkin and Hewitt, of last year's freshman team, are playing well. Several new pieces of furniture have been ordered for the chapter house and the interior should be much improved.

A number of alumni have been back at various times this fall. Eighteen visited the house on Homecoming Day, November 4. They were: N. I. Bearse '21, Nashua, N. H.; W. S. Bartlett '15, Boston, Mass.; W. E. Rogers '21, Sanbornville, N. H.; Samuel Paul '20, Wakefield, N. H.; G. H. Batchelder '21, Hampton, N. H.; N. P. Batchelder '22, Salem, Mass.; Lester A. Pratt '09, Winchester, Mass.; Frederick D. Fuller '92, Texas; M. F. O'Leary '22, Portsmouth, N. H.; George Wooster '22, Concord, N. H.; J. H. Chesley '05, Lynn, Mass.; Harry Ingham '07, Nashua, N. H.; C. E. Lawrence '10, Nashua, N. H.; H. H. Calderwood '01, Saugus, Mass.; Orrin Whitney '22, Andover, Mass.; A. H. Sawyer '21, Concord, N. H.; M. E. Currier '20, Dover, N. H.; R. E. Woods ex-'24, Melrose, Mass.

On November 18 Merritt C. Huse '09, of Philadelphia, dropped in on us.

We are planning to hold our Christmas house dance December 21.

R. W. Newell,

GAMMA-DELTA — *Massachusetts Agricultural College.*

Gamma-Delta has been well represented on the gridiron this fall. "Willie" Marshman '23 has played a consistent game at end. "Huck" Sargent '23 started the season in the backfield and was shifted to the other end, where he has played a creditable game. "Jimmie" Beal '23 has been one of the mainstays of the team at the pilot's position. Unfortunately he received an injury late in the season, which forced him out of the last two games.

Aggie's football season has been successful so far, with five wins and two losses. The intersectional game with the Michigan Aggie is still to be played. The Amherst game was one of the big events of the season and many of our alumni were back. Several of the brothers followed the team to Hoboken to see it trim Stevens, and almost the entire student body went to Tufts in a special train to see that game. Every member of our senior delegation was busy on that trip: Sargent, Marshman and Beal on the team, Buckley running the special train, Slade as song leader, Wirth as cheer leader and Whittier as manager of the team.

At the recent college elections, Sargent '23 was elected a member of the senate, the student governing body, and Keith '25 was elected assistant manager of baseball. He will become manager next season. Basketball and hockey practice start at once, with the outlook favorable for a good season. Marshman '23 is captain of the 'varsity quintet.

The chapter had a Sunday night supper the last week in October, with the faculty brothers as guests. Brother Frank A. Waugh gave an illustrated talk as an aftermath.

The chapter has been fortunate in receiving visits from several of the alumni this fall. Brothers "Quin" Lowery '12, "Hall" Carpenter '19, "Bill" Gurshin ex-'19, "Bob" Holmes '20, Bob Skinner '20 and Parke Farrar '08 have all been around, as well as several undergraduate brothers from neighboring chapters.

Eliot G. Goldsmith.

GAMMA-EPSILON — Dartmouth College.

Initiated: Ford Slocum Barrett '25 B.S., Altadena Apts., Spokane, Wash.

Pledged: Kenneth Carleton Quencer '23, Charles William Babcock '25.

Although Dartmouth coaches and administration officers were insistent that the football game with Harvard was second in importance to the coming struggle with Cornell, they failed to convince the undergraduates, much less the alumni. In proof of their disregard for this attitude, 1,900 of the 2,000 enrolled undergraduates invaded Boston and Cambridge, and the alumni, who had been looking forward to the game for ten years, came by droves from all parts of the country, California even sending a sizeable delegation. Thus it was that the stadium held the greatest number of Dartmouth men ever gathered to witness the Green in action. And when the final whistle blew, with the score 12-3 for Harvard, there was not a man-jack of Eleazer Wheelock's followers but was worn out with the cheering and down-right proud of the fight he had witnessed. Not for one minute had the team let up in its grim fight.

In the game with Cornell the Green met an even stronger foe than Harvard, and, fight as it did, it could not stem the tide which brought Cornell off the victor 23-0.

Among notables who have visited Hanover this fall is Vice-President Coolidge, who gave addresses both political and about business conditions.

This fall has seen the organization of a Travel Club. The club proposes to secure jobs for the rapidly increasing number of men desiring to secure passage to foreign lands. The club also has as its object the securing of noted travelers to speak before it. President Hopkins has already spoken on conditions as he saw them in Europe last summer.

At the time of the Armistice Day football game with Cornell in New York, Brown, Gauss and Rippel and Pledge Quencer took part in the Glee Club's joint concert with the Cornell clubs at the Pennsylvania Hotel.

A noteworthy change was put into effect in the athletic managerial competition. Hereafter a candidate must keep his scholastic average at "C" or above, thus safeguarding the man and the job. Brother White was elected to the athletic managerial competition. Brother Drake came out ahead in the publicity managerial competition and is now assistant publicity manager of the "Players" and of the musical clubs.

The Hotel Pennsylvanian, New York City, will be the scene of the best intercollegiate dance of the year on December 22. Walker and Lamb have secured Paul Whiteman and his orchestra to furnish the syncopation. Brothers from all parts of the land are earnestly invited to attend.

An interesting side-light on after-war conditions from an unusual but competent observer in Hanover is given by that character of our college world respected by all who know his genial personality — John Spaghetti. This smiling, stammering vendor of statuettes and ornamental knick-knacks remarks: "More boys from the West, more money, better clothes. The boys are happier now, too."

A. H. Hilton, Jr.

GAMMA-ETA — Harvard University.

Pledged: L. B. Smith '25, L. J. Moore '25, N. L. Bean '25, R. W. Berkeley '24, R. O. Rasch '23, R. K. Webel '23.

A lull in activities marks the period immediately following the close of the football season. Soon our primary interest will be in winter sports. The call for basketball candidates will be sounded next week. Lowenthal and Harder will try for positions on the team. We are expecting a brilliant showing by Lowe, who won his letter in the sport last winter. There is a scarcity

of centers this year, and we are eager to see Harder occupying this position at the opening of the season. Bryan has given up his position as manager of the wrestling team, which he held last year, in order to take an active part in mat work. He is also giving part of his time to boxing.

The football games have attracted many alumni. We have been glad to have them present at our dinner dances following each game. This series was successful, as it has formed the nucleus of our social program thus far. Plans are now in the making for our first formal dance, to be held in Boston before the Christmas recess.

Our list of pledges is the result of our initial rushing smoker. Another smoker is to be held this week and we hope to get fully as good a delegation again.

The chapter was represented at the initiation banquet of Alpha-Rho and reports them well under way for a successful year. We are fortunate in having intimate contact with Kappa Sigs attending the graduate schools.

R. S. Washburn.

GAMMA-PI -- Massachusetts Institute of Technology.

Pledged: Lewis L. Bryant '25, Atlantic City, N. J.; Major L. Sanford '26, Louisville, Ky.; William Lowell '26, Newburyport, Mass.; William Walworth '26, Andover, Mass.; William A. Forrester '26, Wilkesburg, Pa.; Robert MacWilliams '24, Conshohocken, Pa.

Affiliated: H. B. Robinson, Beta-Upsilon; Earle Frazier, Beta-Delta; Alex. H. Brown, Beta-Delta; Robert McMeekin, Beta-Nu; John K. Price, Delta; William Steinwedell, Alpha-Gamma.

Gamma-Pi is functioning again. We had to move from 512 Commonwealth avenue because of the expiration of the lease, but, even though the process of moving did entail returning a week earlier than usual, every one is glad that the lease did expire. The new house, at 33 Bay State road, is a dandy, and we owe our many thanks to the brothers who attended to obtaining it.

We had twenty men returned from last year's chapter, so with our pledges and affiliates we have about our usual size chapter. We are well represented in activities. Kingsley is chairman of the Walker Memorial committee; Sawyer and Fell are playing with the musical clubs and Parker is on the managerial staff; Bryant is on the 'varsity basketball squad and Walworth played on the freshman football team. Hamner is portfolio editor for the year-book, *Technique*.

We are planning a reunion of all the brothers of Gamma-Pi on the tenth anniversary of the installation of the local into Kappa Sigma. The chapter correspondent would like to receive the addresses of all the brothers.

We were glad to have Brothers Mattson, Stevens and Howe drop in to look us over.

Robert P. Quinn.

DISTRICT II

Pi -- Swarthmore College.

Pledged: William Neuenchwander '26, Morgan C. Koehnline '26.

Two more good pledges have brought our number of freshmen to be initiated up to nine. All these men have passed their required hours, a fact of which Pi Chapter can well be proud. These men have already made a fine start in the affairs of the college. Two have won their 'varsity letters in football, one is class president and several have participated in minor activities.

In football Pi has six letter men. Although the year has been unfortunate as far as the team's record is concerned, yet Cornell has led a fighting team as well as any captain could do.

An average of eight alumni have been present at our meetings this fall, and at one there were thirteen. On November 24 we had a smoker at the house for the alumni. It was gratifying to see how many are still deeply interested in the chapter. The house was full of old grads.

The mid-semester examinations are over and there are only five flunks or conditions in the chapter. They will all be worked off before mid-year, so that Pi can present a clean report and go after that \$25 reward.

Basketball is about to start and Pi Chapter will be represented by at least one man. The outlook in this sport is not good. Not one letter man is back. However, we have several good men with a fighting chance to make the team. For the past two years Pi Chapter has won the interfraternity basketball championship and this year we hope to make it three straight.

Some assistant managerships are sure to fall into the chapter, and the editorships of the year-book and college paper are likely to come back to us. With men in the Y. M. C. A., the men's student government and other departments, Pi Chapter has a good bit to do with the running of college affairs

Howard K. Strang.

ALPHA-EPSILON — *University of Pennsylvania.*

Initiated: Christopher Sensenig, College '25, 5529 Irving street, Philadelphia, Pa.; Albert Bloss, Wh. '25, 121 East Fourth avenue, Roselle, N. J.; Frank Wilson, Wh. '25, 6137 Columbia avenue, Philadelphia, Pa.; Milton Holmes Roths, second year U. S. Naval Academy, Dyersburg, Tenn.

Affiliated: Almon Lewis Hutchinson, Wh. '24, 172 Church street, Berlin, N. H.

Associated: Snowden Boyle, Wh. '24, 1725 Central avenue, Memphis, Tenn.

Pennsylvania at last has a football team. On October 21 Swarthmore was defeated, 14-6, and the following week the Navy team suffered a defeat at our hands. The Penn team, for the first time in several years, showed real football in the Navy battle. The score was 13-7. The following week we had a setback, being defeated by Alabama, 9-7. On November 11 we came back and showed good football against Pittsburgh, whom we have never beaten. The Pitt team, which defeated W. and J., 19-0, only won from us by one point, 7-6. Penn State, one of our greatest rivals, was then defeated. This is the first time since 1917 that Penn has defeated State. Cornell, our traditional rival, came to Franklin Field for the last game. The Turkey Day game was a victory for Cornell.

On November 12 a great sorrow came over the campus. Andrew Lang, who played on the freshman eleven and who was injured in the Mercersburg game, passed away.

McCulloch is Grand Master this semester and is busy with the duties of his office. The rest of the upper-classmen are busy in their various activities. The sophomores all are out for at least one activity.

Many brothers from other chapters have visited us recently. After the Swarthmore and Navy games tea-dances were held and many brothers from those schools attended.

At last the old house has been torn down and the raising of funds for the new house is rapidly progressing. According to present report, everything points to the opening of the new house shortly after the first of the year. The entire chapter is cooperating with the alumni and looking forward to the time when we shall occupy it.

A. L. Hutchinson.

ALPHA-KAPPA — *Cornell University.*

Initiated: Wendell Emerson Broad, Wilmington, Del.; Mark Miller Cleaver 2nd, Wilmington, Del.; Samuel Allen Dodd, Louisville, Ky.; Edward Collins Hinchliff, Rockford, Ill.; Alfred Steven Jareki, Sandusky, O.; George Lynd Phelps, Ithaca, N. Y.; Norman Goff Stagg, Ithaca, N. Y.; Richard Clarke Wadsworth, Framingham, Mass.; Thomas Frederick Walter, Crafton, Pa.; Harwood Warriner, Cedar Rapids, Iowa, all '26.

In the annual Turkey Day battle with Penn the "big red team" demonstrated that it is one of the best in the East by defeating the fighting Quaker eleven, 9 to 0. In every department of play Cornell excelled, but Penn's strong defense in the shadow of her own goal posts kept the score down. Alpha-Kappa was represented on the squad by three men, all of whom will return

next year. Wade, at halfback, played in almost every game, he being the only substitute used in the Penn game. Don Post had the hard luck of having to sub for Captain Eddie Kaw, the all-American halfback, but even so succeeded in breaking into half a dozen games. At center, Bill Dallas played in several contests.

In other activities the house is getting its share of the honors. In society elections, McConnell, Mellinger, Post and Bissantz were selected. The following brothers were appointed or elected to committees: chemical college honor committee, Stirling and Blakemore; junior promenade committee, Post; sophomore representative on the student council, Stirling. Bissantz has written parts of "Ulysses of Ithaka," to be presented by the Masque during junior week, and in which he has a part.

Dan Strickler, of last year's graduating class, has earned a commission as major in the reserve officers branch of the army. Dan had the honor of being the youngest captain in the army during the war and now he is the youngest major. Bob Burk, of the same class, won a Rhodes Scholarship this fall. What his plans are we have not heard.

Interest here is now turning toward basketball. Cornell's prospects of having a good team look bright indeed. Don Post, now that football is over, will turn his attention to that sport, with excellent chances of making center, which position has been left open by the graduation of last year's captain.

More than half the house enjoyed the hospitality of Alpha-Epsilon on Thanksgiving Day, when, after the game, the crowd of us visited them at a tea-dance and dinner. McOwen, Tarbell, Zimmer, Bassett and Trimble of the Gamma-Iota Chapter, and Baxter of Gamma-Zeta, dropped over from Syracuse one Sunday night and stayed for our meeting. We are always glad to have any such visitors. They tend to promote a better understanding and feeling among the various chapters.

John F. Derham.

BETA-IOTA — *Lehigh University.*

Initiated: Charles M. Prior, business '25, Ridgewood, N. J.; J. V. Gibb, E.E. '25, Haddon Heights, N. J.; F. J. Stephens, C.E. '26, Franklin, N. J.; R. J. Fraenheim, business '26, Pittsburgh, Pa.; J. C. Alwine, business '26, Greensburg, Pa.; J. P. Butler, business '26, Pittsburgh, Pa.

Pledged: H. C. Chadwick, business '26.

Left the active chapter: D. F. Coleman.

Latest alumni address: D. F. Coleman, 100 Linden avenue, Jersey City, New Jersey.

The two biggest things that have happened to Beta-Iota are a house party November 10, 11 and 12, and the Lehigh-Lafayette football game, November 25. The former, on the occasion of the Bucknell game, attracted thirteen couples. Only five of the alumni of our chapter attended the Lafayette game. The others have since been kicking themselves for missing the greatest football game Lehigh has seen since 1885.

Our chapter is still looking around for good material, and we take this means of asking Kappa Sigmas to drop us a line if they know of a good man at Lehigh.

The Interfraternity Council has dropped the custom of awarding cups to the fraternity having the best bowling, pool or basketball team. It awards now but one cup, for scholarship, for which we are making a strong bid.

Myron T. Moore.

GAMMA-ZETA — *New York University.*

Initiated: R. Benson '25, engineering, Dover, N. J.; James Valentine '25, arts, 102 Hillside avenue, Mount Vernon, N. Y.

Pledged: Frank Hannigan '24, commerce.

Recent visitors to the chapter were Jeremiah S. Ferguson, W. G. S.; W. W. Wyckoff, D. G. M., and J. Cedric Willson, ex-'23, who dropped in on November 18, upon the completion of his tour with Sousa's Band. Brother Willson holds the chair of second bassoon.

In athletics Kappa Sigma is well represented at New York University. In 'varsity football we have Al. Valentine '24, manager, and Naggie and O'Toole '24, regular tackle and guard, respectively. Pledge Hannigan '24 is a substitute at right end. Reimold '24 is out for assistant manager.

Our representation on the freshman football team is even better. Pledge Tracey is captain, Pledge Ferris regular guard, Pledge Warren regular right end and Pledge Taylor regular left end. Pledge Bruckner '25 is on the football squad.

In track we have some promising men, but at present we can only claim the managership, ably held by Ceccarelli '23. Pledge Warren '26 is a good prospect for the indoor track team.

Despite the fact that basketball practice has hardly gotten under way, Benson '25 is out for assistant manager and Pledge Morphy '26 is trying out for the freshman basketball team.

J. Valentine '25 is campus sports reporter for the *New York Tribune* and Pledge Bruckner '25 is president of the class of '25 of the School of Commerce.

As one might expect, football interest has crowded out non-athletic activities temporarily, but as soon as these latter get under way for the school year we hope to have some favorable reports.

To our social affairs, reported in the November CADUCEUS, we would add our dinner-dance, given November 18, after the N. Y. U.-C. C. N. Y. game. Covers were set for sixty and the dinner was excellent. Thirty-five couples danced. Music was furnished by Pledge Taylor's own syncopators, who succeeded in coaxing some restless melodies out of their instruments. All present expressed such delight at the success of the dance that we plan to give one big dance every month at the chapter house.

At the outset of the term we faced peculiar difficulties. The advent of several new fraternities at the university and an alarming shrinkage in the number of our active members, gave little prospect of a particularly successful year, either in a social or financial way. We began with only fifteen active members, a fairly large number in itself but a mere handful compared with last year's membership of thirty-five. For some reason or other the rest of the fraternities were tardy in their rushing and we profited by their inactivity to bring in twenty pledges, every one of whom is a first-rate man. When the other fraternities started rushing they got what we left, generally speaking. Of all the men we bid we lost only two. We believe this to be a remarkably good rushing percentage.

The result of our efforts may be seen now in our excellent chapter morale and in our much improved financial outlook. *E. Turner Foster.*

GAMMA-IOTA — *Syracuse University.*

Initiated: Durwood Daniel Martin '25, business, Niagara Falls, N. Y.; Donald Bullock Bassett '24, business, Syracuse, N. Y.; Tefft Timmins Bassett '26, business, Syracuse, N. Y.; Chester W. Hovey '25, forestry, Brockport, N. Y.; Robert Wood Sweet '25, engineering, Elmira, N. Y.; James Wightman Evans '25, business, Branchport, N. Y.; Frank Harvy VanBenthuyzen '24, engineering, Syracuse, N. Y.; Ralph Charles Schilly '24, forestry, Syracuse, N. Y.; Clayton Karl Schreiber '24, business, Rochester, N. Y.; Samuel James Horton '25, engineering, Lawrence, L. I., N. Y.

Pledged: Theodore C. Hart '24, Henry H. Guyer '24, Howard H. Splete '24, Charles Seymoure '26, Thomas Burgess '26, Fredrick C. King '24, Alvin Harold '26, Adolph Grossman '26, Roderick MacDonald '26, Theodore R. Kenyon '25.

Latest alumni addresses: Carl Hynes, Syracuse, N. Y.; Thomas J. Cabelus, 830 Stanley street, New Britain, Conn.; Ralph Bergeson, 135 West 126th street, New York City; Lucius C. Foote, 137 Pleasant avenue, Syracuse, N. Y.; Philip W. Gorman, 410 Burt street, Syracuse, N. Y.; Stanleigh G. Honeywell, Delhi, N. Y.; Leon Lilley, Pulaski, N. Y.; William C. McOwen, 101 East Borden avenue, Syracuse, N. Y.; John A. Dolson, Liverpool, N. Y.; Charles F. Hoff-

man, 137 West Matson street, Syracuse, N. Y.; Herbert H. McCoy, Chateaugay, N. Y.; Edgar J. Pruyn, Jr., 43 Fitzhugh street, Rochester, N. Y.; Carl V. Sackett, Avon, N. Y.; Harry E. White, 27 Clay street, LeRoy, N. Y.

Gamma-Iota has maintained a scholarship record far above the average and has in every way supported its formidable gridiron team. The 1922 squad has met nine opponents and conquered six, fought to a draw with two and was defeated by one. It now ranks as one of the strongest teams in the East and proved its Western supremacy by defeating the Nebraska Cornhuskers. Two Syracuse players have received mention as possibilities for the All-American teams.

At the chapter house we have held two dances, both successful. At the last dance, after the last football clash, ten of our alumni returned and helped put the dance across. The date for our annual formal dance has been set for January 31, 1923, and committees have already begun to function. We have secured the Hiawatha room at the Onondaga Hotel and expect our local alumni to again put it over.

Interfraternity athletics are making their 1922-23 debut, and with Strong as mentor we feel sure of many victories. We have ten men out for practice every day and hope to be able to win the basketball trophy.

Roderick MacDonald, ex-president of the student body of Brooklyn High School, was pledged. In spite of the fact that Mac has but one arm, he has led the freshman soccerites and is sure of a berth on the 1923 'varsity team. He is popular not only in athletics but in his class. He is serving on the freshman executive committee. Two of our sophomores and two juniors have also been selected to act on the executive committee of their class, Fallon representing the seniors. Trimble has obtained the lead in the "Boar's Head Society" in its production of "The Rivals," and Joiner is putting forth every effort to make assistant manager of "Boar's Head."

Our new Chancellor, Charles Flint, is like a classmate. At Hallowe'en he planned a party at the university farm and more than 4,000 attended. It was an old-fashioned get-together party, and during the course of the evening several kinds of games were played. Each college was represented and it was declared to be the biggest hill novelty in years. Chancellor Flint was inaugurated on November 17 and classes for the day were excused. It was an affair well worth seeing.

Several winter sports have been planned, and this year will see Syracuse with a hockey team ready to meet the strongest collegiate teams in the East.

Clarence R. Baker.

GAMMA-UPSILON — *Rutgers College.*

A summing up of the football season shows great success for Gamma-Upsilon. Although the team won only five of nine games, each game was well played and fought out to the end. Gamma-Upsilon had five 'varsity players, Captain Raub, Kieler, Smith, Brennan and Benkert, all of whom made their letters, and one of our freshmen, Ray, played on the 'varsity in several games. Ray, by the way, is dubbed the smallest grid warrior in the game. He stands only 4 feet 10, yet he can gain through holes others can not get through.

In an impromptu series we won the interfraternity football championship, winning all of four games without once being scored upon. Three house dances have been held this season, all well attended and enjoyed. The last one, following the game with Bucknell, was an alumni dance, and proved very successful in calling back to Gamma-Upsilon many graduates.

The basketball season comes next and Captain Benzoni has his men out and hard at work. Now that football has passed, Raub and Kieler will don basketball togs. Both are three-letter men. Cumo, Brennan, Benkert and Weiderstrom, who played on the freshman team last year, are out for the 'varsity, while Ferguson and Sayer, of our freshmen, are trying for the yearling team.

Under the guidance of Captain Geibel, the swimming team is making progress towards the coming season. Dickson, who last year won his letter, will

again bid for honors in the fancy dive. Lambert and Whiting are members of the Glee Club, and Potter has made a place on the Mandolin Club.

W. H. Stowe '21, of Swarthmore, has entered the Rutgers short course in agriculture and is making his home in the chapter house.

During football season our dining room, which we installed this fall, was used as the training table by the team. Since the Thanksgiving holidays we have been eating in the house. This is something that the chapter has long looked forward to, and though we were delayed by the college request for the use of the dining room, we feel that we are about to realize a more united chapter.

Stephen F. Sayer.

DELTA-BETA — *Lafayette College.*

Pledged: L. W. Crawford '25, R. A. Shaw '26.

Left the active chapter: Raymond F. Ehly, 165 Mercer street, Phillipsburg, N. J.

The student agitation toward more strict observance of the Eighteenth amendment at Lafayette culminated recently in resolutions passed by the Student Council providing that "Undergraduates appearing at college functions in a condition savoring of intoxication shall be requested to leave the affair, and shall be summoned before the Student Council and action, relative to the gravity of the offense, be recommended to the faculty." Any undergraduate conducting himself in a manner unbecoming a Lafayette man at functions not under the supervision of the college is also liable to be summoned before the council. Alumni may also be asked to leave college functions. The members of the Student Council pledge themselves to the support of this rule by personal example.

Lafayette, for the second consecutive season, has turned out a football team whose championship claims will find many supporters. She lost but one torrid battle. W. and J. handed out the defeat, 14-13. With the Georgetown post-season game still to be played, Lafayette has scored 194 points against opponents' 20.

The cross-country team to date has run but three races, winning from Lehigh and City College of New York, and losing a triangular meet to Rutgers. Boettcher, one of the few veterans from last year's team, has been a contributor in Lafayette victories. Walton has also been running on the team.

Basketball candidates have been called out. Mellinger, one of last year's subs, and Bellis, of last year's freshman team, are with the squad. Hummrick and Bailey are also out. Morrison is vice-president of one of the campus clubs.

DISTRICT III

ALPHA-DELTA — *Pennsylvania State College.*

Alpha-Delta had its best house party in a long time on Pennsylvania Day, November 11. The chapter's football representatives are making their presence felt on the squad. We have six men on the 'varsity squad, all of them making a good fight for their letter.

We were glad to have as guest Brother M. L. Bart, of the class of '21. We trust that Bart's visits with us will be frequent, as he always brings with him a genial atmosphere.

W. B. Everest.

ALPHA-PHI — *Bucknell University.*

Pledged: Willard H. Tice.

The outstanding event of the year, so far, was the Homecoming game with Muhlenburg November 4. Bucknell was the victor by a generous score. A number of the alumni were back to spend the week-end with us. A smoker, Bucknell alumni banquet and interfraternity ball were features of the week-end.

The game at Pitt proved a great drawing card and the house had but

three occupants over the week-end. The game, though we lost it 7-0, was a glorious struggle, and the entertainment accorded us by the Western Pennsylvania Alumni Association was of the finest. The Pitt Chapter also showed real Kappa Sig spirit in entertaining a number of the brothers. The banquet and dance in Hotel Schenley proved a huge success, while the luncheon tendered our chapter by Brother John T. Shirley, of Pittsburgh, was full of Kappa Sig pep.

Entertainment was furnished a week or so ago by Miller's sleuthing of a pair of thirteen-year-olds who had stolen a car from Williamsport.

Armistice Day was appropriately celebrated both at the school and in town.

P. R. Sweitzer.

BETA-DELTA — Washington and Jefferson College.

Pledged: Clarence Berringerand J. W. Seeley, '26.

On October 14 Beta-Delta gave a dance for the members and pledges of Delta-Alpha Chapter, which was a great success. Delta-Alpha is one of our nearest neighbors and we are always glad to have the privilege of entertaining them.

November 11 was the date of our first alumni smoker, and many of the old grads turned out and met our pledges. The next one was held on December 9 and even more came to it. The active chapter and alumni are keeping in better touch with each other now and it helps out all around.

Beta-Delta had her turn at college offices last year, but this year Elliott, Evans and Toepfer hold positions on college committees. Elliott is president of the Panhellenic Council and on the Greek swing-out committee. Evans represents the house in the Conference Committee and Toepfer represents us in the President's Council.

We had been coming along fine this year in football, winning all our games except a tie with Carnegie Tech, until we hit our old rival, the University of Pittsburgh, and received a setback. On the whole, though, our season has been successful. The chapter has five members and two pledges on the squad, all of whom have played in at least one game this season.

We recently received visits from Carson, of Gamma-Omega; Brosius and Martin, of Alpha-Epsilon; Agness and Knee, of Alpha-Pi; Cragwell, of Alpha-Rho, and Corbett, of Kappa.

Samuel C. McClay.

BETA-PI — Dickinson College.

Pledged: Frank Bayley '26, Milton J. Buchanon '26, Kenneth S. Jones '26, Cecil H. Pothicer '26, Charles D. Prutzman '26, Charles S. Williams '26, J. Milton Rogers '26.

Latest alumni addresses: Fred Mohler '12, 3520 Connecticut avenue, Washington, D. C.; D. L. Graham '16, Twentieth and Arch streets, Philadelphia, Pa.; Charles H. Hendricks '15, Zeigley Coal Company, Zeigley, Ill.

The pledge dance was held in the chapter house November 24. Several alumni were present.

The drive for \$1,250,000, to be used for enlargement and endowment of Dickinson College, closed November 15 at midnight. To celebrate the occasion the student body paraded the streets of Carlisle. The parade ended at the college gymnasium, where speeches were made by members of the faculty.

On the cross-country team, now in training, Beta-Pi has two men, Lloyd Eshleman '23 and Pledge Frank Bayley '26. Coach McAndrews has issued a call for basketball men. Among the men responding are three from Beta-Pi, the Johnston brothers, both 'varsity men, and John Yeagley '24.

Brothers visiting the chapter since college opened included Stanley Kreps, Harvey Allen, Walter Cook, J. B. Peters, C. R. Van Hook, H. L. Price, A. G. Judd, D. L. Graham, F. P. Corson and Earl H. Foot.

Norman R. Wagner.

THE CADUCEUS OF KAPPA SIGMA

GAMMA-PHI — *West Virginia University.*

Initiated: Howard Amos Tebay '25, agriculture, Parkersburg, W. Va.

Pledged: Burhl Rinehart '26.

Gamma-Phi has settled down to what appears to be one of her best years. Three of our officers failed to return and we have in their place: Ice, G. M.; Blumenberg, G. M. C.; and Ferguson, Guard.

In college activities we are maintaining the record established by our brothers who have passed on. Ice is manager of baseball for next spring; Oliver Kessel is art editor of the *Monticolo*, the year-book; Kennedy is on the Y. M. C. A. staff; Blumenberg is on the dramatic club; Steinbicker and Ferguson have been taken into a campus society, and Milburn is pledged to a medical organization.

Social activities are in full swing. Several university dances have been given, the most interesting of these being the two dances for the alumni during the Thanksgiving reunion. The chapter has already begun to prepare for its fall party, which we expect to be the best one we have ever had. We have given two smokers this year for the alumni.

Recent visitors at the house were Robinson and Crawford, of Beta-Delta; Campbell, of Zeta; Thoenen, of Pi; Watkins, of Beta-Pi, and a number of our own alumni.

Chauncey H. Browning.

GAMMA-OMEGA — *University of Pittsburgh.*

NO LETTER RECEIVED.

DELTA-ALPHA — *Carnegie Institute of Technology.*

Pledged: M. Mohrman '26, E. W. Wright '26.

Latest alumni addresses: R. A. Smith, 156 North Craig street, Pittsburgh, Pa.; L. T. Young, 320 Atlantic avenue, Forest Hills, Wilkensburg, Pa.

The football team lost to Yale, Notre Dame and State and tied W. and J. this year. Jimmy Robertson and Al Irwin both played fine games. Wally Steffen has signed a contract to coach the team for next year or so.

The cross-country team is having another successful season. Howdy Dykeman has been winning all his meets. The Allegheny Mountain Association marked the resumption of athletic relations between Pitt and Tech. The two schools have been approaching this point for some time and we are glad to see that it has finally come to pass. Pitt and Tech will play football next fall, probably on October 27.

The new fraternity rushing rules were successful in that they gave the fraternities a much better chance to look over the new men. We benefited by them by getting seventeen good pledges. The expense, however, was much greater than ever before, since it was considered necessary to have numerous smokers and dances in order to get the new men interested in the fraternity. Phi Epsilon Pi, one of the two national Jewish fraternities, gave up its charter and withdrew from the Interfraternity Council. Delta Chi Rho, a new local, is petitioning for admission, also Gamma Nu, a new Jewish local. Delta Upsilon won the scholarship cup. Delta-Alpha was fourteenth, coming up from eighteenth place. The Junior Prom is to be February 2 at the Hotel Schenley. In place of the fraternity formals it is planned to have a general interfraternity formal this year. It will come some time in the spring.

Jimmy Robertson was initiated into a campus society last month. Ground for the new gymnasium will be broken in January and the building completed by September. The Y. M. C. A. drive netted 50 per cent. membership. The band made its initial appearance in kilts at the Notre Dame game.

Letters were sent out to all the Opheleum men who have not joined Kappa Sigma. There are about forty. Carl Peters and Gus Kann are to be initiated December 4 at New York University, through the courtesy of the chapter there. We expect to have a number of others back during the winter to be put through.

R. P. Rhodes.

DISTRICT IV

ZETA — *University of Virginia.**Returned:* J. G. Williams.

Initiated: Frank Clayborn Atkinson, academic '26, 82 Westwood place, Asheville, N. C.; Richard Buckner Austin, academic '26, 704 West Fifth avenue, Pine Bluff, Ark.; William Lang Bramble, academic '26, 1301 Graydon avenue, Norfolk, Va.; Douglas Marshall Braxton, academic '26, Boulevard, Newport News, Va.; Ashley Cockrill, Jr., academic '26, 3920 Prospect avenue, Little Rock, Ark.; Charles Lucian Gleaves, academic '26, 1304 Fifth street S. W., Roanoke, Va.; William Chiles Hutcheson, academic '26, Boydton, Va.; Paul Knorr Walp, academic '25, 756 Belmont avenue, Charlottesville, Va.

Virginia failed to avenge last year's defeat by North Carolina on Thanksgiving Day, and if old Zeta has anything to say about it, revenge will be sweet. As usual, we were well represented on the 'varsity, with Campbell at right end, McCoy at quarterback and Walp at halfback. Since our last letter our old rival, Washington and Lee, has gone down to defeat before the Orange and Blue. Never before has the university seen a larger or more enthusiastic crowd. The entire chapter from Washington and Lee was present, and with a number of our old brothers back quite an old-time party was enjoyed. It was in this game that Walp ran thirty-five yards to a touchdown, by far the prettiest run of the day.

Although our freshman team was beaten by the Carolina freshmen, Bramble was the individual star for us. He scooped up the ball and ran fifty-five yards for our lone touchdown. Other initiates on the freshman squad are Atkinson, Cockrill and Gleaves. Braxton is on the freshman cross-country team, and in a recent meet with the University of Maryland freshmen he finished second. With Andrews as assistant manager and Hutcheson as adjunct manager of basketball, we are well represented in the managerial department of this winter sport.

The memorial tablet, given to Zeta Chapter by the general fraternity, has arrived and plans are under way for the unveiling exercises at the time of the District Conclave in February. Many prominent speakers are expected to be present, as well as several members of the Supreme Executive Committee. Since examinations will interfere with the annual Founders' Day celebration, we have decided not to have it this year. Starting with this number the college annual will have group pictures of the fraternity chapters instead of fraternity seals. Dr. Flippin, our Alumnus Adviser, who has been sick for the past three months, has recuperated sufficiently to be out, though he is unable as yet to meet his classes in the medical school. *C. W. Robinson, Jr.*

ETA — *Randolph-Macon College.*

Initiated: Sidney R. Peery '25, A.B., Winchester, Va.; Bolivar B. McCutchan '25, B.S., Clifton Forge, Va.; R. Monroe Waugh '26, A.B., Raccoon Ford, Va.; Benjamin J. Strader '25, Bluefield, W. Va.; William S. McClintic '26, Hot Springs, Va.

Affiliated: Joseph Holloway, Zeta.

Randolph-Macon has just closed one of the most successful football seasons in years. While Eta had no men on the squad, she was always present and fighting on the side lines under our cheer leader, Smythie.

Of the five fraternities in college, Kappa Sigma was first in scholarship by the last report, with an average of 82.79 per cent.

Eta is well represented in college activities. We have representatives in every honorary organization on the campus, the Glee Club, the Y. M. C. A. Council, the Student Council, both Literary Halls, and "The Yellow Jacket" staff.

Final arrangements have been made for the annual Founders' Day banquet, which will be a homecoming day for Eta's alumni.

R. Monroe Waugh.

THE CADUCEUS OF KAPPA SIGMA

Mu — Washington and Lee University.

Initiated: Bernard Babbs Shively, Marion, Ind.; Henry King Hill '23, commerce, 206 South Galt, Louisville, Ky.

Pledged: D. B. Bryant '26, Orangeburg, S. C.

Affiliated: M. A. Sanders, Alpha-Upsilon.

The football season was successful. Injuries were responsible for two of our defeats. After Thanksgiving the call for basketball men was issued. This year the team faces the most difficult schedule ever attempted by Washington and Lee. Seven letter men are back from last year, besides several men who displayed talent on the freshman team. Schneider is captain, and barring injuries should go well again this year. Arbogust will also be playing his last year in basketball.

W. and L. has won the South Atlantic cross-country championship.

The university has adopted the two-semester system this year, which means examinations come after our Christmas vacation. Our scholarship will come up, judging by the amount of work our men seem to be doing.

We urge all brothers who may be in Lexington to make the chapter house their headquarters.

H. L. Murphy.

Nu — William and Mary College.

Initiated: Henderson Lee Turpin, Jr., '26, Boydton, Va.; Hugh Trenwith Hancock '24, Richmond, Va.

We won the interfraternity relay race by a thirty-yard margin, which was to be expected, as three of the four men on the team have regular berths on the college team. Flanders, acting captain and quarterback on the football team, was officially notified of the arrival of a daughter between halves of our last game. It was noticeable that he played better football as a father.

Founders' Day will be celebrated with an informal reception at the chapter house, while several brothers expect to attend the unveiling this winter of the tablet at Charlottesville dedicated to the Kappa Sigmas who lost their lives in the late war.

Henry Moncure.

UPSILON — Hampden-Sidney College.

While the football team has undergone an unsuccessful season so far, practice has not been lightened, and the team is being whipped into shape for the Wake Forest game in Norfolk. Four of the brothers are practically certain of letters and several others have been making a number of the trips.

The chapter has been emphasizing the need of improvement along scholastic lines this year, and the results have more than justified the efforts put forth. Our last monthly report was the best in many years and caused favorable comment among the alumni. Several plans for making the freshmen put more time on their studies are being carried out, with good results. Several improvements on the house are under way, the most important of which is the painting of the house. This has been a much-needed improvement. The chapter is in better shape financially than it has been for some time.

Work on the memorial gate has at last gotten under way. It will make a beautiful addition to our campus. The progress of the college along all lines in the last few years has been watched with interest by both alumni and student body.

Recent visitors on the "hill" were L. C. Whaley '21 and H. H. Hunt '22.

H. M. Sydnor.

ALPHA-ALPHA — Johns Hopkins University.

Left the active chapter: B. E. Willis.

Latest alumni address: B. E. Willis, 2908 Hemington avenue, Baltimore, Maryland.

After two months of school, Alpha-Alpha has settled down and made preparations for rushing. There is an unusually large number of freshmen this year and we expect, as usual, to get our share of them.

We have been visited by quite a few outside brothers this year, among them Hill, of Alpha-Gamma, and Lehman, of Beta-Pi, Cannon from our own chapter and two from Alpha-Tau.

Johns Hopkins has at last started work on our long-promised dormitories. They will be completed about May, but not occupied before the opening of school next September.

The football team lost the state championship game this year to the University of Maryland, 3 to 0. We do not consider the defeat a disgrace, as Maryland outweighed us fourteen pounds per man. *F. E. C. Campbell.*

ALPHA-ETA — George Washington University.

Initiated: Bernard Viens '23, 234 North street, New Bedford, Mass.

Pledged: John Brookfield '25, Percy Churbuck '25, Cyrus Clendenning '26, Raymond Curran '23, Ralph Edmonds '26, John Hayes '26, Jones Hill '25, Layton Johnston '25, Donald Kline '26, Clay Langer '26, Lenard Macarthy '25, Eugene Sweeny '26, John White '26.

Affiliated: John Sandlin, law '24, and Clyde Ratcliff, law '24, Gamma; Seth Macdonald, law '24, Delta-Alpha Chapter.

We have had a most successful rushing season, both in quantity and quality of pledges. In student activities we are right at the top. Lester Johnson was elected to the law senate. Bernard Viens was unanimously elected president of the senior class, arts and sciences college. Jack Wood was elected vice-president of the freshman class at the medical school. Pledge Langer was the choice of the freshman class for its president.

Our second informal dance of the school year was given on Hallowe'en and proved a delightful party. The house was attractively decorated and had the mystic atmosphere so essential to an ideal Hallowe'en party. It was not until early morning that any one thought of going to the café "L'Enfant." The dance was well attended by alumni. We welcome them at all times. We try to extend every possible courtesy to them and in this way secure closer cooperation.

Our house is now being managed successfully by Hamilton, whose untiring efforts and painstaking interest in the chapter's welfare are worthy of commendation. We could not have made a wiser choice than in the appointment of John Sandlin, Jr., chairman of the social committee, due to his ability and past experience in this field. Churbuck, law '24, was recently selected by the chapter as its interfraternity delegate. He is especially qualified for the position.

Many brothers have visited us during the fall. When Penn State played the Navy we easily accommodated practically all the Kappa Sigs playing on and accompanying the team. Among them were Bentz, Kratz, Hamilton, Holstene, Trimble, Ray, Whitely, Waidly, Goodman, Wache, Clark, Anderson and Thomas.

Brothers Malcolm of New York University, Sisson of Richmond College, Attayer of Hampden-Sidney, and Mills of Brown are visiting us. We want any brother to feel, when in this city, that our home is his. The door at 1758 N street N. W. is never locked.

Alpha-Eta is formulating a plan whereby it will be able, with the aid of our alumni, to buy a house and do our part in the campaign of "Every Chapter its own home by 1925."

C. H. Severance.

BETA-BETA — University of Richmond.

Initiated: John Drewery Goodwyn '24, academic, Emporia, Va.; Whitfield Harrison '24, law, Richmond, Va.

Pledged: Percy Grigg '25, Ashby Cook '25, Walter Harrell '25, Judson Evans, Jr., '25, David Robinson '24, Robert Nichols '25.

Thanksgiving Day, with a 13-3 victory over Richmond's ancient rivals, William and Mary, terminated the football careers of Waverly Jones, captain; Tyler Price, captain of last year's team, and Graham Carlton, tackle. Three other brothers, Ratcliffe, Reams and Bethel, will receive 'varsity letters. The

boys are all engaged in major college activities. E. Harrison, Jones, Price and Carlton are in O. D. K. Harry Riddle is president of the college "Y" and manager of basketball. Carlton has the unusual honor of holding two captaincies in major sports, track and basketball. Ramsey is on the student senate. "Chic" Evans is working on the college weekly and is engaged in dramatics. Brother Sneed's energies are being expended on the honor roll and Richmond debutantes. Pledge Evans writes for the weekly paper, the monthly magazine and two local newspapers. His father is the oldest living Kappa Sigma. Pledge Griggs has demonstrated fine form in football and should make the 'varsity team next year.

Track prospects are excellent, and the fact that the South Atlantic meet will be held here in the spring has stimulated local interest in the sport. Five brothers are on the 'varsity cinder squad. In general, the scholarship of the chapter and pledges is commendable.

Several dinner parties and dances have been given by the chapter. On November 18 Beta-Beta gave the Hampden-Sidney football team a dance in Kappa Sigma style, and many active members of Upsilon, as well as Richmond alumni, were present. Representatives of every fraternity on the campus were also invited.

John G. Tarrant.

DISTRICT V

DELTA — *Davidson College.*

Delta has many members out for football, two-thirds of our membership, in fact.

In rushing we think we have been unusually successful, since we have twelve of the best lined up, and do not expect to lose any of them on "bid day."

In senior week we expect to start over with our temporarily discontinued social activities. In some ways we look for the best senior week in some years, for the faculty has granted a longer holiday period than we have ever had before.

One other thing looks encouraging, the large number of alumni who have expressed their intention of being with us at that time. We are always glad when this is the case, and we hope that in the future we may always count on them to join us.

Recently the chapter has been visited by a number of the alumni brothers. Among them have been L. B. Schenck, J. R. Schenck, R. L. Black, J. M. McFadden, L. L. McAlister and P. O. Bethea.

J. D. Bernhardt.

ETA PRIME — *Trinity College.*

Affiliated: B. A. Carter, Beta-Lambda, A.B. '25.

With the fall term nearing its end and with the beginning of the open rushing season close at hand, Eta Prime Chapter is getting ready for work. The freshman class has been looked over and promising material noted. The chapter is now planning to outgeneral the other fraternities and every one is looking forward to a successful day at the close of the rushing season.

Trinity has just closed a successful football season, with a record of seven games won, two lost and one tied. Only one team of the state was able to score on the Trinity defense. Carter, who affiliated from the Beta-Lambda Chapter, had no trouble in holding the position of left end on the 'varsity squad and his splendid work there aroused the comment of the leading newspapers of the state. Smith, as senior manager of the football team, is given credit for the smooth way in which the entire football season was passed. Class football begins within a few weeks, and this chapter is expecting to have one or more representatives on each of the teams.

A keen disappointment was experienced by the fraternities of Trinity a few weeks ago, when the Board of Trustees decided to postpone the question of fraternity houses indefinitely. Since the meeting of the Board last year it has been generally believed that the trustees would allow the fraternities to

build houses this year or some time in the near future. Some definite action was expected by every one, but, in spite of the agitation among the fraternity men for permission to build houses, the trustees considered the matter as a minor issue and the question was laid aside with barely any consideration. We have not given up hope and the question will be kept alive until some definite answer is given. At present, each fraternity is allowed to choose a lot and to build a club house at a limited cost, but only two men are allowed to take permanent quarters in the house, which can be used only as an assembling place. This plan does not suit the needs of the fraternities at all. In the meanwhile the Panhellenic Council is doing everything possible to force a decision at the next meeting of the Board of Trustees in June.

F. H. Shinn.

ALPHA-MU — University of North Carolina.

Carmichael, Downing, A. M. McDonald, Wade, Linney, Drewry, London, E. R. Boney and Hartsell have been taken into campus societies. Early basketball practice has started with Carmichael, last year's captain, S. H. McDonald, Orr and Wright on the squad. A. M. McDonald, this year's captain, and Lineberger will go out for the team after the football season closes. Carolina hopes to equal her last year's record by winning the Southern basketball championship again.

The football season has been successful, the team having won nine of ten games, losing one to Yale. Interclass football has started on the hill. Linney is playing center for the seniors, S. H. McDonald is quarter for the juniors and Wright is end on the law school team.

The University of N. C. has recently been elected to the Association of American Universities, an organization limited in its membership to those institutions in the country which measure up to the highest standards of scholarship. The association has only twenty-three members.

Brother Fernald, one of our new brothers on the faculty, and Mrs. Fernald entertained the faculty members and the active chapter at an informal reception given in their home on November 9.

We have recently enjoyed a visit from Brother James S. Lewis, one of the founders of Alpha-Mu.

H. A. Lineberger.

ALPHA-NU — Wofford College.

Pledged: R. H. Ariail, Robert Carlisle, Ralph Crutchfield, F. E. Collins, Hansel Boyd, C. H. Gentry, J. M. Gibson, Clarence Ivey, W. M. McDow, M. K. Thackston and Andrew Wells, all '26.

Pledge day at Wofford College was the height of success for Alpha-Mu. Eleven bids were sent out and eleven freshmen were pledged, in spite of conflicts with every fraternity on the Hill, both local and national.

On the freshman football team were Pledges McDow, Wells, Gibson and Thackston. Basketball practice began December 7. Alpha-Mu is represented on the 'varsity by Brothers Rogers, Collins and Gentry. Candidates for the freshman quintet are Pledges Carlisle, C. H. Gentry, F. E. Collins and Wells.

The night after pledge day the Panhellenic Council gave a banquet at Spartanburg's leading hotel. All the fraternities, with their pledges, were represented. This banquet was a great success and it changed the feeling of antagonism which always exists around pledge day into real friendship again. A peculiar coincidence about the pledges is the fact that six of them have brothers in Alpha-Mu. Officers for the second semester are: F. T. Davis, G. M.; C. G. Coleman, G. P.; W. L. Walker, G. M. C.; W. L. Gray, Jr., G. S.; W. J. Gentry, G. T.; Lesesne and Rogers, Guards.

W. L. Gray, Jr.

BETA-UPSILON — North Carolina State College.

Left the active chapter: George Ball, Raleigh, N. C.

Our football season ended Thanksgiving, the game being with Maryland. We have one first-string man. Baum plays right end, but, due to a fractured

shoulder, was forced to retire for the latter part of the season. Satterfield, a second-string man, is a consistent player and made trips with the team.

District Grand Master Patton has visited us. We did not have a regular assembly, due to the short notice of his visit, but he met the boys and gave us an inspiring talk.

George W. Wray.

DISTRICT VI

BETA — *University of Alabama.*

Pledged: Paul Gillam, Emmet Lanning.

By pledging two men of the best of the freshmen, Beta now has a total of twelve pledges for the year, all outstanding men in their class. Pledges Anderson and Brown were the stars of the backfield for the freshman football team. Alabama comes to the end of the football season with a team ranking with the best in the South. It gained national recognition by its defeat of the University of Pennsylvania. Much credit for its splendid record is due to Bartlett, quarterback. In all games played he was conspicuous for his fine field generalship and his ability at passing, punting and broken-field running. He was selected by several sport writers for the all-Southern eleven. Montgomery played a good game at guard, while Hinton and Frost made the 'varsity squad.

The "million-dollar drive" was successful, and the college proposes to so equip itself as to meet the demands of a rapidly growing student-body.

Gambill, Edwards and Deramus were elected members of social clubs, and Chason was elected president of the student medical society.

O. L. Chason.

ALPHA-BETA — *Mercer University.*

Initiated: Charles Morgan Rogers '25, Chester, Ga.

Pledged: Jack Holland '26.

The enrollment at Mercer has reached 852, larger than any of previous years. The Greater Mercer Campaign is still on and is doing a good work. Aderholt and Stow have been elected to represent Alpha-Beta on the Panhellenic Council. Plans are being made for the largest Panhellenic reception ever staged by the fraternities at Mercer. The second Saturday in December is the time. According to the rules, only ten alumni representatives of each fraternity may be invited.

Rice, Rogers and Cecil are doing good work in Mercer's gridiron backfield. We were glad to have Brother R. E. Browder with us a few days last week.

F. B. Stow.

ALPHA-TAU — *Georgia School of Technology.*

Initiated: Herbert Hutton, sophomore, M.E., Savannah, Ga.

Left the active chapter: J. W. Thornton, 1158 Piedmont avenue, Atlanta, Georgia.

A most successful football season has closed. Tech was undefeated by a Southern team. Al Staton, John Staton, Moon, Saunders, Elliott and Thorpe were on the squad. We have four pledges playing tackles on the freshman squad, Fair, Savage, May and Strickler. The freshman team went through the season with only one defeat.

Tech is now to have student government. Albert Staton, John Staton and Saunders were elected to the council, Albert Staton being elected president.

Moore, John Staton and Saunders were elected to class societies, and J. Staton, Davis, Jarrett and Clarke to other campus clubs. Saunders is president and Elliott sergeant-at-arms of the Matheson Literary Society.

Alpha-Tau, in an effort to improve the house, has repainted and redecorated the reception room, the living room and the dining room. The interior of the house now looks much brighter.

W. H. Allen.

BETA-ETA — *Alabama Polytechnic Institute.*

Initiated: George Tipton Noff '24, civil eng., Bastrop, La.

Pledged: N. L. Blaum '26, Dothan, Ala.; A. W. Corbett '26, Ozark, Ala.; B. Davis '26, Birmingham, Ala.; F. C. Howell '26, Ozark, Ala.; R. S. Jackson '26, Birmingham, Ala.; J. M. King '26, Dothan, Ala.; R. M. Meigs '25, Bessemer, Ala.; M. H. Nabors '26, Birmingham, Ala.; H. Pitts '26, Pittsview, Ala.; S. M. Spencer '26, Eutaw, Ala.; F. W. Streit '26, Birmingham, Ala.; W. W. Taylor '26, Prattville, Ala.

Left the active chapter: A. H. Englehardt.

We were sorry to see Englehardt leave us, but he was forced to go to California on account of his health. Beta-Eta was not fortunate enough to have any men on this year's football team. Evans has been a faithful scrub all season and should give some one a good fight for a place on the team next year. Pledge Davis is our only representative on the freshman team. He has been playing a good game all season.

Basketball practice has already begun, and Hahn, Duke and Jones, members of last year's squad, are back to represent us. Auburn enjoyed one of her best seasons in football. We defeated Georgia, Georgia Tech, Tulane, Centre and many similar elevens.

The chapter has enjoyed visits from Brothers Charlie Adams, W. R. Adams, J. B. Adams, C. B. Ordway, Clay Jackson and John Sanders, all Beta-Eta men.

Beverly H. Swango.

BETA-LAMBDA — *University of Georgia.*

Initiated: Henry Marshall Fullilove '25, B.S.med., Athens, Ga.; Robert DuPree Morris '26, B.S.com., Rome, Ga.; William Mayson Neel '26, B.S.com., Decatur, Ga.; Charles Houston Starling '26, C.E., Decatur, Ga.; Thomas Edward Winslow '26, B.S.com., Decatur, Ga.

Our annual fall house party was a great success, and as the week-end was homecoming week for the alumni of the university it brought to Beta-Lambda some of its older alumni. The splendid feeling of fellowship made the house party a great success.

Beta-Lambda is well represented on the "Bull Dog" football squad by Captain-elect Joe Bennett, Mulvihill, Butler and Wilson. Bennett has starred in almost every game and received an unanimous vote for the captaincy of the 1923 team. Mulvihill, regular quarterback, has developed into one of the best forward passers seen at Georgia in a number of years. Butler and Wilson both played good football and we are expecting great things from them next year.

Butler, Sullivan, Dickey and Wilson were elected to the Senate Club, a social organization.

Beta-Lambda has enjoyed visits from Brothers Lvm Bomar and Dick Gleaves, of Kappa Chapter; R. L. Henly and Dick Willingham, of Alpha-Tau; Conyers Bennett, W. B. Cody, B. H. Anderson, John W. Jennings, C. H. Everett, J. L. Conyers, W. D. Mooney, Jr., and C. T. Conyers, of Beta-Lambda.

R. S. Caruthers.

DELTA-DELTA — *University of Florida.*

Latest alumni address: R. P. Terry, Bank of Bay Biscayne building, Miami, Fla.

The fraternities of the University of Florida, led by Dr. A. A. Murphree, President of the University, himself a Kappa Alpha (Southern), have lately taken a decided stand against drinking among the students. At a mass meeting of all fraternity men and pledges the question was thoroughly thrashed out, the matter of drinking at dances being especially considered. This meeting led to various legislation on the part of the fraternities. The step taken by Pi Kappa Alpha was typical. A communication was sent to every other fraternity, reading in part as follows: "Any member of your fraternity who attends a dance given by Pi Kappa Alpha and who is found to be under the

influence of liquor will be asked to leave. We expect you to treat any member of our chapter in exactly the same way under similar circumstances."

K. K. Hansen.

DISTRICT VII

GAMMA — *Louisiana State University.*

Pledged: S. M. Lacroix '26, S. E. Holzhalt '26, W. E. Milligan '26, R. C. Caldwell '25, Reber Henderson '26.

Left the active chapter: R. W. Bringhurst, Alexandria, La.

The annual battle between L. S. U. and Tulane in Baton Rouge on Thanksgiving Day is the thing most important in this part of Louisiana now. The freshmen and the sophomores are especially busy. According to the second-year men, the freshmen will be the best trained bunch of "dogs" that ever yelled itself hoarse at a Tulane game. Beside the game on that day, Gamma is holding a reunion of all alumni who can possibly get here. A banquet for the alumni and an open house for all our friends, especially Sigma Chapter brothers, are planned.

The chapter gave a dance at the house on November 11. The house was decorated in a scheme suggestive of Armistice Day.

The faculty, together with the Panhellenic Council, is trying to work out a method of raising the scholarship standard of the fraternities by making the initiation requirements of both freshmen and chapters higher. We require grades to be posted in the house and find that this publicity has a good effect in keeping up scholarship.

We have enjoyed visits lately from Brother Whaley, of Upsilon, and Brothers Cooper, Brannon and Hodges, of Gamma.

Robert Roberts, 2nd.

SIGMA — *Tulane University.*

Much has happened in New Orleans, Tulane and in the chapter since the November chapter letter. The first incident was the gathering of the American Legion in New Orleans from October 17 to October 20. There were close to 100,000 visitors in New Orleans, and, judging from the number of brothers who visited the house, a goodly percentage of them were Kappa Sigmas. We had our house full during the whole week.

Tulane's football team, which has four victories to its credit and three defeats, is to meet its ancient rival, Louisiana State University, in Baton Rouge on Thanksgiving Day and we are hopeful of victory. A special train will carry a large representation of the student body to Baton Rouge.

On the evening of November 3 we gave a house-warming for our alumni and their families. Among those present were W. C. Dufour and R. E. Craig, Jr., the former the first man to be initiated into Sigma Chapter and the latter well known to all Kappa Sigmas. The next night we gave a house dance, entertaining fifty guests. Included among our guests were seven brothers from Gamma Chapter. Our Christmas party will be in the form of a dance, to be given on December 16, the Saturday before every one leaves for the holidays. We take this occasion of extending to our brothers in Kappa Sigma the season's greetings.

Downing Stickley.

ALPHA-UPSILON — *Millsaps College.*

Initiated: John G. Fitz-Hugh, B.A. '25, Jackson, Miss.; George H. Jones, B.A. '25, Crystal Springs, Miss.

Pledged: R. L. Hunt '24; J. R. Bush, Jr., Henry Converse, Jr., G. J. Griffin, Jr., R. J. Ham, J. S. Hamilton, Jr., J. R. Hightower, T. B. Holloman, Jr., Lem Mahoney, C. H. McCraine, Jr., T. E. Motlow, C. F. Nelson, S. R. Reeves and C. K. Smith, Jr., all '26.

The active chapter and pledges, together with the Jackson Alumni Chapter, are planning to have a stag banquet at Frankinson's, to be followed by a dance at the Country Club on the evening of December 21. This is to be made an annual affair from now on.

The Millsaps football team has shown unexpected strength this year under the leadership of Coach H. F. Zimoski, of Yale. Although this is only the third year that intercollegiate football has been played at Millsaps, the eleven has made a splendid showing in all the games played. Fullback Reeves is captain of the team, Culley is playing center, Pledge Reeves is playing end, and Pledge Nelson is playing a star game at halfback.

Alpha-Upsilon men and pledges made a good scholastic record for the first half-term, and expect to lead all other fraternities in the semester averages.

C. E. Manning.

DISTRICT VIII

KAPPA — Vanderbilt University.

Pledged: Richard Estes, Thomas Hughes, McFarland, Van Whittle, Frank Lowther, McKnight and Gorch, '26; Dave McQuiddy and Faut, '25; Porter, '24.

Kappa Chapter has returned eighteen men. Bomar and Porter are on the football squad, and Bomar is sure of an all-Southern berth and should receive at least an all-American mention. The football team thus far is undefeated and we feel sure of another Southern championship.

We are looking forward to the Conclave here and the big homecoming at the same time.

R. G. Cross.

LAMBDA — University of Tennessee.

Interest is now centering on the annual cross-country run and the Tennessee-Kentucky State football game. Many Kappa Sig brothers are expected down from Lexington on the football special.

The U. T. "fish" lost their first game of the season to the Kentucky State "fish" at Lexington, November 26, by 20 to 6. Pledge Fred Robinson was the star of the game for Tennessee, making the only touchdown by intercepting a pass and running sixty-eight yards through the entire Kentucky State team.

In the university golf tournament, Hooper survived to the semi-finals. Kefauver has been elected to the university debating council and Tarry is president of the literary society. Warmoth, Coykendal and Tarry are managers in the carnival which is to be held early in December, and several pledges are assistant managers. Members of the chapter are interested in a swimming team which is being organized on the hill.

C. B. Ordway, of Auburn, has been a visitor recently. Lambda is looking forward with pleasure to the visit of the new D. G. M., Brother Funkhouser.

E. Gailor Tarry.

PHI — Southwestern Presbyterian University.

Initiated: John Beard '26 A.B., Columbus, Miss.; Eben Moncrief Bee '26 A.B., Brookhaven, Miss.; James Walter Cobb '25 A.B., Blytheville, Ark.; Slayden Cross '25 A.B., Clarksville, Tenn.; William Vardaman Gardner '25 A.B., Tupelo, Miss.; Francis Hunt Rudolph '26 A.B., Clarksville, Tenn.; John Agrippa Redhead '26 A.B., Woodville, Miss.; John Bishop Seavey '26 A.B., Brookhaven, Miss.; Horace Harley Wilson '26 A.B., Tupelo, Miss.

On October 10 Phi Chapter entertained at a smoker for her pledges and alumni. Remarks for the good of the Order by several of the alumni were followed by the alumni address of Fred Seip. Refreshments and a general good time were enjoyed.

In the fraternity scholarship contest for the cup offered by the Sigma Upsilon literary society, Kappa Sigma has ranked second for the first two months.

The initiates gave the chapter a novel treat in a 'possum hunt on November 21. Seven cars carried the party of fifty, including girls and chaperons. Although the Kappa Sigma freshmen were unlucky in their pursuit of the wily 'possum, three big camp fires and plenty of food made it a good time for all.

A. S. McIlwaine.

OMEGA — University of the South.

"Heinie" Powers is in line for the best honors as all-star team quarterback, according to expressions of South Carolina and Kentucky newspapers. Rush Simpson improved every day in the backfield. We are looking to Heinie Powers' brother, Pledge Graham Powers, to carry on his big brother's football work. Stansell at pivot on the freshman team is showing up well. Sewanee's freshman team took the trouble to go all the way to Danville, Ky., to show the Centre freshmen how football is played. They also defeated Murfreesboro Normal by 19-6.

Omega is proud of her representative on the Glee Club. His name is Lyle Barnett and he hails from Texas. Sewanee is putting out an unusually good Glee Club.

The first thing affluent Kappa Sigmas traveling to their winter homes in Florida will see on leaving Cowan, at the foot of the mountain, will be the forty-foot cross that is being built in memory of Sewanee's sons who answered their country's call. To such affluent travelers let this be an invitation to visit the Kappa Sigma lodge perched up on the mountain.

Omega announces with sorrow that she has no longer the honor of being the home of the D. G. M. Brother Ware, the ex-D. G. M., was forced to resign on account of the pressure of personal business.

Louis T. LeMay.

BETA-NU — University of Kentucky.

Pledged: Robert J. Hunter '24, Loy B. Duncan '26.

Left the active chapter: S. S. Pope, C. H. Hanlon.

The end of the football season found Mays with the 'varsity squad and Pledge Tate one of the shining stars of the "Kittens." Brown and Pledge Hendricks have won places on the cross-country squad. This is Brown's second year as letter man, and in the meet with Cincinnati, a few weeks ago, he showed his usual good form.

Kirk, managing editor of the *Kernel*, has recently joined a professional society. Vest and Brown have made places in the opera "Erminie."

Brother Funkhouser, our Alumnus Adviser and the head of the Department of Zoölogy at the university, has been appointed D. G. M. of District Eight.

On November 4 the chapter entertained alumni who were back for Homecoming with an informal tea-dance, given immediately after the State-Centre scrap.

R. L. Woodard, Jr.

DISTRICT IX*ALPHA-SIGMA — Ohio State University.*

Pledged: Ray Marks '24; John Davidson, J. F. Royer, O. R. Rader, L. V. Scott, '26.

Alpha-Sigma is still prominent in campus activities and is putting forth a big effort to increase her scholarship standing, which last year dropped lower than for some time previous.

We have given one big dance, which was pronounced a great success. In the campus activities, Bodfish is business manager of "The Strollers Dramatic Club," also junior intramural manager and a member of the "Boost Ohio" staff. Frank Honaker is president of the Athletic Association. Eakhardt just passed a successful season as sophomore football manager. Harry Workman is on the Student Council. Sultzbach is sophomore intramural manager. G. D. Robinson is captain of the 'varsity basketball team. Boyd and Rader made the Scarlet Mask Dramatic Club and Riggs is a member of the "Makio" staff, the university year-book. Pledge Herman is a freshman candidate for intramural manager and is a member of 'varsity A team. Pledge Davidson and Pledge Boyd are on the freshman basketball squad. Pledge Walter DeBruin is a candidate for "Boost Ohio." Pledge Gaskill is a candidate for the "Makio" staff and Pledge Snyder is out for freshman basketball manager.

Ohio State closed her 1922 football season with a 6-to-3 victory over Illinois at Urbana. It was State's first victory this season. The students, however, never failed in giving the team their loyal support. More than 3,000 fans followed the team to Illinois and were as determined to win as was the team. Without a doubt Ohio State will produce a team next year equally as strong as the championship team of 1920. Now that the football season is over, all are interested in knowing who will be captain of the 1923 team, as it lies between three men, two of them Kappa Sigs, Harry "Hoge" Workman and Frank "Hon" Honaker.

Our budget system is proving the success we predicted at the start of the year. To date not one bill is overdue from any active or pledge and this year's expenditures are being met easier than in any past year.

Recent visitors to the chapter were Brothers Runkel, of Gamma-Epsilon, and Bumer, of Gamma-Xi. Alpha-Sigma always welcomes a visit from brothers visiting in Columbus

Harold H. Bryan.

BETA-PHI—*Case School of Applied Science.*

Initiated: E. C. Scoville '25, Norfolk, Conn.

Pledged: R. T. Brandt '26.

Latest alumni address: R. B. Textor, 2593 Colchester road, Cleveland, O.

The annual pledge dance, with thirty couples, was held at the Women's Club on November 16, and our Thanksgiving banquet was held at the City Club on November 29. Christy, Richardson and Starrett are practicing with the 'varsity basketball squad and the prospects for another intramural basketball championship are bright.

A new point system has been inaugurated, which requires men to pass at least two-thirds of their junior and senior work with a certain grade in order to graduate. Grant has recently been elected to the Tech Board. Four of the brothers are out for the musical clubs.

W. O. Duffie.

GAMMA-XI—*Denison University.*

Pledged: Charles N. Greene '26.

Since we wrote last, Denison has held a successful Homecoming, defeating Wooster 10-0 and laying the cornerstone of the first building of greater Denison—Swasey Chapel. More Gamma-Xi alumni returned for this day than have been here in years. Among those present were Brothers E. J. Barney, R. R. Barrington, Black, Bumer, Camp, Ehrle, Fleming, D. R. Fitch, W. Galloway, Hastings, Hamel, Homberger, D. Ladd, W. Leslie, McCleary, Marsh, E. Rees, W. A. Reese, H. G. Spencer, W. G. Spencer, A. V. Beach and E. Wilson. Brother N. Workman, of the O. S. U. chapter, also paid us a visit.

The Denison Men's Glee Club is taking a week's trip. Dickinson, Martin, James and Helbing are on it. Gilbert, Kintz and Ubersax are taking part in the production of "Stop Thief," which Masquers is putting on December 8 and 9.

Our annual Christmas dance will be held December 20 and we want back every alumnus who can get here.

We are glad to have Brothers Fitch, Wilson and Bovington, ex-'22, now in the law school at Western Reserve.

Albert T. Helbing.

DISTRICT X

CHI—*Purdue University.*

Pledged: Carl F. Sigsby, L. A. Chandler, '26; R. W. French, L. A. Smith, '25.

Homecoming at Purdue this fall was a big success and Chi also held a successful homecoming for her alumni. The morning was spent in inspection trips to the site of the new Purdue bowl and in the ceremonies of laying the cornerstone of the new Purdue Union Building. Bleachers on the football

field were filled an hour before the game with Indiana, and the largest group of alumni that has returned in several years saw the game.

The new chapter house is practically completed and was opened by a banquet for the alumni. We are justly proud of our new home. While its late completion this fall presented poor rushing conditions, we feel that next year they will be ideal.

The basketball practice season has opened and Coach Lambert is running the 'varsity' squad through a stiff practice session each evening. Gullion is sure of his berth as regular center, and Heffner, who is out for one of the forward positions, is showing up well and should land a place on the team. The house team is also getting under way, and with the same line-up which carried us through last year with perfect average we hope again to add the basketball trophy to our collection.

The social committee is to be congratulated on the success of the pledge dance held November 17. Plans are being made for a formal dance and reception to be given in the chapter house soon after the Christmas holidays.

Charles S. Green.

ALPHA-GAMMA — University of Illinois.

Pledged: James F. Koehler, Louis Henry Wiman, John Wallace Miller, all '26.

Affiliated: Ketner E. Weikal '24, Gamma-Xi.

The Homecoming was the biggest occurrence at 212 East Daniel street this fall. Thirty-five of the brothers returned, and after witnessing the pep-piest game of the season, the Iowa game, they assembled for the big feed and talk fest. Including the homecomers, town alumni, faculty brothers and actives, eighty-five sons of Bologna gathered to eat and listen to Coach "Bob" Zuppke, Brothers "G" Huff, "Newt" Harris, "Harve" McCollum and "Burley" Needham. Tucker carried off the job as toastmaster with great success. We did not accomplish everything we hoped to accomplish, but those brothers who were here showed a devotion to Kappa Sigma which went far toward bringing the pledges and active brothers to an appreciation of our responsibility and our privilege.

Intramural athletics have opened with great promise for Alpha-Gamma. Besides winning the track meet, as reported in the last CADUCEUS, Carter took a second in the tennis singles. We did not do so well in playground ball or water basketball, but we are standing among the leaders in number of points for the participation trophy, and a successful season in basketball or baseball should win the trophy.

Illinois has not been as fortunate in football this season as in former years. She defeated only two of her conference rivals, Northwestern and Wisconsin, but every game was a fight to the finish. We had no men on the 'varsity football squad, but Pledge Paul A. Cook received his numerals for the freshman 'varsity.

We received a visit from Brother Robert C. Disereens, of Detroit, our new D. G. M., on November 4.

Brewster Stickney.

ALPHA-ZETA — University of Michigan.

Pledged: Robert F. Gillingham '26.

Latest alumni address: James G. Cumming, room 708A, City Hall, Philadelphia, Pa.

The Michigan-Wisconsin football game was the occasion for Alpha-Zeta's homecoming this year, and the chapter was pleased to see so many of the brothers return. They were rewarded by seeing Michigan defeat her rival. The game was one of the victories which put Michigan in a tie for first place in the Western Conference. It also gave the alumni a chance to view the largest building program ever carried on by this institution. Six large, new buildings are now under construction, and work on several others starts in the near future.

Steele played a whale of a game on the 'varsity this year, holding down

a guard position. He had the honor of being on one of the greatest teams that ever represented this university. Grube and Marion continued as stars of the frosh team until both were injured, and they, with Heston, will receive their numerals. "Rabbit" Arndt won his "M" as one of the brilliant performers on Michigan's cross-country team, which recently won the conference championship. Recent initiations into honorary campus societies include Uebele, Dooce and Hubbard.

The chapter extends its heartiest best wishes to "Tad" Weiman, whose marriage to Miss Margaret Vogel was solemnized on December 2. "Tad" has given up his position as football coach here at the university and has accepted a position with the Goodyear Rubber Company in California. "Tad's" presence will be missed not only by the active chapter, but by the entire university as well.

The active men are busily engaged in taking their mid-semester exams and we think the result will be favorable for the chapter.

Douglas R. Dewey.

ALPHA-PI — *Wabash College.*

Left the active chapter: Elison Fadley '25, New Castle, Ind.; James Dale '25, 88 Brookville avenue, Indianapolis, Ind.

Pledges Johnson and Stephens attained places on the staff of the college paper. Evans was recently elected to membership in the Law club, Black was elected a member of the Spanish club and Pledge Stephens to the French club. Black, Byrd, Neff and Showalter took part in the Wabash Minstrel, the proceeds of which go to the support of the college band.

We are making extensive plans for Founders' Day and are having many Alpha-Pi alumni visitors. On December 15 and 16 we are having a house party in conjunction with the Junior Prom. The prom consists of a formal dance on December 15 and an informal dance on the next day.

The interfraternity basketball season is about to open and Alpha-Pi's team is ready to walk off with another championship.

James A. Hogshire, Jr.

ALPHA-CHI — *Lake Forest University.*

Pledged: Joseph Lindenmeyer '24, Lake Forest, Ill.

Alpha-Chi is keeping pace with the growing school enthusiasm here in Lake Forest. The college as a whole is enjoying a revival of spirit as yet unequaled. On November 11 our super football eleven defeated our worst rival, Beloit College, on the latters' field, 12-3. Beloit was given the surprise of its life when our special train of four coaches and diner invaded the city. Every active man and pledge from the chapter was there. "Bud" Youngren '25 played the game of his life at guard, and "Dud" Stockwell '26, when he was put in during the last period, booted a couple of the prettiest punts imaginable. At least 300 persons represented the school, with about four-fifths of the student body included.

We are planning a campus party in the house, which looks as if it would be a real hit. It is intended for a fall party. The chapter is being well represented in campus activities, every man being out for at least one more.

Recent alumni visitors were Ewart Hall, "Bister" McKee, Coberly, Fred Kelley, "Ab" Hale, "Dick" Morrow, "Copper" Roos, "Gene" Derr and Glen Bull.

John E. Woodman.

BETA-EPSILON — *University of Wisconsin.*

Affiliated: Marquis Childs, Clinton, Iowa.

New Alumni Addresses: Guy M. Sundt, director of athletics, Ripon College; Harold Lee, Superior, Wis.; Ralph V. Scott, Hardin, Mont.; Earl W. Miller, Hopkins, Mo.; D. Charles Jacobus, Wauwatasa, Wis.

The football season closed November 25, Wisconsin playing Chicago in the feature game of the West. It was a great battle from the kick-off until the final whistle, the final score, 0-0, showing how close the game was. Kappa Sigma played an important role on both teams, Bill Zorn of Gamma-

Beta, playing fullback for Chicago, put up a brilliant game, and Beta-Epsilon was ably represented by Polaski and Irish, ends, and "Marty" Below, captain-elect of the 1923 'varsity team. Steve Polaska tore off a thirty-five-yard run, the feature of the scoreless battle. "Marty" Below played his usual fine game at tackle. His work for the season has been of such high order that he was the unanimous choice of all Western sport writers, including Walter Eckersall, for tackle on the all-Conference team. Next year "Marty" will be out to lead the Badgers toward the Big Ten Conference championship. Polaska, Irish and Below were awarded the "W" for football. All of these men, including also O'Brien, Slaughter, Risteen and Nelson, will be out next year.

Martin Below and Russell Irish were elected to the junior society. Haresfoot, the dramatic club of the university, has started preparations for the annual show. Those out from the house include A. E. Flamer, M. P. Below, Russell Irish and Gus Tuckerman. It is expected that initiation will take place in the middle of December. Homecoming, on November 11, was the occasion for the annual alumni banquet. Many of the old grads returned, and a great reunion took place.

W. G. Perry.

BETA-THETA — *University of Indiana.*

Initiated: Jack Donald Bell '24, medicine, Terre Haute, Ind.

Now that football is over, basketball is engaging all our attention. Our new coach, Leslie Mann, who plays baseball with the St. Louis Cardinals, is fast rounding the next team into shape. Robert Marxson is our only man on the team. Our first dance took place November 28 at the Chapter House. The music was furnished by the Palais Garden Orchestra, of Cincinnati.

The third annual show-down will take place December 12, 13 and 14. This is a contest between campus organizations in the giving of stunts. Beta-Theta won the cup last year, and hopes to do so again this year.

New campus honors, attained since the last letter, are: Hubert Gauker, freshman football numeral; Wilbur Cox, class club and president of the freshman law class; Richard Coons, Garrick club; Trevor Geddes, senior manager of swimming and wrestling.

Richard W. Coons.

GAMMA-BETA — *University of Chicago.*

Initiated: LeRoy Catell Morgan '25, commerce, 1587 East Seventy-third street, Chicago, Ill.

Pledged: Frederick Handschy '26, Chicago, Ill.; Edward Quayle, Wilmette, Ill.

Gamma-Beta, in adding two more honors to her already long list, is now in a strong position to lay claim to the leadership in activities among the conference chapters. At the recent class elections Krogh was elected treasurer of the seniors, and the entire slate of officers selected by him was chosen. He has also been made captain of the cross-country team and now holds a double captaincy, the first of its kind at the university, being leader of the track team.

Other honors of the chapter include the two editors-in-chief, the *Daily Maroon* and the *Phoenix*. Zorn, whom football critics have called one of the best fullbacks ever to don a Maroon uniform, three editors on the *Cap and Gown*, one associate editor on the *Maroon*, four men in "Blackfriars," the student opera organization, and one on the staff and the usual representation in class honorary societies. In addition to these Gamma-Beta has many chairmanships in campus affairs.

Of the freshmen, two are out for the *Maroon*, one for the *Phoenix*, three for track, two for basketball, one for football and four recently elected to the freshman society. Between the halves of the Wisconsin game the candidates for election to this organization staged their annual circus on Stagg field.

The series of chapter teas, held at the house after football games, was successfully completed after the Badger game. Our interfraternity dance, an annual affair, is to take place December 8.

W. L. River.

DISTRICT XI

BETA-MU — *University of Minnesota.*

Initiated: Franklyn R. Hyde '24, acad., Pierre, S. D.; Louis J. Kelly '25, acad., 1810 Ashland avenue, St. Paul, Minn.

Pledged: Carl Apitz '25, acad., 1601 Wesley avenue, St. Paul, Minn.; Paul Derringer '26, mines, 1720 Como avenue, Minneapolis, Minn.; Keith Krieger '25, engineer, 511 Ontario, S. E., Minneapolis, Minn.

Affiliated: John Herron, University of Colorado.

Left the active chapter: Leon Dahlem, Sauk Center, Minn.; Rodger D. Kempton, 312 Harvard street, S. E., Minneapolis, Minn.; E. L. Brown, 3004 Irving avenue, South, Minneapolis, Minn.

Latest alumni addresses: Earl Johnson, Benton Harbor, Mich., care of Eastland Hotel; Milton B. Sweningsen, 1702 Selby avenue, St. Paul, Minn.; Glenn C. Sawyer, 80 Howe street, New Haven, Conn.

The football season closed with Minnesota in about the middle of the "Big Ten" Conference rating. The students and alumni are more than satisfied with the work of Coach "Bill" Spaulding, one-time active of Alpha-Pi, who developed the green material into a fighting machine. A movement for a new stadium-auditorium has brought the Minnesota spirit up and the drive for funds on the campus recently was successful. This year seems to bring forth an unprecedented amount of college spirit at Minnesota, which formerly seemed to be lacking. All eyes are turned to next year's eleven, to which only one regular of this year's team will fail to return. Hugh McDonald finished the season without serious injury and played remarkably well and consistently in all games. Ted Cox, the other tackle, played well until he was injured, in the middle of the season, when he had to remain out of uniform for the rest of the year. Ted will be on deck for basketball this winter. Pledge Carl Apitz was a fixture at center on the freshman team and Pledge John Lewis an able quarterback.

In the chapter our affairs are developing nicely. We have had a formal and an informal dance at the house and our usual breakfast dance on Thanksgiving morning. Wilson and Persons are on the staff of the 1924 *Gopher*, the former being editor of the university section of the annual and the latter connected with the sales department. John Herron "Coogan" was elected to the All-University Council as a representative from the college of dentistry. Nethercott assisted the rooter king as a cheer leader at football games this fall. McCune was one of the men directly in charge of the seating arrangements and ticket sales of the Athletic Association at the games. Hawes is showing up well in basketball. Pledge Roberts is one of our swimmers and is training for the team, as is Francis Collins. Chadbourne and his several orchestras are widely known about the campus as dispensers of superfine music.

The latest reports show that all the men weathered the mid-quarters with the exception of one active and one pledge.

Interfraternity bowling is under way and in our first match we toppled the Betas decisively. The Zetas are our next victims. *S. B. Wilson.*

BETA-RHO — *University of Iowa.*

Initiated: Roger Flickinger, 230 Alta Vista avenue, Waterloo, Iowa.

Pledged: Emerson Lueke.

Once more the football season has come to a close and once more the Iowa team came through, being tied with Michigan for the conference championship. This year Beta-Rho did not have a man on the squad, due to "Ching" Duhm's injury in the early part of the season, and to the fact that Rath was ineligible. Next year, however, both these men, as well as Gordon Shaffer and several freshmen, will be out. On November 11, after the Homecoming game, the active chapter gave a banquet for the alumni. There was an open meeting and the new house was discussed. Every alumnus was given a chance to express his views on the proposition, and all were of one mind, that Beta-Rho should have a new home. To facilitate matters

an alumni committee was appointed, composed of Frank Warner, of Des Moines, chairman; S. D. Quarton of Algona, T. J. Clark of Cedar Rapids and James E. Goodwin of Des Moines. This committee will meet with two members of the active chapter to formulate definite plans for financing the building and organizing the alumni for a drive. Beta-Rho has long delayed the new house plan, though it has been uppermost in the minds of the members of the active chapter for many years back. When Beta-Rho builds it will be with the idea of surpassing anything which the Iowa campus will produce for many years to come.

K. Emanuelson.

GAMMA-LAMBDA — *Iowa State College.*

The chapter is making plans for a big banquet on Founders' Day. We have been sending monthly letters to alumni and want addresses of alumni who do not receive them. We held an informal dance on November 10 and will hold a carnival dance December 9.

The intramural basketball season has started. Snyder received his 'varsity football letter. Paxton, Whitfield, King and Meyers have been taken into campus societies. Pledge Allen has become president of the freshman interfraternity council.

W. A. Whitfield.

DISTRICT XII

ALPHA-OMEGA — *William Jewell College.*

There is little news in Jewell this fall outside of the general routine of hard study. The Professors and college, as a whole are working for a higher scholastic standing and we are doing our part. The Missouri Southern Baptist Association, which met in Kansas City this year, had a banquet of Jewell alumni. The trend of the discussion was toward making William Jewell a greater college and concentrating more on scholarship.

We gave our annual Fall party on November 10, just after our victorious game with Missouri Valley. This was said by those who attended, to have been one of the best parties yet given in the old lodge house. We are well represented on this year's football squad, with two brothers and two pledges. Jewell has not lost a game, and has tied two. We are hoping for the M. I. A. A. championship.

We are looking forward to the initiation of some of this year's pledges. The fall terms closed November 28, and we are going to initiate some mighty good men.

D. L. Jay.

BETA-GAMMA — *University of Missouri.*

Pledged: Adolph Ferdinand Larsen '24, journalism, Kansas City, Mo.; Glen Whitmore Huddleson '25, arts, Carlton, Mo.

Initiated: Robert Emmit Scannell '25, arts, St. Louis, Mo.; Clark Peter Schumacher '24, agri., St. Louis, Mo.

As the Missouri Valley football season draws to a close, Captain Bunker seems to be practically assured of a position on the mythical all-valley eleven, while Fowler, alternating between quarter and full, is making a name for himself by his unusual punting ability. When he is at fullback, Scannell takes the pilot position and has guided the team creditably. Elmer Kershaw, who was injured in the Ames game, hopes to be back for the finish.

In the social world at M. U. our big futurist party on November 17 was without a doubt the most successful and novel affair staged in Columbia. We were honored by a visit of fifteen of the brothers from Washington U., who came down to witness the Missouri-Washington game and to incidentally take in the dance.

Atteberry performed well as one of the stars in "Beau Brummel," a production put on by the Harlequin Players, a student dramatic organization. Bush has been elected secretary of the "Razzers," the student pep organization, while Fowler is a candidate for president of the sophomore class.

This year Missouri is planning an exceptional Homecoming, and Beta-Gamma hopes to welcome back more than fifty of her alumni. Preparations are being made to insure a successful Homecoming celebration.

Gordon R. Gray.

BETA-SIGMA — Washington University.

Returned: W. E. Dickie.

Affiliated: E. P. Hancock.

On November 18 Beta-Sigma sent a large representation to Columbia to see the Washington-Mizzou game. From its score we could not be expected to have had a good time, but the Beta-Gamma boys are such good hosts that the score was forgotten. Thanksgiving was homecoming, starting Wednesday night with a pep meeting. The men's and women's dormitories were thrown open. In the fraternity rooms dancing and music were the chief entertainment features.

Fred K. Harris.

BETA-CHI — Missouri School of Mines.

Initiated: Arlis Beckham Parkhurst, Mining, Tulsa, Okla.; Samuel Irvin Zook, Mining, Buffalo, Kan.

The football season ended November 25, with but one victory to our credit and one tie, but we are not discouraged, and expect to have a winning team in the field next Fall. Gabler, Zook, Parkhurst and Crutcher will receive letters. Officers elected for the second semester are Neal M. Ham, G. M.; A. B. Wilkerson, G. M. C.; W. E. Ivins, G. P.; George Gabler, G. T.; E. B. O'Brien, G. S.

Our Hallowe'en dance and an informal dance late in November were both great successes, and we anticipate the same for our Christmas dance.

E. B. O'Brien.

DISTRICT XIII

ALPHA-PSI — University of Nebraska.

Initiated: Frank Landis Brown '25, bus. admn., Kimball, Neb.; Charles L. Day '24, arts and sciences, Albion, Neb.; Edwin Hart Jenks, Jr., '25, fine arts, 132 South Thirty-fifth street, Omaha, Neb.

Pledged: Richard E. Jones '24, Sheldon Hallett '26.

"Kappa Sigma Takes First Honors in Frat Sing" was the newspaper headline after the third interfraternity sing at Nebraska. There were twenty fraternities singing harmoniously, and when all had rendered their two favorite songs it was easy to see that Alpha-Psi has some superior singing talent this year. Snider is the composer of one of the songs which helped us win, and to him much credit is due. He has chosen to call it "Memories of College." It is a song for both the fraternity and the university.

In football Nebraska has been successful and now looms up as the undisputed champion of the Missouri Valley Conference. Only once have we met defeat, when Syracuse got away with a touchdown in the last quarter and downed us 9 to 6. This defeat did not crimp Nebraska's spirit any. McGlas-son has been in practically every game and is now sure of bringing home an "N." Practically half of the chapter journeyed to Lawrence on Armistice Day to witness the Kansas-Nebraska game, the final score being 28 to 0 in favor of the Cornhuskers. All of the brothers enjoyed the hospitality extended to them by the Lawrence and Washburn chapters, and we hope to be able to repay them next fall. We had with us on November 18 and 25 a number of the brothers from Manhattan and Ames, Nebraska's first Dad's Day was held on the day of the Kansas Aggie-Nebraska game, and it proved such a big success that it will be an annual event. Most of the fraternities closed their tables at noon, and with an appropriate list of speakers the dads were entertained by the university at a luncheon. Then they were escorted to the football field, where a special section had been reserved for the students and their dads.

They were again entertained by most of the fraternities in the evening at the houses, and Kappa Sigma is proud to say that twelve real Kappa Sig dads were with us. It shows the interest they take in the university as well as in the fraternity. As one of the dad's remarked, "I'm coming down with mother in the spring if I have to put on dresses to get in."

Our fall rep party was held in the Lincoln Hotel ball room on the night of the Ames-Nebraska game. The hall was decorated in Nebraska and Iowa colors and the crescent and star shone at this party, due to the many good brothers from Ames who were with us. A lighted Kappa Sigma pin, placed directly over the orchestra, provided a unique effect.

Nebraska is now assured of her new memorial stadium, to be built at a cost of \$450,000, with a seating capacity of 40,000. The stadium will not only assure greater crowds and a better schedule, but it will also be a lasting monument to those who gave their life in the world war.

Audley N. Sullivan.

BETA-TAU — *Baker University.*

Pledged: Lynn Lebew '26, Lee Greever '26, John D. Faulkner '26, Alton Wilson '25, Lorrain Johnson '26, Vernon McCune '26, Donald Baker '26, Lorn Keve '26, Warren Smith '26, Lee Jackson '26, Glenn Long '26, Lyndon Scott '26, Philip Tapley '26, George Blake '26, and Arthur Lee '26.

At present Beta-Tau has twenty-one active members and fifteen pledges. Twenty of the twenty-one live in the chapter house, the freshmen staying at various places in Baldwin.

The active chapter entertained the pledges at a banquet on October 9. This was followed about a month later by a mixer, which was put on between the chapter and Delta Tau Delta at the Kappa Sigma Chapter house. It proved a good promoter of fellowship between the two fraternities.

Four men will receive football letters from this chapter. Smith, quarter; Schoenfeldt, quartee; Friend at center, captain of this year's squad, and Baker, at guard. We have a championship team this year, with seven victories and one defeat. Pledges Lee, Greever and Scott are representatives on the freshman squad. Bollinger, Lebew and Pledges Lebew and Scott are showing well in 'varsity basketball practice. Schoenfeldt will be back on the floor after the football season.

Baker will inaugurate her new president, Dr. Fleming, soon. A big time is expected.

Elton Lebew.

GAMMA-NU — *Washburn College.*

The football season will close November 30. Already we have six men with letters, Captain Blevins, Schrader, Saxon, Sharp, L. Bruce, and G. Bruce. If Brown gets in the last game, he also will be added to the list. Intramural basketball is now starting, and Gamma-Nu has a team practicing that does not include the men on the "varsity squad. Those out for the 'varsity are ex-Captain Erickson, Blevins, Sharp, Brown, Irwin, White, Heron and Dyal.

Shakeshaft, president of the Rooters' Club, has part responsibility for the coming football banquet, a big yearly college event. It will be held down town and after the dinner speeches and the election of the football captain for the coming year will take place. Also at that time the men chosen for captains of baseball and tennis will be announced. The finale will be a dance.

Blevins recently qualified for the Press Club, which is behind the college paper, and Schrader and Irwin are near the point of qualifying. Among the pledges Stover and Price were initiated into the Helianthus Literary Society, and Price has made the freshman debating team and the Dramatic Club.

We have a study hall for the pledges and provide a sound paddling each week if their grades are down. Close watch is kept of the grades of the actives and every effort is being made to raise our standing.

Our last party, held November 11, was a success, due principally to the work of Herron, chairman of the social committee. The room was decorated in flags of all nations and in Kappa Sigma flags. At the party, memorial services were held for Brother Fred F. Norris, killed in action during the war. Sharp spoke and all lights were turned off except a spot light. Men from all the other fraternities at Washburn were invited, and several men attended from the chapters at Kansas University and the State Agricultural College.

R. G. Akers.

GAMMA-OMICRON — *University of Kansas.*

Pledged: Henry Sperry.

Gamma-Omicron has been well represented in every activity this year. Pledge Poor was elected vice-president of the sophomore class. Dillenbeck is in a class society. Pledges Mullins and Wakefield made their numerals in freshman football. Ivy played most of the games at tackle on the 'varsity, and no doubt Schaib will be captain of the cross-country team for next year. We are now in the midst of the interfraternity track meet, and we hope that by our next report we can announce that we have won. This is the biggest cup given at Kansas for intramural athletics. Our Homecoming was a big success, except for the game. We had forty alumni back.

Bernard R. Meidinger.

GAMMA-CHI — *Kansas State College.*

In football we had no men on any teams. The Aggies finished third in the Missouri Valley Conference, suffering only one defeat.

Our society activities have included dancing, drinking pink tea, and hiking.

Ivan H. Riley.

DISTRICT XIV

XI — *University of Arkansas.*

Our delegates to the District XIV. Conclave, held last week-end at Stillwater, Oklahoma, returned with enthusiasm and praise for the hospitable way that Gamma-Psi Chapter entertained them. They brought back many new ideas, and we expect to act upon some of the things that they recommend in the conduct of the chapter.

Arkansas University's first annual Homecoming passed in great style and was a success. We celebrated that day by a victory over Southern Methodist University, doped to beat us by at least fifty points. The victory was largely due to the splendid work of Pledge Rogers, who plunged through the Methodists' line time after time for gains of five to twenty-five yards. This is his first year on the squad and we expect great things from him in the two years that he has left to play. Smith, who captains the 'varsity, played a game that is almost certain to gain him a place on the mythical all-conference eleven. The work of Williams at tackle and Haynie at quarter was also an outstanding feature of the contest. Williams, Smith and Haynie have played their last game for Arkansas.

The Glee Club try-outs are on, and Askew, Baber and Pledge Stroupe are assured of places on the club, while Pledge Duffie is making a try for it.

Degen Boyd.

GAMMA-KAPPA — *University of Oklahoma.*

Pledged: William F. Lyte '25, Wilson Hand '25.

Left the active chapter: Albert Tarver, McAlester, Okla.

The chapter was overjoyed to learn that the Missouri Valley Conference has ruled "Tarz" Marsh, twice all-valley end, again eligible for football. He was elected captain of the team, but a question as to his eligibility came up and another captain was elected. When it was found that he was to be permitted to play the two captains decided to split their captaincy, one holding it for the first half of the season and the other for the remainder.

THE CADUCEUS OF KAPPA SIGMA

Shafer, this year's letter man and 'varsity center, will be out of the game for the remainder of the season on account of injuries sustained in the Missouri-Oklahoma game.

Interfraternity basketball starts soon and the boys have already begun practice. Bunn, Crawford, Boyd, Shafer and Bristow, veterans of our last year's team, together with several of the pledges, give promise of a championship team.

There was a record attendance at the homecoming game. One feature of this event was a parade in which every class, school and college in the university was represented by an appropriate float. Oklahoma's need for a stadium was emphasized at this time in a striking manner. A platform that had been built for "standing room" collapsed, injuring several people. Oklahoma started a drive for a \$500,000 stadium last year, and this was being widely advertised to the returning alumni, so the accident happened at the psychological moment.

Among our guests during homecoming were Brothers George Short, the Attorney-General-elect of the State of Oklahoma; Ewing London, the newly-elected sheriff of Carter County, and A. N. Boatman, D. G. M. of this district.

Charles A. Milner.

GAMMA-PSI — *Oklahoma A. and M. College.*

Initiated: James Albert Green '25, commerce, Chandler, Okla.

Pledged: Dwayne Pemberton '25.

Left the active chapter: William E. Calmes, Clinton, Okla.; Darrel Woodyard, Enid, Okla.

The interest of the chapter for the past month has been centered on the district conclave that ended last night with a banquet that will long be remembered by Kappa Sigmas in Oklahoma and Arkansas. Complete reports of the conclave will be found in another place in the CADUCEUS.

Our football team has been a success this year, despite the fact that we have lost several games. We are represented on the team this year by Wilson, Walker and Wahl. Grimsley is on the squad.

DISTRICT XV

IOTA — *Southwestern University.*

Initiated: A. H. Berry, jr., Mexia, Texas.

Due to a faculty ruling, we are unable to pledge until after Christmas, but we have the best freshmen lined up. Our football team has not come up to expectations this year, as it was generally thought that we had as good a team as Southwestern has ever had. We have lost three games by the margin of one touchdown. Reynolds and Hawkins have been playing the tackle positions creditably on the first-string squad, and are sure to be mentioned for all-T. I. A. A. tackle honors.

We will entertain our rushees in December with a banquet at a downtown hotel, and from there take them to a sorority open house.

Henry Hurr, Jr.

TAU — *University of Texas.*

NO LETTER RECEIVED.

DISTRICT XVI

BETA-OMICRON — *University of Denver.*

Everything is going smoothly in the chapter, with all the men doing their work well. A great deal of interest has been taken in our formal on December 15. It gives promise of being our best yet.

We are going out for the interfraternity basketball title, and have a squad which should trim them all.

Jay L. Rohrbacher.

BETA-OMEGA — *Colorado College.*

Returned: Frank Awes.

Initiated: Melvin Dixon '25, Sands Spring, Okla.

Beta-Omega so far this year has had one of its most successful seasons. Our chapter is not large, but it is bound together by strong bands of brotherhood. We have our share of athletics, though there are none on the 'varsity. We have a few representatives in practically all of the campus activities, including the "C" Club, Dramatic Club, debating, Glee Club, Student Commission, and other student organizations. Hanes and Padget have been pledged to a campus society.

On November 26 a banquet in honor of our fathers was given by the chapter. It was a success from start to finish. All the fathers able to attend enjoyed it immensely. On Thanksgiving morning we gave our annual breakfast dance, an event known throughout the state and attended by a good many outside brothers. The affair is unique among campus functions.

Dan Cupid has again pierced our ranks with his arrows. Wilbur Hanes, Bill Young and Pledge Logan Regal are numbered among the casualties. Several others are on the sick list.

Francis W. Thomas.

GAMMA-GAMMA — *Colorado School of Mines.*

Returned: Cecil B. Barlow, Eau Claire, Mich.

Colorado Mines celebrated her first football victory of the season by defeating Wyoming on October 12. In quick order Utah Aggie and Brigham Young University were defeated. On Armistice Day the Miners held the University of Denver to a tie in a raging blizzard and on a field of mud and slush. Ron Crawford, Stevens and Gross were three of the stars in the game. In the freshman class election Bliss was elected vice-president, Coldren secretary and Hull treasurer. The freshman ball will be held December 15. Bert-sche is on the committee. Cecil Barlow, Grant, Skinner and Swift are joining engineering societies.

The enrollment this year is about 500. The attendance of the Miners at the football games is always 100 per cent. The Mines spirit seems better this year than ever. Gamma-Gamma is going strong, with the determination to raise her scholarship. Study hours and house rules are strictly observed.

Born to Mr. and Mrs. John Denny, a baby girl on October 11. John has now assumed the responsibilities of a daddy. We feel sure that under papa's careful instructions "she" will make a good Miner.

Joe McGonigal, who killed Wilbur N. Ferguson, Mines football star, has been sentenced to hang in the week of February 18.

G. R. Miller.

GAMMA-TAU — *University of Colorado.*

Pledged: Haller Moyer, Arthur Hellems.

The football season ended with Alexander playing strong. Alex. was the only man to play in every conference game and received honorable mention on the all-Conference team. We have had a good schedule of entertaining faculty members two nights every week. Gamma-Tau will unite with the Denver alumni to celebrate Founders' Day in Denver.

Exams are coming next week and Kappa Sigma scholarship looks good.

The chapter sent flowers, a letter of condolence and representation to the funeral of Dean Hellem's wife.

Our basketball team has been eliminated from the interfraternity series. Weing is on the 'varsity squad and several men are getting in shape for track. The chapter is planning a big dance soon after the New Year's vacation.

Bonney A. Nevels.

DELTA-GAMMA — *University of Wyoming.*

Initiated: Gwynne Schoonmaker '25, Cambria, Wyo.; Millard Coffey '25, Newcastle, Wyo.; Paul King '25, Idaho Springs, Colo.

Pledged: Francis Emory '26.

Wyoming's football record this year has been as one-sided as a family argument. As yet she has failed to make a score, while opponents' scores

have ranged from 6 to 77. The freshman team, however, has been doing some good work, having lost but two games during the season. Pledges Kerper, Powell, Greth and Emory are conspicuous in the freshman line-up. The basketball season will soon open. Johnson, letter man from last year, will be out for the 'varsity squad. Our prospects in intramural basketball are good.

On November 4 Delta-Gamma held its annual pledge dance at Moose Hall. Harmonious decoration and novel favors helped in making it an unusually successful function. As a result of the recent elections Delta-Gamma now numbers a Governors' son among her members. W. B. Ross of Cheyenne, father of George Ross, having been elected to that office. On November 19 the Democratic contingent in the chapter provided an elaborate dinner in honor of Governor-elect and Mrs. Ross. Other guests included Dr. and Mrs. Cecil Elder, the doctor being our esteemed A. A. Our chef outdid himself in the five-course dinner.

Featherstone has been chosen for membership in Phi Kappa Phi and in a literary club. In the try-outs for intercollegiate debates Featherstone and Ross gained places on the teams. On November 24 the Brothers entertained at an informal dance at the house. So successful was the affair that it has been decided to have one every month.

Neighboring brothers are invited to drop in for the week-end.

Norman A. Miller.

DISTRICT XVII

BETA-ZETA — *Leland Stanford University.*

Pledged: Malcolm Lamb, James Cake, Cleo Davis, Alna Newland, Allan Rispin, Reynolds Buzard, Russel Hamside, all '25; Michael Dunne '24, Leroy Middleton '21.

Affiliated: Clarence Eskew '23, Fred Bresce '20.

Left the active chapter: W. B. Bishop '21, A. C. Beattie '22.

We have been well represented in football. Harry Skiprey is a regular 'varsity tackle and has been playing good, consistent football all season. Middleton and Hartranft are first-rate ends, although Hartranft has been out of the game due to injuries. Farish and Barnes have both been making strong bids for berths on the team. Coxey and Symonds played for the "Goofs" and demonstrated real ability. Among the pledges Davis and Rispin both made the frosh team, Davis as regular guard and Rispin as second quarterback. Newland is regular goal keeper on the frosh soccer team, while all the others of the class have been keeping themselves busy in other ways. Interclass football ended last week with the seniors victors. Kelley and Eskew both played on the team and Kelley made quite a name for himself.

Among the other members Deffebach is high-point man on the soccer team, while Belcher is on the water polo team.

The house dance held on November 18 was an immense success and everyone had a good time. Our scholarship for this year is improving, and without doubt we will have a good average this year. *S. Belcher.*

BETA-XI — *University of California.*

Pledged: William Shoemaker '27.

The approaching final examinations finish a successful season for the Blue and Gold, especially on the gridiron, and a memorable one for Beta-Xi. With the decisive defeat of the Stanford Cardinals on November 25, California's famous eleven disbanded. Bob Berkey, Bruin end, was placed on the all-Pacific Coast team because of his stellar playing.

At last Beta-Xi has realized her dream. We are now located in our new house on Piedmont avenue. It is ideally situated and one of the best equipped fraternity houses on the Pacific Coast. A reception and formal dance, followed a week later by an alumni banquet, constituted the housewarming program.

Leslie S. Collier.

GAMMA-RHO — *University of Arizona.*

Of the five college games that Arizona has played in football this season she has won from St. Mary's, New Mexico University and the New Mexico Agricultural College. She has lost to the University of Southern California and to Santa Clara. Gamma-Rho has three men on the 'varsity eleven, La Shelle at left tackle, Pledge Jacobson at right end and Pledge Pfersdorf at left half. Gamma-Rho had a successful Homecoming Day on November 11. The Arizona team defeated the St. Mary's team on our home field by 20-3. Among those who came back to see the game were E. M. Noon '23, A. Benedict '17, P. Rockefeller '21, F. L. Duffy '19, R. G. Baker '18, E. H. Lynch '19, F. C. Weigel '19, R. B. Wilson '23, A. E. Ryan '19, R. E. Ryan '23 and H. Brisley '20, all of Gamma-Rho; also we had Harrison, of Gamma-Epsilon, and Taylor, of Pi Chapter, with us. Dinner was served at the chapter house, after which every one went to the university homecoming dance.

Gamma-Rho is well represented in student-body activities. Melick is the auditor of the student-body organization. Shiflet is a member of the student-body council and treasurer of the senior class. Keddie and Moore are members of the house of representatives. On the student paper, *The Wildcat*, we are represented by Heap and Young. On the year-book, "The Desert," we have Heap as assistant editor. He automatically becomes editor of next year's "Desert." In dramatics there are Heap and Shiflet, both members of the dramatic society. We have Melick and Keddie in the university Glee Club. Cusick is acting as assistant coach in football and is a member of the Student Athletic Board.

Keddie is just recovering from an operation for appendicitis. He has been out of college for nearly a month, but will be able to attend classes again in a few days, for he is recovering rapidly.

The chapter is at present making arrangements for a house dance to be given December 15. Noon, who handled our last house dance so successfully, is again in charge. We are expecting many of our alumni to be present. Brother H. R. Aylesworth has just sent us an announcement of the birth of a girl, Miss Shirley-Ann Aylesworth. C. B. Shiflet.

DISTRICT XVIII

BETA-PSI — *University of Washington.*

Pledged: Milo Manca.

Affiliated: Varrel Wayland, Gamma-Theta.

One of the main things that we are working for this quarter is to hit a high scholastic mark again. Last year we ranked above the all-men and all-fraternity averages and are aiming this year to get higher yet in the list. Strict scholastic rules have been enforced and we are expecting good results.

The University of Washington has had a successful year in football, having won every but the one with the California "wonder eleven." We enjoyed a visit from twenty-three men from the chapter at the Oregon Agricultural College at the time of the Washington-O. A. C. game and are looking for several of the boys from the chapter at the University of Oregon when that university plays Washington. Beta-Psi Chapter has had Wilson and McCreary playing on the 'varsity, and they have showed up well. Pledge George Wilson has been the mainstay on the frosh 'varsity all season and shows promise of being the best halfback in the conference next year.

Washington's annual Homecoming was held on November 10 and 11. We had an enjoyable dance in the house the night of the 10th, and under the able direction of Jack MacGowan had an alumni smoker on the night of the 11th, which filled the house with alumni. Brother Berkey, the fast California end, visited the chapter when that team played here.

Derrald V. Caldwell.

GAMMA-ALPHA — *University of Oregon.*

Left the active chapter: Harold Holdman '24, Dave Swanson '25.

Homecoming was the big celebration of the month at the university, the only regret being that we could not meet the Oregon Aggie eleven at this time. Gamma-Alpha had thirty of her alumni back as guests. They all seemed to enjoy themselves talking over old times.

The interfraternity council, of which Sundeleaf is vice-president, is trying to establish a set of rushing rules that will prove satisfactory. Under the rules by which we have rushed in the past there has been friction and complaint from most of the organizations. Up to date the council has not been able to decide on any suggestions made.

Our chapter entertained at an informal dance in the house on November 25. It was almost formal as far as decorations were concerned. Greens and chrysanthemums were used in abundance. The party was a success. We are giving our formal on February 24. The chapter has decided to extend the dining room so that it will be possible for us to be seated around an oval table. At present we are rather crowded, with three large tables. The alteration will cost about \$350.

After losing two games our intramural basketball team staged a comeback, and we are now in the finals. It is imperative that we win. A defeat will mean that two large cups will be knocked off the mantle. Varsity football looks good at present. Kappa Sigma is well represented with Captain Tiny Shields and Floyd Shields on the team and Terjeson, Kirtley, Burton and Pledge Gene Shields on the squad.

Herbert Lawson.

GAMMA-THETA — *University of Idaho.*

The University of Idaho football team has returned from a thirteen-day trip to Boise, where it defeated the University of Utah by 16-0, and to California, where it lost to U. S. C., 14-0. "Babe" Brown, "Jim" Neal, "Skippy" Stivers, John Vesser, Vernon Patch and Walter Reamer made the trip to Boise, and the first four continued on south, where each was reported as playing a great game. We are sorry that this year marks the close of Neal's and Brown's football career.

The U. of I. Pep Band has made quite a name for itself throughout the state as a bunch of clever musicians, entertainers and boosters for the university. It paid its own way on its trip by playing dances in Twin Falls, Nampa and Boise. Gamma-Theta still continues to furnish more than half of the men in the band.

Our annual house party, December 2, is the biggest event of the year, with the probable exception of the initiation dance. On December 10 Gamma-Theta will entertain Gamma-Mu Chapter of W. S. C. at a "smoker" in honor of Founders' Day. This is always looked forward to with the greatest of interest.

Basketball has been started in earnest, and with the return of "Pete" Wyman, a former letter man, together with four other men, Gamma-Theta expects to be well represented on the team. Those going out for the 'varsity are Wyman, Tolman, F. Marineau, Stivers and Remer.

F. C. Shineberger.

GAMMA-MU — *Washington State College.*

Returned: Homer Johnson, W. O. Douglass.

Basketball is beginning to gain attention again. Three freshmen from the house are out for the first-year team, and Roose and Friel are practicing with the 'varsity. Davis, Burks and Shannon have earned their "W" in football this season, and Whitacre and Cartwright are on the wrestling squad.

Lindsay has been elected to Phi Kappa Phi and Muzzall to a campus club. Hopkins is vice-president of the junior class and Patton has been appointed to help edit the *Chinook*.

Our first fraternity dance of the year was held November 4 and the affair was a huge success.

J. Neal McInnis.

GAMMA-SIGMA — *Oregon Agricultural College.*

Initiated: Irvine S. Terrell, commerce, Medford, Ore.; Ray A. Slavens, commerce, Hood River, Ore.; Harold D. Foster, Sumner, Wyo., all '25.

Pledged: James Mielke, forestry '25; Frank Bryan, agricultural '26.

Hard luck was with us all through the football season and the team landed on the bottom of the pile. However, Coach Rutherford and the players fought hard each game, and though they emerged on the short end of the score, their opponents knew they had been through a battle.

Our homecoming was successful. The call was responded to by many of the old grads. Among the old men who returned were Beans Bates, Anier Mathews, Ken Hall, Hay Dodge, Stebbinger, Harold Foster, Rice, Roy Camp, Gus Denman, Fred Deckebach, Os Walker and Dick Slater.

Basketball is now in full swing. Captain Ross, Dake, Irvine and Williams are Gamma-Sigma's representatives on the 'varsity squad and all are playing bang-up ball.

Marion Monroe.

DIRECTORY

SUPREME EXECUTIVE COMMITTEE

J. Sterry Lamson, W. G. M., American Nat'l Bank bldg., San Francisco, Cal.
 Verne Hedge, W. G. P., 414 First National Bank bldg., Lincoln, Neb.

A GENUINE HIT!

“Kappa Sigma’s Sweetheart”

HAS BEEN ACCLAIMED

A GREAT

PHONOGRAPH RECORD

BY UNANIMOUS VERDICT

The record of Thomas F. Shea’s wonderful Kappa Sig favorite by THE TAYLOR TRIO, Violin, ‘Cello, and Piano, is the subject of favorable comment wherever the record has been heard. This internationally famous artist group plays the number with all the fervor of yore—completely carrying you back to your college days.

DANCE FAVORS

For the annual fraternity dances and parties—there is no more important part of the arrangements than the selection of the favor. It is the part of the dance that lingers longest in the memory of the guest because it is worn, always before the eye.

The problem of finding something original, attractive and endearing for a dance memento is a most difficult one. We offer our full coöperation in helping you to make a choice.

We can aid you through our 1923 Blue Book—which may be secured by addressing a post card to our main office or to any branch or by asking our representative when he calls—and we can also aid you in a more personal way by letter. Write us your desires and we will be glad to offer suggestions which should result in your having “the best favors of any fraternity on the campus.”

We offer for your particular consideration—adjustable rings, Peter Pan sets, silver novelties and dance programs that are especially appropriate for the annual fraternity dances.

The favor rings, adjustable in size, are really the most novel articles we could suggest. Any ring we make may

be put up in this way. There are more than 200 different styles of rings illustrated in the Blue Book, from which you may select.

Other particularly appropriate favors are fountain pens and pencils, either with clip or in black silk cord, lockets, vanities, combination dance order with vanity or other silver novelty, miniature mirror, miniature mirror with powder puff, silver perfume bottle, silver-plated bridge score pad and many others as original and delightful as these.

Any of the articles illustrated in the Blue Book will be mounted with the insignia of your fraternity.

Your purchases are anticipated by our preparation to render prompt and efficient service.

Our stationery department is equipped with the standard embossing dies of all Kappa Sigma insignia, the coat of arms, the monogram initials and the name spelled out in various types. We solicit correspondence with this department.

To all Kappa Sigmas we extend our best wishes for a happy holiday season and a prosperous New Year.

Throughout 1923, we hope to serve you in the same prompt and careful way that we have attended to the wants of Kappa Sigmas during the past year.
